FOR FURTHER INFORMATION CONTACT: Jake Jenzen, EPA Region 9, Drinking Water Section; via telephone at (415) 927-3570 or via email address at Jenzen.Jacob@epa.gov.

SUPPLEMENTARY INFORMATION:

Background. EPA approved Guam's initial application for primary enforcement authority ("primacy") of drinking water systems on August 10, 1978 (43 FR 35534). Since initial primacy approval, EPA has approved various revisions to Guam's primacy program. For the revision covered by this action, EPA promulgated the RTCR at 40 CFR subpart Y on February 26, 2014 (79 FR 10665). The RTCR revises the 1989 Total Coliform Rule and is intended to improve public health protection through the reduction of potential pathways of entry for fecal contamination into the distribution system. EPA has determined that Guam has adopted into law, RTCR requirements that are comparable to and no less stringent than the federal requirements. EPA has also determined that Guam's program revision request meets all of the regulatory requirements for approval, as set forth in 40 CFR 142.12, including a side-by-side comparison of the Federal requirements demonstrating the corresponding Guam authorities, additional materials to support special primacy requirements of 40 CFR 142.16, a review of the requirements contained in 40 CFR 142.10 necessary for Guam to attain and retain primary enforcement responsibility, and a statement by the Guam Attorney General certifying that Guam's laws and regulations to carry out the program revision were duly adopted and are enforceable. The Attorney General's statement also affirms that there are no environmental audit privilege and immunity laws that would impact Guam's ability to implement or enforce Guam's laws and regulations pertaining to the program revision. Therefore, EPA approves this revision of Guam's approved primacy program. The Technical Support Document, which provides EPA's analysis of Guam's program revision request, is available by submitting a request to the following email address: R9dw-program@epa.gov. Please note "Technical Support Document" in the subject line of the email.

Public Process. Any interested person may request a public hearing on this

determination. A request for a public hearing must be received or postmarked before September 29, 2023 and addressed to the Regional Administrator of EPA Region 9, via the following email address: R9dw-program@epa.gov, or by contacting the EPA Region 9 contact person listed above in this notice by telephone if you do not have access to email. Please note "Guam Program Revision Determination" in the subject line of the email. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. If a timely request for a public hearing is made, then EPA Region 9 may hold a public hearing. Any request for a public hearing shall include the following information: 1. The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; 2. A brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing; and 3. The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

If EPA Region 9 does not receive a timely request for a hearing or a request for a hearing was denied by the Regional Administrator for being frivolous or insubstantial, and the Regional Administrator does not elect to hold a hearing on their own motion, EPA's approval shall become final and effective on September 29, 2023, and no further public notice will be issued.

Authority: Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300g-2 (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: August 8, 2023.

Martha Guzman Aceves,

Regional Administrator, EPA Region 9.

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for XTO Energy Inc., Wildcat Compressor Station, Lea County, New Mexico

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final Order on Petition for objection to Clean Air Act title V operating permit.

SUMMARY: The Environmental Protection Agency (EPA) Administrator signed an Order dated August 7, 2023, granting in part and denying in part a Petition from the WildEarth Guardians dated March 1, 2023. The Petition requested that the EPA object to the Clean Air Act (CAA) title V operating permit issued by the New Mexico Environment Department (NMED) to XTO Energy Inc., Wildcat Compressor Station, located in Lea County, New Mexico.

ADDRESSES: The EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, the Petition, and other supporting information. Please call or email the contact listed below if you need alternative access to the final Order and Petition, which are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

FOR FURTHER INFORMATION CONTACT: Elizabeth Layton, EPA Region 6 Office, Air Permits Section, (214) 665-2165, layton.elizabeth@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords the EPA a 45-day period to review and object to, as appropriate, operating permits proposed by state permitting authorities under title V of the CAA. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of the EPA's 45-day review period if the EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or unless the grounds for the issue arose after this period.

The Petitioner claims that the Proposed Permit fails to ensure the facility operates in compliance with the New Mexico State Implementation Plan (SIP) by lacking a reasoned explanation, basis, or analysis demonstrating how the Proposed Permit will ensure the facility's operation will not cause or contribute to an exceedance in the National Ambient Air Quality Standard (NAAQS) for ozone, fails to include emission limitations and standards necessary to assure compliance with applicable requirements, and fails to include sufficient periodic monitoring

and is unenforceable as a practical matter.

On August 7, 2023, the EPA Administrator issued an Order granting in part and denying in part the Petition. The Order explains the basis for the EPA's decision.

Sections 307(b) and 505(b)(2) of the CAA provide that a petitioner may request judicial review of those portions of an order that deny issues in a petition. Any petition for review shall file in the United States Court of Appeals for the appropriate circuit no later than October 30, 2023.

Dated: August 24, 2023.

David Garcia,

Director, Air and Radiation Division, Region 6.

Great Lakes Advisory Board Notice for Virtual Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public meeting for Great Lakes Advisory Board.

SUMMARY: Pursuant to the Federal Advisory Committee Act (FACA), the Environmental Protection Agency (EPA) provides notice of a public meeting for the Great Lakes Advisory Board (GLAB). Pre-registration is required.

DATES: This virtual public meeting will be held on September 18, 2023, from 12 p.m. to 3 p.m. Central Daylight Time. Members of the public seeking to view the meeting must register by 2 p.m. Central Daylight Time on September 15, 2023. Members of the public seeking to make comments relevant to issues discussed at the virtual meeting must register and indicate a request to make oral and/or written public comments in advance of the meeting. For information on how to register, please see How do I participate in the remote public meeting below.

FOR FURTHER INFORMATION CONTACT: Todd Nettesheim, Acting Designated Federal Officer (DFO), at Nettesheim.Todd@epa.gov or 312-353-9153.

SUPPLEMENTARY INFORMATION:

I. General Information

The GLAB is chartered in accordance with the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C. appendix 2, as amended) and 41 CFR 102-3.50(d).

The Advisory Board provides advice and recommendations on matters related to the Great Lakes Restoration Initiative. The Advisory Board also advises on domestic matters related to implementation of the Great Lakes Water Quality Agreement between the U.S. and Canada. The major objectives are to provide advice and recommendations on: Great Lakes protection and restoration activities; long-term goals, objectives, and priorities for Great Lakes protection and restoration; and other issues identified by the Great Lakes Interagency Task Force/Regional Working Group.

II. How do I participate in the remote public meeting?

A. Remote Meeting

This meeting will be conducted as a virtual meeting on September 18, 2023, from 12 p.m. to 3 p.m. Central Daylight Time. You must register by 2 p.m. Central Daylight Time on September 15, 2023, to receive information on how to participate. You may also submit written or oral comments for the committee by following the processes outlined below.

B. Registration

Individual registration is required for participation in this meeting. Information on registration for this meeting can be found at <https://event.capconcorp.com/form/view.php?id=179577>. When registering, please provide your name, email, organization, city, and state. Please also indicate whether you would like to provide oral and/or written comments during the meeting at the time of registration.

C. Procedures for Providing Public Comments

Oral Statements: In general, oral comments at this virtual conference will be limited to the Public Comments portions of the meeting agenda. Members of the public may provide oral comments limited to up to three minutes per individual or group and may submit further information as written comments. Persons interested in providing oral statements should register at <https://event.capconcorp.com/form/view.php?id=179577> for the meeting and indicate your interest to provide public comments. Oral commenters will be provided an opportunity to speak in the order in which their request was received by the DFO and to the extent permitted by the number of comments and the scheduled length of the meeting. Persons not able to provide

oral comments during the meeting will be given an opportunity to provide written comments after the meeting.

Written Statements: Persons interested in providing written statements pertaining to this committee meeting may do so by indicating at <https://event.capconcorp.com/form/view.php?id=179577>. Written comments will be accepted before and after the public meeting for consideration by the Great Lakes Advisory Board members.

D. Availability of Meeting Materials

The meeting agenda and other materials for the virtual conference will be posted on the GLAB website at www.glab.us.

E. Accessibility

Persons with disabilities who wish to request reasonable accommodations to participate in this event may contact the Acting DFO at Nettesheim.todd@epa.gov or 312-353-9153 by 2 p.m. Central Daylight Time on September 11, 2023. All final meeting materials will be posted to the GLAB website in an accessible format following the meeting, as well as a written summary of this meeting.

Debra Shore,

Regional Administrator, & Great Lakes National Program Manager, U.S. EPA Region 5.

Cancellation Order for Certain Pesticide Registrations and Amendments To Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations and amendments to terminate uses, voluntarily requested by the registrants, and accepted by the Agency, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a March 10, 2023, **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II, to voluntarily cancel and amend to terminate uses of certain product registrations. In the March 10, 2023, notice, EPA indicated that it would issue an order implementing the cancellations and amendments to terminate uses, unless the Agency
