DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Radiation Sampling and Exposure Records

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Bureau of Labor Statistics (BLS)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before October 2, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Michael Howell by telephone at 202-693-6782, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: MSHA is required to issue regulations requiring operators to maintain accurate records

of employee exposures to potentially toxic materials or harmful physical agents which are required to be monitored or measured under any applicable mandatory health or safety standard promulgated under this Act. Airborne radon and radon daughters exist in every uranium mine and in several other underground mining commodities. Radon is radioactive gas. It diffuses into the underground mine atmosphere through the rock and the ground water. Radon decays in a series of steps into other radioactive elements, which are solids, called radon daughters. Radon and radon daughters are invisible and odorless. Decay of radon and its daughters results in emissions of alpha energy. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 21, 2023 (88 FRN 17020).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

MILLENNIUM CHALLENGE CORPORATION

[MCC FR 23–04]

Millennium Challenge Corporation Candidate Country Report for Fiscal Year 2024

AGENCY: Millennium Challenge Corporation.

ACTION: Notice.

SUMMARY: The Millennium Challenge Act of 2003, as amended, requires the Millennium Challenge Corporation to publish a report that identifies countries that are “candidate countries” for Millennium Challenge Account assistance during Fiscal Year 2024. The report is set forth in full below.

(Authority: 22 U.S.C. 7707(a))

Dated: August 28, 2023.

Gina Porto Spiro,

Acting Vice President, General Counsel, and Corporate Secretary.

Millennium Challenge Corporation Candidate Country Report for Fiscal Year 2024

Summary

This report to Congress is provided in accordance with section 608(a) of the Millennium Challenge Act of 2003, as amended, 22 U.S.C. 7701, 7707(a) (the Act).

The Act authorizes the provision of assistance for global development through the Millennium Challenge Corporation (MCC) for countries that enter into a Millennium Challenge Compact with the United States to support policies and programs that advance the progress of such countries to achieve lasting economic growth and poverty reduction. The Act requires MCC to take a number of steps in

selecting countries with which MCC will seek to enter into a compact, including determining the countries that will be eligible countries for fiscal year (FY) 2024 based on (a) a country’s demonstrated commitment to (i) just and democratic governance, (ii) economic freedom, and (iii) investments in its people; (b) the opportunity to reduce poverty and generate economic growth in the country; and (c) the availability of funds to MCC. These steps include the submission to the congressional committees specified in the Act and publication in the **Federal Register** of reports on the following:

- The countries that are “candidate countries” for FY 2024 based on their per capita income levels and their eligibility to receive assistance under U.S. law and countries that would be candidate countries but for specified legal prohibitions on assistance (section 608(a) of the Act);

- The criteria and methodology that the MCC Board of Directors (the Board) will use to measure and evaluate the relative policy performance of the “candidate countries” consistent with the requirements of subsections (a) and (b) of section 607 of the Act in order to determine “eligible countries” from among the “candidate countries” (section 608(b) of the Act); and

- The list of countries determined by the Board to be “eligible countries” for FY 2024, identification of such countries with which the Board will seek to enter into compacts, and a justification for such eligibility determination and selection for compact negotiation (section 608(d) of the Act).

This report is the first of three required reports listed above.

Candidate Countries for FY 2024

The Act requires the identification of all countries that are candidate countries for purposes of eligibility for MCC compact assistance for FY 2024 and the identification of all countries that would be candidate countries for purposes of eligibility for MCC compact assistance but for specified legal prohibitions on assistance. Under sections 606(a) and (b) of the Act, candidate countries must qualify as low income or lower middle income countries as defined in the Act.

Specifically, a country will be a candidate country in the low income category for FY 2024 if it

- has a per capita income that is not greater than the World Bank’s lower middle income country threshold for such fiscal year (\$4,465 gross national income per capita for FY 2023);

- is among the 75 countries identified by the World Bank as having the lowest per capita income; and

- is not ineligible to receive United States economic assistance under part I of the Foreign Assistance Act of 1961, as amended (the Foreign Assistance Act), by reason of the application of the Foreign Assistance Act or any other provision of law.

A country will be a candidate country in the lower middle income category for FY 2024 if it

- has a per capita income that is not greater than the World Bank’s lower middle income country threshold for such fiscal year (\$4,465 gross national income per capita for FY 2024);

- is not among the 75 countries identified by the World Bank as having the lowest per capita income; and

- is not ineligible to receive United States economic assistance under part I of the Foreign Assistance Act by reason of the application of the Foreign Assistance Act or any other provision of law.

Under section 606(c) of the Act as applied for FY 2024, a country with per capita income changes from FY 2023 to FY 2024 such that the country would be reclassified from the low income category to the lower middle income category or vice versa will retain its income status in its former category for FY 2024 and two subsequent fiscal years (FY 2025 and FY 2026). A country that has transitioned to the upper middle income category does not qualify as a candidate country.

Pursuant to section 606(d) of the Act, the Board identified the following countries as candidate countries under the Act for FY 2024. In so doing, the Board referred to the prohibitions on assistance to countries for FY 2023 under the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2023 (FY 2023 SFOAA) contained in Division K of the Consolidated Appropriations Act, 2023 (Pub. L. 117–103).
