

requirement and upgrade restriction for all *Illex* limited access permits. This action is intended to control future increases in capacity. There are also alternatives to require a non-binding processing-type intent declaration (fresh, frozen, refrigerated sea water, etc.) when renewing limited access squid permits. The Council is planning on taking final action at its October 2023 Council meeting, so the Committee will develop recommendations on preferred alternatives.

### Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to Shelley Spedden, (302) 526-5251, at least 5 days prior to the meeting date.

### SUPPLEMENTARY INFORMATION:

#### I. Abstract

This request is for extension of a currently approved information collection. National Oceanic and Atmospheric Administration (NOAA) Fisheries, Pacific Islands Region, and the NOAA Office of Law Enforcement (OLE), Pacific Islands Division, collect vessel tracking information through a Vessel Monitoring System (VMS). The authority for this collection is specified at 50 CFR 665.19.

As part of fishery ecosystem plans developed under the authority of the Magnuson-Stevens Fishery Conservation and Management Act, owners of commercial fishing vessels in the Hawaii pelagic longline fishery, American Samoa pelagic longline fishery (only vessels longer than 50 feet), Northwestern Hawaiian Islands lobster fishery (currently inactive), and
