

fair-value investigation.²² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Magnesium Metal From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty (AD) order on magnesium metal from the People's Republic of China (China) for the period of review (POR) April 1, 2022, through March 31, 2023.

DATES: Applicable September 7, 2023.

FOR FURTHER INFORMATION CONTACT: John Conniff, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1009.

SUPPLEMENTARY INFORMATION:

Background

On April 4, 2023, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the AD order on magnesium metal from China.¹ On April 25, 2023, US Magnesium LLC (the petitioner) submitted a timely request that Commerce conduct an administrative review.²

On June 12, 2023, Commerce published in the **Federal Register** a notice of initiation of administrative review with respect to imports of magnesium metal exported and/or

produced by Tianjin Magnesium International Co., Ltd. and Tianjin Magnesium Metal Co., Ltd, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(1)(i).³ On July 18, 2023, we placed on the record U.S. Customs and Border Protection (CBP) data for entries of magnesium metal from China during the POR, showing no reviewable POR entries and invited interested parties to comment.⁴ No interested party submitted comments to Commerce.

Additionally, on August 10, 2023, Commerce notified all interested parties of its intent to rescind the instant review in whole because there were no reviewable, suspended entries of subject merchandise by any of the companies subject to this review during the POR and invited interested parties to comment.⁵ No interested party submitted comments to Commerce.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an AD order when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁶ Normally, upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rate calculated for the review period.⁷ Therefore, for an administrative review to be conducted, there must be at least one reviewable, suspended entry that Commerce can instruct CBP to liquidate at the AD assessment rate calculated for the review period.⁸ As noted above, there were no entries of subject merchandise for any of the companies subject to this review during the POR. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(3).

Rate for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies that were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely on the basis of facts available.

In this review, the following seven companies were not selected for individual examination: GE Indonesia; GE Renewable Energy; General Electric Indonesia; Korindo Wind; Nordex SE; PT. Siemens Gamesa Renewable Energy; and Siemens Gamesa Renewable Energy. Because we have preliminarily calculated a weighted-average dumping margin for a single respondent, Kenertec, which is not zero, *de minimis*, or determined entirely based on facts available, in accordance with section
