

revisions to the goals and objectives. The Council also will discuss how revisions to the groundfish ABC control rules may relate to the Risk Policy Working Group's directive. Next, members of the public will have the opportunity to speak during an open comment period on issues that relate to Council business but are not included on the published agenda for this meeting. The Council asks the public to limit remarks to 3–5 minutes. These comments will be received both in person and through the webinar. A guide for how to publicly comment through the webinar is available on the Council website at https://s3.amazonaws.com/nefmc.org/NEFMC-meeting-remote-participation_generic.pdf.

As the last order of business for the day, the Council will receive a brief overview of NOAA's Draft Technical Guidance for National Standard 1 Reference Points and Status Determinations. This will include SSC input and an opportunity for Council comments.

Thursday, September 28, 2023

The Council will lead off the fourth day of its meeting with the Atlantic Herring Committee report. The Council will receive a progress report on work to revisit the vacated Inshore Midwater Trawl Restricted Area that was part of Amendment 8 to the Atlantic Herring FMP. The Council potentially may initiate a framework adjustment to develop alternatives to minimize user conflicts for Atlantic herring. GARFO's Protected Resources Division then will provide a brief recap of the timeline for implementing Atlantic Large Whale Take Reduction Plan (ALWTRP) modifications. The On-Demand Fishing Gear Conflict Working Group then will provide an update on recent activities. The Council will approve the working group's terms of reference. Next, the Council will receive an update on a joint New England/Mid-Atlantic Council action to reduce monkfish and dogfish large-mesh gillnet fishery interactions with Atlantic sturgeon. The Council will implement the monkfish changes through Framework Adjustment 15 to the Monkfish FMP. The Council also will receive a presentation on recommendations to improve the Monkfish Research Set-Aside (RSA) Program's effectiveness. The Council will discuss and approve these RSA recommendations.

Following the lunch break, The Council will receive an update on Framework Adjustment 12 to the Northeast Skate Complex FMP, which proposes 2024–2025 fishery

specifications and measures to expand the possession of smooth and barndoor skates. The Council then will take up the Ecosystem-Based Fishery Management (EBFM) Committee report and discuss next steps in using the EBFM prototype management strategy evaluation (pMSE) final report to engage stakeholders in potential 2024 deep-dive workshops about EBFM. Finally, the Council will hold its initial discussion on 2024 Council Priorities before closing out the meeting with other business.

Although non-emergency issues not contained on this agenda may come before the Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
