SUPPLEMENTARY INFORMATION:

Title: Fast Track Generic Clearance for the Collection of Qualitative Feedback on Agency Programs.

OMB Control Number: 0535-0261.

Type of Request: Intent to seek approval to renew an information collection for a period of three years.

Abstract: The proposed information collection activities provides a means to obtain qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving the quality and timeliness of survey data and its analysis. The qualitative feedback will provide useful insights on perceptions and opinions, but are not rigorous statistical surveys that yield quantitative results that can be generalized to the study population. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with data collection efforts, and focus attention on areas where communication, training or changes in operations might improve NASS surveys and publications. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders.

The information collections will target areas such as: timeliness, usefulness of summarized information, perceptions of products or services, accuracy of information, efficiency and ease of reporting data, and the ease and understandability of data collection instruments. Responses will be assessed

to plan and inform efforts to improve or maintain the quality of data collected and reported to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;

- The collections are non-controversial and do not raise issues of concern to other Federal agencies;

- Any collection is targeted to the solicitation of opinions from respondents who have experience with NASS surveys or data, or may reasonably be expected to have experience with the surveys or data in the near future;

- Information gathered will be used only internally for improving data collection efforts, products and services, and the summarization and publication of data, and is not intended for release outside of the agency;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the study population.

This generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Respondents: Farmers, ranchers, agribusinesses and data users.

Estimated Number of Respondents: 120,000.

Below we provide projected average estimates for the next three years:

Average Number of Responses per Respondent: 1.

Total Responses: 120,000 (30,000 completed responses and 90,000 refusals).

Frequency of Responses: Once per request.

Average Minutes per Response: 5 to 20 minutes, depending on the survey.

Total Estimated Burden Hours: 8,375.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, July 28, 2023.

Kevin L. Barnes,

Associate Administrator.

BILLING CODE 3410-20-P

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Fruits, Nuts, and Specialty Crops Surveys. Revisions to burden are needed due to (1) funding status changes for surveys conducted under cooperative agreements under full cost recovery and (2) changes in the size of the target population, sample design,

and minor changes in questionnaire design.

DATES: Comments on this notice must be received by November 7, 2023 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535–0039, by any of the following methods:

- *Email:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *E-fax:* (855) 838–6382.

• *Mail:* Mail any paper, disk, or CD–ROM submissions to: Richard Hopper, NASS Clearance Officer, U.S.

Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250–2024.

• *Hand Delivery/Courier:* Hand deliver to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250–2024.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720–2707. Copies of this information collection and related instructions can be obtained without charge from Richard Hopper, NASS—OMB Clearance Officer, at (202) 720–2206 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Fruits, Nuts, and Specialty Crops Surveys.

OMB Control Number: 0535–0039.

Expiration Date of Approval: April 30, 2026.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare and issue State and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture.

The Fruits, Nuts, and Specialty Crops survey program collects information on acreage, yield, production, price, and value of citrus and non-citrus fruits and nuts and other specialty crops in States with significant commercial production. The program provides data needed by the U.S. Department of Agriculture and other government agencies to administer programs and to set trade quotas and tariffs. Producers, processors, other industry representatives, State Departments of Agriculture, and universities also use forecasts and estimates provided by these surveys. All

questionnaires included in this information collection will be voluntary.

The following survey is no longer funded by a cooperative agreement and constitute the majority of changes from the current approval: (1) Dried Plum (Prune) Forecast Survey previously funded by the California Department of Food and Agriculture.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–113) and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Public Law 115–435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS’s pledge of confidentiality to all respondents and facilitates the agency’s efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.

Estimate of Burden: Public reporting burden for this information collection is based on approximately 50 individual surveys with expected response times of 10–60 minutes. The frequency of data collection for the different surveys will include annual, seasonal, quarterly, monthly, and one weekly survey. Estimated number of responses per respondent is 1.2. Publicity materials and instruction sheets will account for approximately 5 minutes of additional burden per respondent. Respondents who refuse to complete a survey will be allotted 2 minutes of burden per attempt to collect the data. Respondents: Producers, processors, and handlers.

Estimated Number of Respondents: 59,000.

Estimated Total Annual Burden on Respondents: 30,000 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;

(c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, August 9, 2023.

Kevin L. Barnes,

Associate Administrator.

BILLING CODE 3410–20–P

DEPARTMENT OF AGRICULTURE

Office of Partnerships and Public Engagement

Advisory Committee on Beginning Farmers and Ranchers; Solicitation of Membership Nominations

AGENCY: Office of Partnerships and Public Engagement, USDA.

ACTION: Notice.

SUMMARY: The United States Department of Agriculture’s (USDA) Office of Partnerships and Public Engagement (OPPE) is seeking nominations for individuals to serve on the Advisory Committee on Beginning Farmers and Ranchers (“Advisory Committee”).

DATES: All nominations received by October 10, 2023 will be considered.

ADDRESSES: Nominations may be submitted electronically to the Advisory Committee’s dedicated email inbox at acbfr@usda.gov. Nominations may also be sent via first-class mail to: Advisory Committee on Beginning Farmers and Ranchers, Office of Partnerships and Public Engagement, 1400 Independence Avenue SW, Mail Stop 0601, Room 524–A, Washington, DC 20250. All nominations received prior to the deadline under **DATES** (above) will be considered.

FOR FURTHER INFORMATION CONTACT: Ms. R. Jeanese Cabrera, Designated Federal Officer, Office of Partnerships and Public Engagement, 1400 Independence Avenue SW, Mail Stop 0601, Room 524–A, Washington, DC 20250; Phone: (202) 720–6350; Email: acbfr@usda.gov.

SUPPLEMENTARY INFORMATION: The full Advisory Committee shall consist of a minimum 14 members up to a maximum of 20 members. Each member shall be appointed to serve a 2-year term and may reapply to be considered up to
