

LPG—Liquid Petroleum Gas and Anhydrous Ammonia Liquid-Measuring Devices

LPG—23.1 This proposal submitted by the National Propane Gas Association and U-Haul International addresses practical issues that propane retailers encounter when trying to comply with zero-set-back interlock requirements in NIST HB 44 for electronic stationary and electronic vehicle-mounted propane meters and stationary retail motor-fuel devices used to dispense propane. The intent of the proposal is to exempt the required use of zero-set-back interlock systems in a device used to both dispense liquified petroleum gas for use as a vehicle motor-fuel and in filling containers/cylinders for other than motor-fuel applications. The NCWM S&T Committee at the 2023 NCWM Annual Meeting downgraded the status of the item from Voting to Informational to allow more time to better understand how the proposed changes will impact stakeholders.

OTH—Other Items

OTH 16.1. The NIST United States National Work Group on Measuring Systems for Electric Vehicle Fueling and Submetering: Watthour-Type Electric Meters Subgroup has worked to develop a proposed comprehensive set of legal metrology requirements for electric watthour meters used in submeter applications in residences and businesses (not intended to address utility metering under the authority of entities such as the local utility commission). The NCWM S&T Committee downgraded the proposed new code under consideration at the 2023 NCWM Annual Meeting from a Voting status to Informational status following comments heard during open hearings. Current and new recommendations to language for this proposed new code will be heard at the fall 2023 regional weights and measures association meetings.

Alicia Chambers,

NIST Executive Secretariat.

National Institute of Standards and Technology

National Artificial Intelligence Advisory Committee Law Enforcement Subcommittee

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Revised notice of open meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) announces that the National Artificial Intelligence Advisory Committee's Law Enforcement Subcommittee (NAIAC–LE or Subcommittee) will hold an open meeting via web conference on September 12, 2023, from 1 p.m. to 2 p.m. Eastern time. The primary purpose of this meeting is for the Subcommittee members to share and discuss updates on goals and deliverables. The final agenda will be posted to the NAIAC website: ai.gov/naiac/.

DATES: The meeting will be held on Tuesday, September 12, 2023 from 1 p.m. to 2 p.m. Eastern time.

ADDRESSES: The meeting will be held via web conference. Please see the **SUPPLEMENTARY INFORMATION** section of this notice for instructions on how to attend.

FOR FURTHER INFORMATION CONTACT:

Alicia Chambers, Committee Liaison Officer, National Institute of Standards and Technology, 100 Bureau Drive, MS 1000, Gaithersburg, MD 20899, alicia.chambers@nist.gov or 301–975–5333, or Melissa Banner, Designated Federal Officer, National Institute of Standards and Technology, 100 Bureau Drive, MS 1000, Gaithersburg, MD 20899, melissa.banner@nist.gov or 301–975–5245. Please direct any inquiries to naiac@nist.gov.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. 1001 *et seq.*, notice is hereby given that the NAIAC–LE will meet on Tuesday, September 12, 2023 from 1:00 p.m. to 2:00 p.m. Eastern time. The meeting will be open to the public and will be held virtually via web conference. The primary purpose of this meeting is for the Subcommittee members to share and discuss updates on goals and deliverables. The final agenda will be posted to the NAIAC website: ai.gov/naiac/.

The NAIAC–LE is authorized by Section 5104 of the National Artificial Intelligence Initiative Act of 2020 (Pub. L. 116–283). The Subcommittee advises the President through NAIAC on matters

related to the development of artificial intelligence relating to law enforcement. Additional information on the NAIAC–LE is available at ai.gov/naiac/.

Comments: Individuals and representatives of organizations who would like to offer comments and suggestions related to items on the Subcommittee's agenda for this meeting are invited to submit comments in advance of the meeting. Approximately ten minutes will be reserved for public comments, which will be read on a first-come, first-served basis. Please note that all comments submitted via email will be treated as public documents and will be made available for public inspection. All comments must be submitted via email with the subject line "September 12, 2023, NAIAC–LE Meeting Comments" to naiac@nist.gov by 5 p.m. Eastern Time, Monday, September 11, 2023. NIST will not accept comments accompanied by a request that part or all of the comment be treated confidentially because of its business proprietary nature or for any other reason. Therefore, do not submit confidential business information or otherwise sensitive, protected, or personal information, such as account numbers, Social Security numbers, or names of other individuals.

Virtual Admittance Instructions: The meeting will be broadcast via web conference. Registration is required to view the web conference. Instructions to register will be made available on ai.gov/naiac/#MEETINGS. Registration will remain open until the conclusion of the meeting.

Alicia Chambers,

NIST Executive Secretariat.
