**Federal Travel Regulation (FTR); Relocation Allowances—Waiver of Certain Provisions for Official Relocation Travel to Locations in Florida and South Carolina Impacted by Hurricane Idalia**

**AGENCY:** Office of Government-wide Policy (OGP), General Services Administration (GSA).

**ACTION:** Notification of GSA Bulletin FTR 23–08.

**SUMMARY:** GSA Bulletin FTR 23–08, Waiver of certain Federal Travel Regulation (FTR) provisions for official relocation travel to locations in Florida and South Carolina impacted by Hurricane Idalia, informs Federal

agencies that certain provisions of the FTR governing official relocation travel are temporarily waived for Florida and South Carolina locations impacted by Hurricane Idalia. As a result of the storm damage caused by Hurricane Idalia, agencies should consider delaying all non-essential relocations to the affected areas given the statutory 120-day maximum for payment of temporary quarters subsistence expenses (TQSE). Due to the lasting effects of the storm damage to these affected areas, finding lodging facilities and/or adequate meals may be difficult, and distance involved may be great, resulting in increased cost for relocation subsistence expenses.

**DATES:** *Applicability date:* The notification is retroactively applicable for official relocation travel impacted by Hurricane Idalia that is/was performed on or after the incident period start dates: (a) August 27, 2023, based on Presidential Disaster Declaration EM–3596–FL dated August 28, 2023, to designated areas in Florida, (b) August 27, 2023, based on Presidential Disaster Declaration DR–4734–FL dated August 31, 2023, to designated areas in Florida,

and (c) August 29, 2023, based on Presidential Disaster Declaration EM–3597–SC dated August 31, 2023, to designated areas in South Carolina. The FTR Bulletin expires 180 days from the respective applicability dates, unless extended or rescinded by this office.

**SUPPLEMENTARY INFORMATION:**

**Background**

Federal agencies authorize relocation entitlements to those individuals listed at FTR § 302–1.1 and those assigned under the Government Employees Training Act (GETA) (5 U.S.C. Chapter 41) which must be used within one year. Some agencies will authorize TQSE and a Househunting trip (HHT) to assist employees with temporary expenses incurred in connection with relocating to a new duty station. The FTR limits where temporary lodging may occur, how long employees may

receive assistance, and what per diem rates are paid. Hurricane Idalia has affected locations in Florida and South Carolina, which has resulted in various travel-related disruptions to relocating employees. Accordingly, this GSA FTR Bulletin allows agencies to determine whether to implement waivers of time limits established by the FTR for completion of all aspects of relocation, permissible locations of temporary quarters, and per diem rates for HHTs and TQSE.

**FEDERAL COMMUNICATIONS COMMISSION**

**47 CFR Part 73**

[MB Docket No. 22–347; RM–11932; DA 23–826; FR ID 171264]

**Television Broadcasting Services Lincoln, Nebraska**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** On September 26, 2022, the Federal Communications Commission’s Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking (NPRM)* in response to a petition for rulemaking filed by The University of Nebraska (Petitioner), the licensee of noncommercial educational (NCE) television station KUON–TV (KUON–TV or Station), channel \*12, Lincoln, Nebraska, requesting the substitution of UHF channel \*27 for VHF channel \*12 at Lincoln in the Table of TV Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel \*27 for channel \*12 at Lincoln.

**DATES:** Effective September 15, 2023.

**FOR FURTHER INFORMATION CONTACT:** Emily Harrison, Media Bureau, at (202) 418–1665 or [Emily.Harrison@fcc.gov](mailto:Emily.Harrison@fcc.gov).

**SUPPLEMENTARY INFORMATION:** The proposed rule was published at 87 FR 60956 on October 7, 2022. The Petitioner filed comments in support of the petition, as required by the

Commission’s rules reaffirming its commitment to apply for channel \*27. As described in the *Report and Order*, comments were filed by Flood Communications of Omaha, LLC (Flood) in opposition to the Petition, but such comments were ultimately withdrawn in favor of a settlement agreement between Petitioner and Flood. See Letter from Barbara A. Kreisman, Chief, Video Division, Media Bureau, to Derek Teslik, Esq. and Seth Williams, Esq. (Sept. 8, 2023).

The Bureau believes the public interest would be served by substituting channel \*27 for channel \*12 at Lincoln, Nebraska. In support of its channel substitution request, the Petitioner states that the Station has a history of severe reception problems as a result of its operation on a VHF channel. The Petitioner also discussed the challenges and characteristics of VHF channels that have been recognized by the Commission regarding viewer reception. The Petitioner asserts that the proposed channel substitution will improve viewers’ access to the Station’s PBS and other public television programming by improving reception issues. According to the Petitioner, although the channel \*27 facilities would result in a reduction in the Station’s predicted population served within its noise limited service contour, almost all of the predicted loss area is served by other PBS stations licensed to communities in Nebraska and Iowa, which largely air the same NCE programming as KUON–TV. According to the Petitioner, once terrain-limitations are factored into the analysis, the new loss area that would be created by the proposed channel substitution would contain only 342 persons, which it asserts is *de minimis*. Although the Petitioner’s proposal would result in a loss of PBS network programming to a limited number of viewers, the Bureau finds that the overall benefits of the proposed channel change by resolving reception issues outweighs any possible harm to the public interest.

This is a synopsis of the Commission’s *Report and Order*, MB Docket No. 22–347; RM–11932; DA 23–826, adopted September 8, 2023, and released September 8, 2023.
