Food Safety and Inspection Service

Title: Consumer Labeling Research Focus Groups.

OMB Control Number: 0583–NEW.

Summary of Collection: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled and packaged. Safe handling instructions (SHI) are required on the labels of raw or partially cooked (*i.e.*, not considered ready to eat) meat and poultry products if the product is destined for household consumers or institutional uses (9 CFR 317.2(l) and 9 CFR 381.125(b)). FSIS has required the SHI label for raw and

partially cooked meat and poultry products since 1994 (59 FR 7217).

Need and Use of the Information: FSIS will collect information using focus groups to test new labels for safe handling of raw and partially cooked meat and poultry products. In Phase 1, new label designs will initially be tested in consumer focus groups to obtain qualitative feedback on the labels, and the findings will be used to refine the label design and messaging. FSIS is requesting approval for a new information collection to conduct Phase 1, consumer focus groups. If the information was not collected or collected less frequently it would reduce the effectiveness of the meat and poultry inspection program.
