SUPPLEMENTARY INFORMATION: On August 18, 2023, the Department published in the **Federal Register** a notice of open meetings of the RACs (88 FR 56608). The notice established the agenda, dates and times, and instructions for accessing the upcoming virtual meetings. This notice amends the dates and times for Meeting 2 for each RAC and provides information about the meetings to members of the public who may be interested in attending the meetings or providing written comments related to the work of the RACs. Notice of these meetings is required under the Federal Advisory Committee Act.

Statutory Authority: The RACs are authorized by the Educational Technical Assistance Act of 2002 (ETAA) (Pub. L. 107–279; 20 U.S.C. 9605). Information on the RACs can be found at <https://oese.ed.gov/offices/office-of-formula-grants/program-and-grantee-support-services/comprehensive-centers-program/regional-advisory-committees/>. The RACs advise the Secretary of Education (Secretary) regarding the educational needs of their regions, as

described in section 174(b) of the Education Sciences Reform Act of 2002, in order to assist in making decisions regarding the regional educational priorities.

The RACs' responsibilities include assessing the educational needs within their regions (Assessment). In conducting the Assessment, RACs seek input from chief executive officers of States, chief State school officers, educators, and parents. The RACs conduct open hearings to solicit the views and needs of schools (including public charter schools), teachers, administrators, members of the regional educational laboratory governing board, parents, local educational agencies, librarians, businesses, State educational agencies, and other customers, such as adult education programs, within the region regarding the need for the activities described in 20 U.S.C. 9564 and 9602, and how those needs would be most effectively addressed. RACs submit the Assessment to the Secretary and to the Director of the Institute of Education Sciences, at such time, in such a manner, and containing such information as the Secretary may require.

Purpose of Open Meetings: The open meetings are designed to—

(1) Provide members of the 10 RACs an opportunity to participate in two open virtual meetings to assess the educational needs within the region served and to deliberate on the findings to prepare their region's Assessment.

(2) Provide members of the RACs the opportunity to review and discuss the reports that they will submit to the Secretary in October 2023.

(3) Provide an opportunity for the public to observe and listen to RAC discussions on the top challenges in each region for improving student academic achievement and educational outcomes.

(4) Provide an opportunity for the public to observe and listen to RAC discussions on recommendations on the educational needs of each region and how those needs may be addressed through technical assistance activities provided by comprehensive centers described in section 203 of the Educational Technical Assistance Act (ETAA) that would help States, districts, and schools successfully address the critical educational challenges identified by each of the RACs.

(5) Provide an opportunity for the public to observe and listen to discussions and recommendations from each of the RACs on the priorities for federally funded technical assistance in their region.

Agenda

Meeting 1: The RACs will (1) review educational data from each region and public comments received and deliberate and make recommendations about the critical education needs of the region; and (2) discuss how those needs can most effectively be addressed through technical assistance activities.

Meeting 2: The RACs will (1) review additional input received from stakeholders and public comments received and, based on the information received, finalize their assessment of the critical educational needs of each region; and (2) deliberate on the education needs assessment for their region and finalize recommendations to be included in the Assessment.

Meeting agendas will be posted on the RAC website: <https://oese.ed.gov/offices/office-of-formula-grants/program-and-grantee-support-services/comprehensive-centers-program/regional-advisory-committees/>.

I. Funding Opportunity Description

Purpose of Program: The CSP CMO Grant program (ALN 84.282M) is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA) (20 U.S.C. 7221–7221j). Through CSP CMO Grants, the Department awards grants to *charter management organizations (CMOs)*¹ on a competitive basis to enable them to *replicate or expand* one or more *high-quality charter schools*. Grant funds may be used to significantly increase the enrollment of, or add one or more grades to, an existing high-quality charter school or to open one or more new charter schools or new campuses of a high-quality charter school based on the educational model of an existing high-quality charter school. Charter schools that receive financial assistance

through CSP CMO Grants provide elementary or secondary education programs, or both, and may also serve students in *early childhood education programs* or postsecondary students, consistent with the terms of their charter.

Background: The major purposes of the CSP are to expand opportunities for all students, particularly for *children with disabilities, English learners*, and other traditionally *underserved students*, to attend charter schools and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the impact of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; aid States in providing facilities support to charter schools; support efforts to strengthen the charter school authorizing process; and support quality, accountability, and transparency in the operational performance of all authorized public chartering agencies, including State educational agencies (SEAs) and local educational agencies (LEAs) (see section 4301 of the ESEA).

“Raise the Bar: Lead the World” (RTB) is the Department’s recent call to action to all stakeholders to transform pre-kindergarten through postsecondary education and unite around *evidence-based* strategies that advance educational equity and excellence for all students.² When we raise the bar in education, all our Nation’s students will be able to build the skills to thrive inside and outside of school. As part of the RTB initiative, the Department is focusing on six strategies aimed at promoting academic excellence and wellness for every learner and better preparing our Nation for global competitiveness.³ This competition, through the program as authorized and through the competitive preference and invitational priorities, advances several RTB strategies, most notably those intended to deliver a comprehensive and rigorous education for every student and provide every student with a pathway to multilingualism.

In July 2022, the Department published in the **Federal Register** a
