

Changes in Estimates: There is decrease of 22,409 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease in burden reflects changes in the activities conducted due to the normal progression of the program, especially the fact that all 50 states, the District of Columbia, and the U.S. Virgin Islands will be developing and submitting progress reports by January 31, 2025, while 14 states/territories will be submitting periodic comprehensive State Implementation Plan (SIP) revisions. In the previous ICR period, we assumed 52 states/territories would be developing and submitting comprehensive SIP revisions.
