Accession 364

At an unknown date, human remains representing, at minimum, four individuals were archeologically recovered from "Mile 115 Midden Locus A and B," an unknown location in Sutter County, CA, and were recorded at CSU Chico in 2004. The seven associated funerary objects are one lot consisting of clay, one lot

consisting of ochre, one lot consisting of modified stones, one lot consisting of faunal elements, one lot consisting of modified shells, one lot consisting of unmodified shells, and one lot consisting of stone debitage.

- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and the United Auburn Indian Community of the Auburn Rancheria of California.
