

change to amend the initial period after commencement of trading of a series of ETF Shares on the Exchange as it specifically relates to holders of record and/or beneficial holders under BZX Rule 14.11(l). The proposed rule change was published for comment in the **Federal Register** on September 1, 2023.³

Section 19(b)(2) of the Act⁴ provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day after publication of the notice for this proposed rule change is October 16, 2023. The Commission is extending this 45-day time period.

The Commission finds it appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change and the issues raised therein. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁵ designates November 30, 2023, as the date by which the Commission shall either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change (File No. SR-CboeBZX-2023-062).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶

Joint Industry Plan; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Amendment To Modify the Options Price Reporting Authority's Fee Schedule Regarding Caps on the Amounts of Certain Port Fees

September 25, 2023.

I. Introduction

On July 14, 2023, the Options Price Reporting Authority ("OPRA"), pursuant to Section 11A of the Securities Exchange Act of 1934 ("Act")¹ and Rule 608 of Regulation National Market System ("Regulation NMS")² thereunder,² filed with the Securities and Exchange Commission ("Commission") a proposed amendment to the Plan for Reporting of Consolidated Options Last Sale Reports and Quotation Information ("OPRA Plan").³ The proposed OPRA Plan amendment ("Proposed Amendment") would amend the OPRA Fee Schedule to reflect the applicable monthly fee caps on certain connectivity ports that are used to access OPRA data. The Proposed Amendment was published for comment in the **Federal Register** on August 2, 2023.⁴ The Commission has not received any comments on the Proposed Amendment.

This order institutes proceedings, under Rule 608(b)(2)(i) of Regulation NMS,⁵ to determine whether to approve or disapprove the Proposed Amendment or to approve the Proposed Amendment with any changes or subject to any conditions the Commission deems necessary or appropriate after considering public comment.

³ The OPRA Plan is a national market system plan approved by the Commission pursuant to Section 11A of the Act and Rule 608 thereunder. See Securities Exchange Act Release No. 17638 (Mar. 18, 1981), 22 SEC. Docket 484 (Mar. 31, 1981). The full text of the OPRA Plan and a list of its participants are available at <https://www.opraplan.com/>. The OPRA Plan provides for the collection and dissemination of last sale and quotation information on options that are traded on the participant exchanges.

II. Summary of the Proposed Amendment⁶

OPRA states that the Proposed Amendment is designed to amend the OPRA Fee Schedule to provide public notice that OPRA negotiated terms in the 2021 Processor Services Agreement (the "2021 Processor Agreement") between OPRA and the Securities Industry Automation Corporation ("SIAC") that impose caps on certain port fees that can be charged per month when SIAC, either directly or through a third party, provides direct access to OPRA data to any person authorized by OPRA to receive direct access to OPRA data.⁷ OPRA further states that, under the 2021 Processor Agreement, SIAC is OPRA's "processor," meaning that SIAC gathers the last sale and quote information from each of the OPRA members, consolidates that information, and disseminates the consolidated OPRA data.⁸ According to OPRA, as the processor, SIAC works directly with OPRA members and data vendors to provide connectivity to SIAC, and connectivity to SIAC is currently provided by an affiliate of SIAC, the ICE Global Network ("IGN"), which both sets and charges the port fees associated with that connectivity.⁹

OPRA states that recipients of OPRA data can access that data using a 10 gigabit ("Gb"), 40 Gb, or 100 Gb network connection. OPRA further states that it has contractually capped the connectivity or "port" fees that SIAC, or any third party utilized by SIAC, may charge to provide direct connectivity to OPRA data using a 10 Gb or 40 Gb connection and that it has "the right to approve a cap on port fees that could be charged for . . . higher capacity ports" in the event that such higher capacity ports become available in the future.¹⁰

OPRA states that the negotiated port fee caps of \$16,000 per month per 10 Gb port and \$20,500 per month per 40 Gb port were established as part of the 2015 Processor Agreement between OPRA and SIAC.¹¹ OPRA further states that these caps were retained in the 2021 Processor Agreement,¹² and that OPRA's Management Committee

subsequently approved the \$30,000 per month port fee cap with respect to the 100 Gb port in September 2021 in accordance with the terms of the 2021 Processor Agreement.¹³

OPRA states that it does not provide access ports, does not itself charge any port fees, does not collect any fees on behalf of OPRA members in connection with access to SIAC, and does not receive any portion of port fees charged by other entities.¹⁴ OPRA further states that it does not believe the caps that it negotiated with SIAC concerning “the amount of port fees that can be charged either (1) establishes or changes a fee or charge collected on behalf of the members of the OPRA Plan in connection with access to, or use of, any OPRA facilities or (2) represents a fee or charge imposed by OPRA as contemplated by Rule 608(a)(5)(ii) of Regulation NMS.”¹⁵ OPRA states that it submitted the Proposed Amendment to “provide notice of the contractual fee caps it negotiated with SIAC” and because Commission staff requested that it do so.¹⁶

III. Proceedings To Determine Whether To Approve Or Disapprove the Proposed Amendment

The Commission is instituting proceedings pursuant to Rule 608(b)(2)(i) of Regulation NMS,¹⁷ and Rule 700 of the Commission’s Rules of Practice,¹⁸ to determine whether to approve or disapprove the Proposed Amendment or to approve the Proposed Amendment with any changes or subject to any conditions the Commission deems necessary or appropriate after considering public comment. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, the Commission seeks and encourages interested persons to provide additional comment on the Proposed Amendment to inform the Commission’s analysis.

Rule 608(b)(2) of Regulation NMS provides that the Commission “shall approve a . . . proposed amendment to an effective national market system plan, with such changes or subject to such conditions as the Commission may deem necessary or appropriate, if it finds that such . . . amendment is necessary or appropriate in the public interest, for the protection of investors

and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system, or otherwise in furtherance of the purposes of the Act.”¹⁹ Rule 608(b)(2) further provides that the Commission shall disapprove a proposed amendment if it does not make such a finding.²⁰ Pursuant to Rule 608(b)(2)(i) of Regulation NMS,²¹ the Commission is providing notice of the grounds for possible disapproval under consideration:

- Whether the Proposed Amendment is consistent with Rule 608 of Regulation NMS. Specifically, whether the Proposed Amendment is necessary or appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system, or otherwise in furtherance of the purposes of the Act.²²

- Whether, consistent with Rule 603(a) and 614(d)(3) of Regulation NMS, the Proposed Amendment provides for the distribution of information with respect to quotations for and transactions in NMS stocks on terms that are fair and reasonable and not unreasonably discriminatory.²³

- Whether the Proposed Amendment is consistent with Rule 608(a)(4)(C) of Regulation NMS requiring every amendment to a national market system plan be accompanied by, among other things, an analysis of the impact on competition of implementation of the amendment.²⁴

- Whether the Proposed Amendment is consistent with Rule 608(a)(5) of Regulation NMS requiring every amendment to a national market system plan include a description of the manner in which any facility contemplated by the plan or amendment will be operated and further requiring that any such description include, to the extent applicable, the method by which any fees or charges collected on behalf of all of the sponsors and/or participants in connection with access to, or use of, any facility contemplated by the plan or amendment will be determined and imposed (including any provision for distribution of any net proceeds from such fees or charges to the sponsors and/or participants) and the amount of such fees or charge.²⁵

- Whether modifications to the Proposed Amendment, or conditions to its approval, would be required to make the Proposed Amendment necessary or appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system, or otherwise in furtherance of the purposes of the Act.²⁶

- Whether the Proposed Amendment is consistent with Congress’s finding, in Section 11A(1)(C)(iii) of the Act, that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to ensure “the availability to brokers, dealers, and investors or information with respect to quotations for and transactions in securities.”²⁷

- Whether, consistent with the purposes of Section 11A(c)(1)(B) of the Act,²⁸ the Proposed Amendment’s provisions are drafted to support the prompt, accurate, reliable, and fair collection, processing, distribution, and publication of information with respect to quotations for and transactions in NMS securities, and the fairness and usefulness of the form and content of such information.

Under the Commission’s Rules of Practice, the “burden to demonstrate that a NMS plan filing is consistent with the Exchange Act and the rules and regulations issued thereunder . . . is on the plan participants that filed the NMS plan filing.”²⁹ The description of the NMS plan filing, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding, and “[a] mere assertion that the NMS plan filing is consistent with those requirements is not sufficient.”³⁰ Any failure of the plan participants that filed the NMS plan filing to provide such detail and specificity may result in the Commission not having a sufficient basis to make an affirmative finding that the NMS plan filing is consistent with the Act and the applicable rules and regulations thereunder.³¹

arguments with respect to the issues identified above, as well as any other comments or concerns they may have regarding the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Section 11A or any other provision of the Act, or the rules and regulations thereunder, and the Commission asks that commenters address the sufficiency and merit of OPRA's statements in support of the Proposed Amendment.³²

Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 608(b)(2)(i) of Regulation NMS,³³ any request for an opportunity to make an oral presentation.³⁴

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-98511; File No. SR-CBOE-2023-053]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Automated Price Improvement Auction Rules

September 25, 2023.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 20, 2023, Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") proposes to amend its automated price improvement auction rules. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend provisions in Rule 5.37 (Automated Price Improvement Mechanism ("AIM" or "AIM Auction")) and Rule 5.38 (Complex Automated Improvement Mechanism ("C-AIM" or "C-AIM Auction")) regarding concurrent AIM and C-AIM Auctions, respectively. The Exchange also proposes to update the provisions in those Rules regarding the permissible stop price.

By way of background, Rules 5.37 and 5.38 contain the requirements applicable to the execution of orders using AIM and C-AIM, respectively. The AIM and C-AIM auctions are electronic auctions intended to provide orders that Trading Permit Holders ("TPHs") represent as agent ("Agency Orders") with opportunities to receive price improvement (over the National Best Bid or Offer ("NBBO") in AIM, or the synthetic best bid or offer ("SBBO") on the Exchange in C-AIM). Upon submitting an Agency Order into an AIM or C-AIM auction, the initiating Trading Permit Holder ("Initiating TPH") must also submit a contra-side second order ("Initiating Order") for the
