

Also, the USPTO may determine that a mark is not entitled to registration, pursuant to one or more provisions of the Act. In such cases, the USPTO will issue an Office Action advising the applicant of the refusal to register the mark. Applicants reply to these Office Actions by providing the required information and/or by putting forth legal arguments as to why the refusal of registration should be withdrawn.

The USPTO administers the Act through title 37 of the Code of Federal Regulations. These rules allow the USPTO to request and receive information required to process applications. These rules also allow applicants to submit certain amendments to their applications.

Applicants may also supplement their applications and provide further information by filing a Voluntary Amendment Not in Response to USPTO Office Action/Letter, a Request for Reconsideration after Final Office Action, a Post-Approval/Publication/Post-Notice of Allowance (NOA) Amendment, a Petition to Amend Basis Post-Publication, or a Response to Suspension Inquiry or Letter of Suspension.

DEPARTMENT OF COMMERCE

Patent and Trademark Office

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Global Intellectual Property Academy (GIPA) Surveys

The United States Patent and Trademark Office (USPTO) will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. The USPTO invites comments on this

information collection renewal, which helps the USPTO assess the impact of its information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on July 26, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comment.

Agency: United States Patent and Trademark Office, Department of Commerce.

Title: Global Intellectual Property Academy (GIPA) Surveys.

OMB Control Number: 0651-0065.

Needs and Uses: The Global Intellectual Property Academy (GIPA) was established in 2006 to offer training programs on enforcement of intellectual property rights, patents, trademarks, and copyrights. GIPA's training programs are designed to meet the specific needs of foreign government officials concerning various intellectual property topics. By attending these programs, foreign government officials learn about global intellectual property rights protection and enforcement and discuss strategies to handle the protection and enforcement issues in their respective countries. The GIPA training programs are an important instrument that USPTO uses to achieve its objectives of halting intellectual property theft and advancing intellectual property right policies.

The surveys in this information collection are conducted in an effort to provide additional details on "who" participants are, what kind of positions they hold, length of time working in an intellectual property area, type of organizations where respondents work, type of intellectual property functions, and the effect of the GIPA program on their professional work and their country's intellectual property efforts. This information is being collected to improve the services that the USPTO provides in its missions of serving the international IP community. The data captured will also be used to help meet organizational performance and accountability goals through the following legislative mandates and performance guidance:

- Government Performance and Results Act of 1993 (GPRA);¹
- Government Performance and Results Modernization Act of 2010 (GPRMA);²

² <https://www.congress.gov/111/plaws/publ352/PLAW-111publ352.pdf>.

- President's Management Agenda (PMA);³ and

- Foundations for Evidence Based Policy Making Act of 2018.⁴

Evaluation and measurement efforts provide methodologically rigorous data activity and analyses in place of more subjective, ad hoc, non-standardized anecdotal material.

These voluntary surveys support various business goals developed by the USPTO to fulfill customer service and performance goals, to assist the USPTO in strategic planning for future initiatives, to verify existing service standards, and to establish new ones. The USPTO also uses these surveys to implement Executive Order 12862 of September 11, 1993, *Setting Customer Service Standards*, published in the **Federal Register** on September 14, 1993 (58 FR 48257).⁵ The USPTO does not intend to collect any personally identifying data from the participants and intends to maintain the contact information for the participants in a separate file for the quantitative data.
