B. Submitting Comments

The NRC encourages electronic comment submission through the Federal rulemaking website (<https://www.regulations.gov>). Please include Docket ID NRC-2023-0099, in your comment submission.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* 10 CFR part 74, Material Control and Accounting of Special Nuclear Material.
2. *OMB approval number:* 3150-0123.
3. *Type of submission:* Extension.
4. *The form number, if applicable:* Not applicable.
5. *How often the collection is required or requested:* Submission of fundamental nuclear material control plans is a one-time requirement which has been completed by all current licensees as required. However,

licensees may submit amendments or revisions to the plans as necessary. Reports are submitted as events occur.

6. *Who will be required or asked to respond:* Persons licensed under part 74 of title 10 of the *Code of Federal Regulations* (10 CFR), who possess and use certain forms and quantities of special nuclear material (SNM).

7. *The estimated number of annual responses:* 183.

8. *The estimated number of annual respondents:* 163.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 9,439 hours (939 reporting + 8,500 recordkeeping).

10. *Abstract:* 10 CFR part 74 establishes requirements for material control and accounting of SNM, and specific performance-based regulations for licensees authorized to possess, use, or produce strategic SNM, SNM of moderate strategic significance, or SNM of low strategic significance. The information is used by the NRC to make licensing and regulatory determinations concerning material control of SNM and to satisfy obligations of the United States to the International Atomic Energy Agency. Submission or retention of the information is mandatory for persons subject to the requirements.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility? Please explain your answer.

2. Is the estimate of the burden of the information collection accurate? Please explain your answer.

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: September 26, 2023.

NUCLEAR REGULATORY COMMISSION

[Docket No. 40–8903–LA; ASLBP No. 23–980–03–LA–BD01]

Order; (Providing Notice of Hearing)

AGENCY: Atomic Safety and Licensing Board, Nuclear Regulatory Commission.

This proceeding concerns the Nuclear Regulatory Commission (NRC) Staff's August 15, 2023 denial of Homestake Mining Company of California's (HMC) December 10, 2020, license amendment application to make changes to the monitoring station configuration at HMC's Grants, New Mexico reclamation project site.¹ On September 5, 2023, HMC filed a hearing demand challenging the denial of its license amendment application.² On September 20, 2023, the Board held a status conference with the parties to discuss matters relating to this 10 CFR part 2, subpart L proceeding.³ At this status conference, the NRC Staff indicated that it did not oppose HMC's hearing demand.⁴ Thus, on September 25, 2023, the Board granted HMC's hearing demand.⁵

In light of the foregoing, a hearing will be conducted in this proceeding at a date to be determined. The hearing will be governed by the informal hearing procedures set forth in 10 CFR part 2, subparts C and L, 10 CFR 2.300–2.390, 2.1200–2.1213.

It is so ordered.

For the Atomic Safety and Licensing Board.

Dated: September 26, 2023.

Rockville, Maryland.

- I. Introduction
- II. Docketed Proceeding(s)

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the Market Dominant or the Competitive product list, or the modification of an existing product currently appearing on the Market Dominant or the Competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance
