Background:

On July 5, 2019, the Department of Education (Department) published in the **Federal Register** (84 FR 32144) a notice inviting applications in four specialty areas of the Rehabilitation Long-Term Training program. Applications specifically were sought under Assistance Listing Number (ALN) 84.129B (Rehabilitation Counseling), 84.129H (Rehabilitation of Individuals Who Are Mentally Ill), 84.129P (Rehabilitation of Individuals Who Are Blind or Have Vision Impairments), and 84.129Q (Rehabilitation of Individuals Who Are Deaf or Hard of Hearing). In the notice inviting applications, the Rehabilitation Services Administration included two absolute priorities and one invitational priority. The first absolute priority addressed programs leading to a master’s degree in rehabilitation counseling. The goal of this priority is to increase the skills of vocational rehabilitation counseling scholars so that upon successful completion they are prepared to effectively meet the needs and demands of consumers with disabilities and employers. The second absolute priority addressed programs leading to a master’s degree or certificate in one of three specialty areas: (1) Rehabilitation of Individuals Who Are Mentally Ill; (2) Specialized Personnel for Rehabilitation of Individuals Who Are Blind or Have Vision Impairments; and (3) Rehabilitation of Individuals Who Are Deaf or Hard of Hearing. The goal of this priority is to increase the skills of scholars in these rehabilitation specialty areas so that upon successful completion of their master’s degree or certificate programs they are prepared to effectively meet the needs and demands of consumers with disabilities. The invitational priority noted the Department’s interest in applications that demonstrate that the training to VR counselors includes information related to providing VR services to individuals with disabilities pursuing self-employment, business ownership, and telecommuting. The funds were awarded to colleges and universities that in turn award scholarships to students enrolled in rehabilitation training programs.

Waivers and Extensions:

The Department proposes to extend these 51 projects to align with the 33 ALN 84.129B grant projects funded in FY 2020. Like the FY 2019 84.129 grant projects, the FY 2020 84.129B projects were funded to provide academic training in areas of personnel shortages

as identified by the Secretary to increase the number of personnel trained in providing Vocational Rehabilitation (VR) services to individuals with disabilities. The FY 2020 84.129B grantees will receive their final year of funding in FY 2024 with a September 30, 2025 performance period ending

date. The Department does not believe that it would be in the public interest to run a competition for ALNs 84.129B, 84.129H, 84.129P and 84.129Q in FY 2024. Rather, aligning the projects' period of performance end dates for all four ALNs would allow the Department to reduce the financial and

administrative burden by conducting a single competition for 84.129B, 84.129H, 84.129P and 84.129Q grants in FY 2025, with a five-year performance period that would run from October 1, 2025, through September 30, 2030.

For this reason, the Secretary proposes to waive the requirements in 34 CFR 75.250, which prohibit project periods exceeding five years, as well as the requirements in 34 CFR 75.261(a) and (c)(2), which allow the extension of a project period only if the extension does not involve the obligation of additional Federal funds. This waiver would allow the Department to issue a one-year FY 2024 continuation award to each of the 51 currently funded FY 2019 84.129B, 84.129H, 84.129P and 84.129Q projects up to the amount awarded to the projects in FY 2023 and subject to the ability of the projects to use the funds.

Any activities carried out during the year of this continuation award must be consistent with, or a logical extension of, the scope, goals, and objectives of the grantees' applications as approved in the FY 2019 competition. The requirements for continuation awards are set forth in 34 CFR 75.253.

Intergovernmental Review

These programs are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Regulatory Flexibility Act Certification

The Secretary certifies that the proposed waiver and extension of the project period would not have a significant economic impact on a substantial number of small entities. The only entities that would be affected by the proposed waiver and extension of the project period are the 51 grants that were awarded in FY 2019 under ALN 84.129B, 84.129H, 84.129P, and 84.129Q.

The Secretary certifies that the proposed waiver and extension would not have a significant economic impact on these entities, because the extension of an existing project period imposes minimal compliance costs, and the activities required to support the additional year of funding would not impose additional regulatory burdens or

require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This notice of proposed waiver and extension of the project period does not contain any information collection requirements.
