

involved/resource-advisory-council/near-you/wyoming.

FOR FURTHER INFORMATION CONTACT:

Azure Hall, Public Affairs Specialist, BLM Wyoming State Office, telephone: (307) 775-6208, email: ahalls@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Azure Hall. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The Council provides recommendations to the Secretary of the Interior concerning issues relating to land use planning or the management of the public land resources located within the State of Wyoming. The Council will participate in a field tour on October 19 to public land sites within the Rawlins Field Office area contingent on weather conditions. Members of the public are welcome on field tours but must provide their own transportation and meals. Individuals who plan to attend and need special assistance, such as sign language interpretation and other reasonable accommodations, should contact the BLM (see **FOR FURTHER INFORMATION CONTACT**) 2 weeks in advance. Agenda topics for October 18 may include updates and discussions on statewide planning efforts; district and field manager updates; State Director comments; election of a Council chair; and other resource management issues the Council may raise. The final agenda will be posted on the Council's web page listed above 2 weeks in advance of the meeting.

A public comment period will be offered October 18 at 3:25 p.m. Depending on the number of persons wishing to speak and the time available, the amount of time for oral comments may be limited. Written comments for the Council may be sent electronically in advance of the scheduled meeting to Public Affairs Specialist Azure Hall at ahall@blm.gov, or in writing to the BLM Wyoming Public Affairs Office, 5353 Yellowstone Rd. Cheyenne, WY 82009. All comments received will be provided to the Council. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire

comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. While the business meeting and field tour are scheduled from 9 a.m. to 4 p.m., they may end earlier or later depending on the needs of group members. Therefore, members of the public interested in a specific agenda item or discussion at the October 18 meeting should schedule their arrival accordingly.

Detailed minutes for Council meetings will be maintained in the BLM Wyoming State Office. Minutes will also be posted to the Council's web page at <https://www.blm.gov/get-involved/resource-advisory-council/near-you/wyoming>.

(Authority: 43 CFR 1784.4-2)

Kristina Kirby,

BLM Wyoming Associate State Director.

BILLING CODE 4331-26-P

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS-WASO-CONC-36347; PPWOBSDCO, PPMVSCS1Y.Y00000]

Notice of Intent To Extend and Continue Concession Contracts and Award Temporary Concession Contracts

AGENCY: National Park Service, Interior.

ACTION: Public notice.

SUMMARY: The National Park Service gives public notice that, pursuant to the terms of the concession contracts identified in the tables below, as applicable, and in accordance with NPS regulations, it intends to: extend each concession contract listed in Table 1 below until the date shown in the "Extension Expiration Date" column or until the effective date of a new contract, whichever comes first; continue each concession contract listed in Table 2 below until the date shown in the "Continuation Expiration Date" column or until the effective date of a new contract, whichever comes first; and award the temporary concession contract listed in Table 3 below.

DATES: The National Park Service intends that the concession contract

extensions, continuations, and temporary concession contracts will be effective on the dates shown in the tables below, as applicable.

FOR FURTHER INFORMATION CONTACT: Kurt Rausch, Program Chief, Commercial Services Program, National Park Service, 1849 C Street NW, Mail Stop 2410, Washington, DC 20240; Telephone: 202-513-7156.

SUPPLEMENTARY INFORMATION: Under 36 CFR 51.23 the National Park Service proposes to extend each contract listed in Table 1 until the date shown in the "Extension Expiration Date" column or until the effective date of a new contract, whichever comes first. The National Park Service has determined that the proposed extensions are necessary to avoid an interruption of visitor services and has taken all reasonable and appropriate steps to consider alternatives to avoid such an interruption. The extension of the existing contracts does not confer or affect any rights with respect to the award of new contracts.

The concession contracts listed in Table 2 below have been extended for the maximum time allowable under 36 CFR 51.23. Under the provisions of the existing contracts and pending the issuance of prospectuses and the completion of the public solicitation process to award new concession contracts, the National Park Service intends to continue the existing contracts until the date shown in the "Continuation Expiration Date" column or until the effective date of a new contract, whichever comes first. The continuation of the existing contracts does not confer or affect any rights with respect to the award of new concession contracts.

The National Park Service proposes awarding a temporary concession contract, in accordance with 36 CFR 51.24(a), to provide the visitor services currently provided under the contract listed in Table 3 below. The temporary contract will have a term not to exceed three years and will be awarded to a qualified person. The National Park Service anticipates that the temporary contract will be effective on the date shown in the "Effective Date" column. This notice is not a request for proposals.

The publication of this notice reflects the intent of the National Park Service but does not bind the National Park Service to extend, continue, or award any of the contracts listed below.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[RR040U2000, 23XR0680GB, RXN5570007.3200000]

Notice of Intent To Prepare a Supplemental Environmental Impact Statement for the December 2016 Record of Decision Entitled Glen Canyon Dam Long-Term Experimental and Management Plan

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice and request for comments.

SUMMARY: On June 6, 2023, the Secretary of the Interior’s Acting Designee to the Glen Canyon Dam Adaptive Management Work Group (AMWG), a Federal advisory committee, directed the Bureau of Reclamation (Reclamation) to prepare a Supplemental Environmental Impact Statement (SEIS). The supplement is to the December 2016 Record of Decision for the Glen Canyon Dam Long-Term Experimental and Management Plan (LTEMP) Final Environmental Impact Statement and will analyze flow options to prevent smallmouth bass and other warmwater invasive nonnative fish from establishing below Glen Canyon Dam (by preventing additional spawning) and will analyze new information regarding the sediment accounting window associated with the LTEMP High-Flow Experiment (HFE) protocol.

DATES: This **Federal Register** notice initiates the public scoping process for the SEIS. Reclamation requests that the

public submit comments concerning the scope of specific operational guidelines, strategies, and any other issues that should be considered on or before November 3, 2023.

Reclamation will host two public webinars to provide summary information and receive oral comments. For specific information concerning the dates, times, and links to the webinars, click on the link provided in the **ADDRESSES** section of this notice.

ADDRESSES: Please send written comments pursuant to this notice to LTEMPSEIS@usbr.gov or by mail to Bureau of Reclamation, Attn: LTEMP SEIS Project Manager, 125 South State Street, Suite 800, Salt Lake City, UT 84138. For information on the upcoming webinars, go to <https://www.usbr.gov/uc/progact/amp/index.html>.

FOR FURTHER INFORMATION CONTACT: Kathleen Callister, Adaptive Management and Water Quality Division Manager, Bureau of Reclamation, at (801) 524–3867, or by email at LTEMPSEIS@usbr.gov. Please also visit the Glen Canyon Dam Adaptive Management website at <https://www.usbr.gov/uc/progact/amp/index.html> for updates. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: This document provides notice that Reclamation intends to prepare an SEIS and a modified Record of Decision for the 2016 LTEMP. Reclamation is issuing this **Federal Register** notice pursuant to the National Environmental Policy Act

of 1969, as amended (NEPA), 42 U.S.C. 4321 *et seq.*; the Council on Environmental Quality’s regulations for implementing NEPA, 43 CFR parts 1500 through 1508; and the Department of the Interior NEPA regulations, 43 CFR part 46.

Background

The Colorado River Basin has been in a prolonged period of drought and low-runoff conditions, and despite current projections of 2023 runoff being above average, the period from 2000 through 2023 is currently estimated as the second driest period in more than a century and one of the driest periods in the last 1,200 years.

As the water elevation at Lake Powell has declined, the epilimnion (upper layer of water) where most fish reside has become closer to the dam’s intakes, which move water from the reservoir, into the dam through the turbines for hydropower production, and downstream into the Colorado River. The decrease in water elevation means that nonnative fish in Lake Powell are now more likely than in prior years to become entrained, passing through the dam and downstream into the Colorado River. While some level of fish mortality occurs during passage through the turbines, some fish survive. As Lake Powell elevations decline, warmer water from the epilimnion is discharged, resulting in releases of water with warmer temperatures. Warm water temperatures below the dam create conditions that are suitable for warmwater nonnative fish to reproduce and eventually establish populations. This is a concern because smallmouth bass and other predatory invasive fish pose a threat to federally listed fish species and other native fish downstream of Glen Canyon Dam. Although invasive fish, including smallmouth bass, have been detected
