

Request to the Office of Management and Budget (OMB). DoD requests emergency processing and OMB authorization to collect the information after publication of this notice for a period of six months.

DATES: Comments must be received by October 16, 2023.

ADDRESSES: The Department has requested emergency processing from OMB for this information collection request by 10 days after publication of this notice. Interested parties can access the supporting materials and collection instrument as well as submit comments and recommendations to OMB at www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 10-day Review—Open for Public Comments” or by using the search function. Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

FOR FURTHER INFORMATION CONTACT: Angela Duncan, 571–372–7574, or whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION: The AARO Contact Form for Authorized Reporting information collection will be used to gather contact information, to include Personally Identifiable Information (PII), from members of the public. The collection is necessary to enable the All-domain Anomaly Resolution Office (AARO), Office of the Secretary of Defense, Department of Defense, to meet its statutory requirements. FY23 NDAA, Section 1673, “Unidentified Anomalous Phenomena Reporting Procedures” requires that the Secretary of Defense “issue clear public guidance for how to securely access the mechanism for authorized reporting” no later than 180 days from enactment, which was June 2023. Furthermore, Section 1683 of the FY23 NDAA requires AARO to produce a Historical Record Report detailing the historical record of the United States government relating to unidentified anomalous phenomena (UAP). To meet this requirement, AARO relies on the “AARO Contact Form” to receive reports from individuals with knowledge of potential UAP programs.
