To be sure we consider your comments, we must receive them no later than November 3, 2023. *Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery—0960–0788.* SSA, as part of our continuing effort to reduce paperwork and respondent burden, invites the general public to comment on the “Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery” for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501). We developed this collection as part of a Federal Government-wide effort to streamline the process for seeking feedback from the public on service delivery.

Under the auspices of Executive Order 12862, Setting Customer Service Standards, SSA conducts multiple satisfaction surveys each year. This proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in

an efficient, timely manner, in accordance with SSA’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions (not statistical surveys) that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations; provide an early warning of issues with service; or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between SSA and our customers and stakeholders.

The solicitation of feedback will target areas such as: timeliness; appropriateness; accuracy of information; courtesy; efficiency of service delivery; and resolution of issues with service delivery. We will assess responses to plan and inform efforts to improve or maintain the quality of service offered to the public. If we do not collect this information, we would not have access to vital feedback from customers and stakeholders on SSA’s services.

We will only submit a collection for approval under this generic clearance if it meets the following conditions: (1) the collections are voluntary; (2) the collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government; (3) the collections are non-controversial and do not raise issues of concern to other Federal agencies; (4) the collections elicit opinions from respondents who previously had experience with Social Security programs or services, or are likely to do so in the near future; (5) we collect personally identifiable information (PII) only to the extent necessary and we do not retain it; (6) we will use information gathered only internally for general service improvement and program management purposes and we will not release it outside of the agency; (7) we will not use information we gather for the purpose of substantially informing influential policy decisions; and (8) information we gather will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address the target population to which generalizations will be made. Depending on the study design and the type of results being elicited, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

The respondents are recipients of SSA services (including most members of the public), professionals, and individuals who work on behalf of SSA beneficiaries.

**SUPPLEMENTARY INFORMATION:**

On June 7, 2023, the World Trade Organization (WTO) Committee on Government Procurement approved the accession of North Macedonia to the GPA. North Macedonia submitted its instrument of accession to the Director-General of the WTO on September 29, 2023. The GPA will enter into force for North Macedonia on October 30, 2023. The United States, which also is a party to the GPA, has agreed to waive discriminatory purchasing requirements for eligible products and suppliers of North Macedonia beginning on October 30, 2023.

In Executive Order 12260 of December 31, 1980, the President delegated authority to waive discriminatory purchasing requirements under sections 301 and 302 of the Trade Agreements Act of 1979 (Act) (19 U.S.C. 2511 and 2512) to the U.S. Trade Representative. Pursuant to this delegated authority, the U.S. Trade Representative has made the following determination in conformity with sections 301 and 302, and in order to carry out U.S. obligations under the GPA:

Accordingly, beginning on October 30, 2023, with respect to eligible products (namely, those goods and services covered under the GPA for procurement by the United States) of North Macedonia and suppliers of such products, the application of any law, regulation, procedure or practice regarding government procurement that would, if applied to such products and suppliers, result in treatment less favorable than that accorded to United States products and suppliers of such products, or to eligible products of another foreign country or instrumentality that is a party to the GPA and suppliers of such products, is waived. This waiver will be applied by all entities listed in United States Annexes 1 and 3 of GPA Appendix 1.

3. The U.S. Trade Representative may modify or withdraw the designation in paragraph 2.
