Scope of the Order

The merchandise covered by the *Order* is unfinished and finished butt-weld pipe fittings. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Merchandise Subject to the Covered Merchandise Inquiry

The products subject to this inquiry are rough and unfinished fittings originating in China and processed into butt-weld pipe fittings through two production scenarios in Vietnam.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this inquiry are addressed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties and addressed in the Issues and Decision Memorandum, see the Appendix to this notice.

Final Determination

We determine, pursuant to 19 CFR 351.227(e)(2), that rough fittings originating from China that undergo the second and third stages of production in Vietnam are not subject to the scope of the *Order*. Additionally, we find that unfinished fittings from China that undergo the third stage of production in Vietnam are subject to the scope of the *Order*. In reaching this determination, we relied on information placed on the record by Norca and the petitioners. For further discussion, see the Issues and Decision Memorandum.

Continuation of Suspension of Liquidation

As stated above, Commerce has made an affirmative finding that unfinished fittings originating from China that undergo the third stage of production in Vietnam, which were the subject of this referral from CBP, are subject to the scope of the *Order*. This affirmative in-scope finding applies on a country-wide

basis, regardless of the producer, exporter, or importer, to all products from the same country with the same relevant physical characteristics as the products at issue. Therefore, in accordance with 19 CFR 351.227(l)(3), for these products, Commerce will direct CBP to: (1) continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate; (2) suspend liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after September 26, 2022, the date of publication of the notice of initiation of this covered merchandise inquiry in the **Federal Register**; and (3) suspend liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to September 26, 2022, but after November 4, 2021.⁵

Customs and Border Protection Notification

In accordance with section 517(b)(4)(B) of the Act, we will notify CBP of the final results of this covered merchandise inquiry. Commerce will direct CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of unfinished fittings from China that undergo the third stage of production in Vietnam entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Negotiation of a Reciprocal Defense Procurement Agreement With the Republic of India

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Notice and request for public comments.

SUMMARY: On behalf of the U.S. Government, DoD is contemplating negotiating and concluding a new Reciprocal Defense Procurement Agreement with the Republic of India. DoD is requesting industry feedback regarding its experience in public defense procurements conducted by or on behalf of the Indian Ministry of Defence or Armed Forces.

DATES: Comments must be received November 9, 2023.

ADDRESSES: Submit comments by email to gregory.d.snyder.civ@mail.mil.

FOR FURTHER INFORMATION CONTACT: Mr. Greg Snyder, telephone +1-571-217-4920.

SUPPLEMENTARY INFORMATION: DoD has concluded Reciprocal Defense Procurement (RDP) Agreements with 28 qualifying countries, as defined in the Defense Federal Acquisition Regulation Supplement (DFARS) 225.003, at the level of the Secretary of Defense and his counterpart. The purpose of an RDP Agreement is to promote rationalization, standardization, interchangeability, and interoperability of conventional defense equipment with allies and other friendly governments. These Agreements provide a framework for ongoing communication regarding market access and procurement matters that enhance effective defense cooperation.

RDP Agreements generally include language by which the Parties agree that their defense procurements will be conducted in accordance with certain implementing procedures. These procedures relate to—

- Publication of notices of proposed purchases;
- The content and availability of solicitations for proposed purchases;
- Notification to each unsuccessful offeror;
- Feedback, upon request, to unsuccessful offerors concerning the reasons they were not allowed to participate in a procurement or were not awarded a contract; and
- Provision for the hearing and review of complaints arising in connection with any phase of the procurement process to ensure that, to the extent possible, complaints are equitably and expeditiously resolved.

Based on the Agreement, each country affords the other country certain benefits on a reciprocal basis consistent with national laws and regulations. The benefits that the United States accords to the products of qualifying countries include—

- Offers of qualifying country end products are evaluated without applying the price differentials otherwise required by the Buy American statute and the Balance of Payments Program;
- The chemical warfare protection clothing restrictions in 10 U.S.C. 4862 and the specialty metals restriction in 10 U.S.C. 4863 do not apply to products manufactured in a qualifying country; and
- Customs, taxes, and duties are waived for qualifying country end products and components of defense procurements.

If DoD (for the U.S. Government) concludes a new RDP Agreement with the Republic of India and DoD executes
