Agreement Suspending the Antidumping Duty Investigation on Fresh Tomatoes From Mexico; Preliminary Results of 2021-2022 Administrative Review

AGENCY: Enforcement & Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that the respondents selected for individual examination, Ceuta Produce S de R.L. de C.V. and its affiliate, Rancho la Memoria, S. de R.L. de C.V. (collectively, Ceuta) and Valores Horticolas Del Pacifico S.A. De C.V. (VALHPAC), complied with the Agreement Suspending the Antidumping Duty (AD) Investigation on Fresh Tomatoes from Mexico (2019 Agreement), for the period of review (POR) September 1, 2021, through August 31, 2022, except for certain instances of inconsequential and/or inadvertent noncompliance. We preliminarily determine that such

noncompliance does not materially frustrate the purposes of the 2019 Agreement. Commerce also preliminarily determines that the 2019 Agreement continued to meet the statutory requirements under sections 734(c) and (d) of the Tariff Act of 1930, as amended (the Act) during the POR.

DATES: Applicable October 10, 2023.

FOR FURTHER INFORMATION CONTACT: David Cordell or Walter C. Schaub, Enforcement & Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-0408 or (202) 482-0907, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 19, 2019, Commerce signed an agreement under section 734(c) of the Act, with representatives of Mexican fresh tomato producers/exporters accounting for substantially all imports of fresh tomatoes from Mexico,¹ suspending the AD investigation on fresh tomatoes from Mexico.²

On September 29, 2022, the Florida Tomato Exchange (FTE), a member of the U.S. petitioning industry, filed a request for an administrative review of the 2019 Agreement. Commerce published notice of its initiation of the review on November 3, 2022.³ On January 30, 2022, Commerce selected mandatory respondents and issued questionnaires to two respondents, listed here in alphabetical order: Ceuta and VALHPAC.⁴

Scope of the 2019 Agreement

Merchandise covered by the 2019 Agreement is typically classified under the following subheading of the Harmonized Tariff Schedules of the United States (HTSUS), according to the season of importation: 0702. The tariff classification is provided for convenience and customs purposes; however, the written description of the

scope of this 2019 Agreement is dispositive.⁵

Methodology and Preliminary Results

Commerce has conducted this review in accordance with section 751(a)(1)(C) of the Act, which specifies that Commerce shall “review the current status of, and compliance with, any agreement by reason of which an investigation was suspended.” In this case, Commerce and representatives of the Mexican tomato producers/exporters accounting for substantially all imports of fresh tomatoes from Mexico signed the 2019 Agreement, which suspended the underlying AD investigation, on September 19, 2019. Pursuant to the 2019 Agreement, the Mexican Signatories agreed to sell subject merchandise at or above certain minimum reference prices, and that their pricing would eliminate at least 85 percent of the dumping determined in the AD investigation.⁶ The Mexican signatories also agreed to other conditions, including quarterly audits,⁷ near-the-border inspections by the U.S. Department of Agriculture on all Round and Roma tomatoes and certain other types of tomatoes beginning on April 4, 2020,⁸ and limits to adjustments to the sales price due to certain changes in condition and quality after shipment.⁹

After reviewing the information received to date from the respondent companies in their questionnaire and supplemental questionnaire responses, we preliminarily determine that the respondents have adhered to the terms of the 2019 Agreement, except for certain instances of inconsequential and/or inadvertent noncompliance that do not materially frustrate the purposes of the 2019 Agreement. We also preliminarily determine that the 2019 Agreement functioned as intended and that the 2019 Agreement continued to meet the statutory requirements under sections 734(c) and (d) of the Act during the POR.

For a full description of the analysis underlying our conclusions, *see* the Preliminary Decision Memorandum. Commerce examines issues involving the discussion of proprietary

information concerning each of the respondents in separate memoranda which we incorporate into the Preliminary Decision Memorandum.¹⁰ A list of topics discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. SUPPLEMENTARY INFORMATION:

The Following Conditions for Participation Will Be Used for the Mission

Applicants must submit a completed and signed mission application and supplemental application materials, including adequate information on their products and/or services, primary market objectives, and goals for participation that is adequate to allow the Department of Commerce to evaluate their application. If the Department of Commerce receives an incomplete application, the Department of Commerce may either: reject the application, request additional information/clarification, or take the lack of information into account when evaluating the application. If the requisite minimum number of participants is not selected for a particular mission by the recruitment deadline, the mission may be cancelled.

Each applicant must also certify that the products and services it seeks to export through the mission are either produced in the United States, or, if not, are marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content by value. In the case of a trade association or organization, the applicant must certify that, for each firm or service provider to be represented by the association/organization, the products and/or services the represented firm or service provider seeks to export are either produced in the United States or, if not, marketed under the name of a U.S. firm and have at least 51% U.S. content.

A trade association/organization applicant must certify and agree to the above for every company it seeks to represent on the mission. In addition, each applicant must:

- Certify that the products and services that it wishes to market through the mission would be in compliance with U.S. export controls and regulations;

The Following Selection Criteria Will Be Used for the Mission

Targeted mission participants are U.S. firms, services providers and trade associations/organizations providing or promoting U.S. products and services that have an interest in entering or expanding their business in the mission's destination country. The following criteria will be evaluated in selecting participants:

- Suitability of the applicant's (or in the case of a trade association/organization, represented firm's or service provider's) products or services to these markets;
- The applicant's (or in the case of a trade association/organization, represented firm's or service provider's) potential for business in the markets, including likelihood of exports resulting from the mission; and
- Consistency of the applicant's (or in the case of a trade association/organization, represented firm's or service provider's) goals and objectives with the stated scope of the mission.

Balance of company size and location may also be considered during the review process. Referrals from a political party or partisan political group or any information, including on the application, containing references to political contributions or other partisan political activities will be excluded from the application and will not be considered during the selection process. The sender will be notified of these exclusions. The Department of Commerce will evaluate applications and inform applicants of selection decisions on a rolling basis until the maximum number of participants has been selected.
