[Docket No. 231005-0238]

RIN 0694-AJ40

Addition of Entities to the Entity List

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: In this rule, the Bureau of Industry and Security (BIS) amends the Export Administration Regulations (EAR) by adding 49 entities under 52 entries to the Entity List. These entries are under the destinations of the People's Republic of China (China) (42), Estonia (1), Finland (1), Germany (1), India (3), Turkey (2), United Arab Emirates (1), and the United Kingdom (1). Some entities may have multiple entries, accounting for the difference in the total number of entities and entries. These 49 entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States.

DATES: This rule is effective on October 6, 2023.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR (15 CFR parts 730-774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United

States, pursuant to § 744.11(b). The EAR impose additional license requirements on, and limit the availability of, most license exceptions for exports, reexports, and transfers (in-country) when a listed entity is a party to the transaction. The license review policy for each listed entity is identified in the "License Review Policy" column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document that added the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to parts 744 (Control Policy: End-User and End-Use Based) and 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

Entity List Decisions

Additions to the Entity List

The ERC determined to add the following 49 entities to the Entity List: ACE Electronics (HK) Co., Limited; Alliance Electro Tech Co., Limited; Alpha Trading Investments Limited; Asia Link Shanghai Int'l Logistics Co., Ltd.; Benico Limited; Check IC Solution Limited; Chengdu Jingxin Technology Co. Ltd.; E-Chips Solution Co. Ltd.; Farteco Limited; Glite Electronic Technology Co., Limited; Global Broker Solutions Limited; Grants Promotion Service Limited; Guangdong Munpower Electronic Commerce Co. Ltd.; Huayuanshitong Technology Co. Ltd.; IMAXChip; Insight Electronics; Kingford PCB Electronics Co., Ltd.; Kobi International Company; Most Technology Limited; New Wally Target International Trade Co., Limited; Nuopuxun Electronic Technology Co., Limited; Onstar Electronics Co. Ltd.; Robotronix Semiconductors Limited; Rui En Koo Technology Co. Ltd.; Shaanxi Yingsaier Electronic Technology Co. Ltd.; Shanghai IP3 Information Technology Co. Ltd.; Shenzhen One World International Logistics Co., Limited; Shvabe Opto-Electronics Co. LTD.; Suntop Semiconductor Co., LTD.; Tordan Industry Limited; TYT Electronics Co. Ltd.; UCreate Electronics Group; Wargos Industry Limited; Win Key Limited; Xin

Quan Electronics Hong Kong Co. Limited; ZeYuan Technology Limited; Zhejiang Foso Electronics Technology Co. Ltd.; Zixis Limited; and Zone Chips Electronics Hong Kong Co. Limited under the destination of China; C & I Semiconductor Co. Ltd. under the destinations of China and India; China Shengshi International Trade Ltd. under the destinations of China and the United Kingdom; PT Technology Asia Limited under the destinations of China and Finland; Elmec Trade OU under the destination of Estonia; Interquest GmbH under the destination of Germany; Abhar Technologies and Services Private Limited; and Innovio Ventures under the destination of India; LL Chip Elektrik Elektronik Paz; and Scitech Tasimacilik Ticaret Limited under the destination of Turkey; and Hulm al Sahra Elect Devices TR under the destination of the United Arab Emirates.

These entities are added to the Entity List for providing support to Russia's military and/or defense industrial base. Specifically, these entities supplied Russian consignees connected to the Russian defense sector with U.S.-origin integrated circuits after March 1, 2023. These integrated circuits are classified under Harmonized Tariff System (HTS)-6 codes 854231, 854232, 854233, and/or 854239. These HTS-6 codes are identified under supplement no. 4 to part 746 (Russian and Belarusian Industry Sector Sanctions Pursuant to § 746.5(a)(1)(ii)). All U.S.-origin items classified under these HTS-6 codes have been controlled for export and reexport and transfer within Russia since September 15, 2022. Such U.S.-origin items require a license under § 746.5(a)(1)(ii) of the EAR when destined to Russia or Belarus.¹

Therefore, the documented shipments by these entities to Russia of such U.S.-origin items are contrary to U.S. national security and foreign policy interests under § 744.11(b) of the EAR. All entities added by this rule have a license requirement for all items subject to the EAR, and a license review policy of denial.

For the reasons described above, this final rule adds 49 entities under the following 52 entries, including aliases where appropriate, to the Entity List:

¹ On February 24, 2023 (88 FR 12150), BIS also expanded controls to include certain foreign-made items classified under the same HTS-6 codes destined to Russia, due to their demonstrated use in weapons found on the battlefield in Ukraine. Such foreign-made items are subject to the EAR and the license requirements of § 746.8(a)(2) when a reexport, export from abroad, or transfer (in-country) meets the destination scope of the Russia/Belarus/Temporarily occupied Crimea region of Ukraine FDP rule described in § 734.9(f) of the EAR.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves an information collection approved by OMB under control number 0694–0088, Simplified Network Application Processing System. II. Background Information and Regulatory History

On August 29, 2023, the Coast Guard was made aware by the Cianbro Companies of the Southport Swing Bridge rehabilitation and construction project in Southport, ME, Maine DOT Project WIN 021751.01. Marine construction actions will consist of coating repairs, replacement of the fender and pier system, full machinery and controls system upgrade, deck replacement and a number of structural repairs. During these construction activities work and crane barges are expected to block the channel and the bridge will be unable to open for vessel traffic. The Captain of the Port Sector Northern New England (COTP) has determined that potential hazards associated with the bridge construction would be a safety concern for anyone within a 50-yard radius of the center point of the bridge. If the project is completed prior to May 17, 2024,
