DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2018-0033]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on July 25, 2023, the Michigan State Trust for Railway Preservation, Inc.

(MSTRP), doing business as The Steam Railroading Institute, petitioned the Federal Railroad Administration (FRA) for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 240 (Qualification and Certification of Locomotive Engineers). The relevant Docket Number is FRA-2018-0033.

Specifically, MSTRP requests to extend its relief from § 240.201(d), which requires that only certified persons operate locomotives and trains. The current relief allows noncertified persons to operate a locomotive as part of a “Hands on the Throttle” program on Great Lakes Central Railroad owned and operated tracks. In support of its petition, MSTRP notes that the relief would only apply to persons participating in the program, and that participants would have a valid driver’s license and be under the direct supervision of a certified and qualified locomotive engineer. Further, all movements would take place during daylight hours and at restricted speed. MSTRP states that the program generates interest in steam locomotive technology to preserve knowledge and heritage of railroading into the future.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.
