

assessment of ORF based on its periodic monitoring of ORF rates and allow the Exchange to mirror similar provisions already in place on other exchanges. Finally, the Exchange states that the proposed change would not introduce any novel regulatory issues. For these reasons, and because the proposed rule change does not raise any novel legal or regulatory issues, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

private sector capital and expertise to achieve a variety of economic goals.

The purpose of this collection is to gather the required details necessary to determine if applicants' projects qualify to participate in the I2U2 initiative. This information is necessary to select participants and share information with I2U2 partners. The window to receive project proposals will remain open as long as the I2U2 initiative exists.

I2U2 will consider projects and initiatives on an individual basis that meet the following criteria:

1. Fall into at least one of these seven sectors: water, climate/energy, transportation, space, health, food security, or technology.

2. Preferably operate in the Middle East, India, the United States, or Africa. However, the I2U2 Group will consider opportunities anywhere in the world.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 35441 (Sub-No. 1)]

Blackwell Northern Gateway Railroad Company—Lease Exemption—Oklahoma Department of Transportation and Blackwell Industrial Authority

Blackwell Northern Gateway Railroad Company (BNGR), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to continue to lease approximately 37.26 miles of rail line, owned by the Oklahoma Department of Transportation (ODOT) and Blackwell Industrial Authority (BIA) and extending from milepost 0.09 at Wellington, Kan., to milepost 35.35 at Blackwell, Okla., and from milepost 127.0 at Blackwell to milepost 125.0

also at Blackwell (the Line). ODOT owns the portions of the Line extending from milepost 18.32 at Hunnewell, Kan., to milepost 35.35 at Blackwell, and from milepost 127.0 to milepost 126.45 in Blackwell. BIA owns the portions of the Line extending from milepost 0.09 at Wellington to milepost 18.32 at Hunnewell, and from milepost 126.45 to milepost 125.0 in Blackwell.

BNGR states that it currently operates the Line pursuant to a lease agreement with ODOT and BIA.¹ According to BNGR, it, ODOT, and BIA have executed a new Track Lease and Operating Agreement, which will govern BNGR operation of the Line upon the effective date of this notice.

BNGR certifies that its projected annual freight revenues will not result in the creation of a Class I or Class II rail carrier and will not exceed \$5 million. BNGR also certifies that the agreement does not include an interchange commitment.

The transaction may be consummated on or after November 1, 2023,² the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than October 25, 2023 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 35441 (Sub-No. 1), must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street, SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on BNGR's representative, Bradon J. Smith, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606.

According to BNGR, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: October 13, 2023.

¹ See *Blackwell N. Gateway R.R.—Lease Renewal Exemption—Okla. Dept. of Transp.*, FD 35441 (STB served Nov. 17, 2010).

² BNGR initially submitted its verified notice on September 29, 2023, but supplemented it by letter on October 2, 2023. The date of BNGR's supplement will be considered the filing date for purposes of calculating the effective date of this exemption.
