

Notices

Federal Register

Vol. 88, No. 204

Tuesday, October 24, 2023

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by November 24, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Public Health Information System.

OMB Control Number: 0583–0153.

Summary of Collection: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled.

Need and Use of the Information: FSIS uses a Web-based system that improves FSIS inspection operations and facilitates industry members' applications for inspection, export, and import of meat, poultry, and egg products. Industry members use FSIS forms in PHIS. Industry is able to submit some of these forms through a series of screens in PHIS; other forms are available in PHIS only as electronic forms. To not collect the information would inhibit the ability of FSIS to ensure that meat, poultry, and egg products are safe, wholesome, and properly labeled.

Description of Respondents: Business or other for-profit.

Number of Respondents: 6,294.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 116,074.

Ruth Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: whether the collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by November 24, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Rural Utilities Service

Title: Empowering Rural America Program.

OMB Control Number: 0572–0158.

Summary of Collection: The Empowering Rural America (New ERA) Program provides financial assistance to Eligible Entities, as described in Section C, to achieve the greatest reductions in GHG emissions through the cooperatives' voluntary transformation of rural electric systems in a way that promotes resiliency and reliability of rural electric systems and affordability for their members.

With the Inflation Reduction Act, the Biden-Harris Administration and the United States Congress are making the greatest investment in rural electrification since the New Deal. The Biden-Harris Administration understands the transformative nature

and special qualities provided by this appropriation. Energy produced will be clean, affordable, reliable, and owned by the people who live in rural America. As a result, this legislation and the funding opportunity here allows for a New ERA in rural communities.

Need and Use of the Information:

Eligible applicants under the New ERA Program are electric cooperatives as described in section 501(c)(12) or 1381(a)(2) of the Internal Revenue Code of 1986 and is or has been a RUS (formerly the Rural Electrification Administration) electric loan borrower pursuant to the RE Act or is serving a predominantly rural area (or a wholly or jointly owned subsidiary of such electric cooperative). There are well over 900 rural electric cooperatives eligible for this program.

The application process for the New ERA Program will be conducted in two phases. Phase one will be a Letter of Interest (LOI) with sufficient information to determine a pool of prospective applicants which advance the goals of the statute, achieve policy objectives, meet minimum requirements, and are within the budget of the program. Those LOIs that meet the criteria will be issued an Invitation to Proceed to submit a full, complete New ERA application (phase two).

Applicants wishing to apply for the New ERA Program with an LOI and if successful, a complete application must submit requested data, proposals, certifications and agreements to the Agency thru an online application window. The information collected will be used to: determine applicant and project eligibility, assess the projects' technical and financial merit and evaluate the metrics that reflect achieving the greatest reductions in greenhouse gas emissions in order to rank the applications and determine which ones to offer an award. Lack of adequate information to make the determinations could result in the improper administration and appropriation of Federal funds.

Description of Respondents: State, Local, and Tribal Governments.

Number of Respondents: 250.

Frequency of Responses: Reporting: On occasion; Annually.

Total Burden Hours: 185,514.

Rural Utilities Service

Title: Powering Affordable Clean Energy Program.

OMB Control Number: 0572-0159.

Summary of Collection: On August 16, 2022, Congress passed the Inflation Reduction Act (IRA) of 2022 (Pub. L. 117-169). Subtitle C, Section 22001 of IRA amended Section 9003 of the Farm

Security and Rural Investment Act of 2002 (7 U.S.C. 8103) by adding new subsection (h). Through the passing of IRA, the Powering Affordable Clean Energy (PACE) Program was established with the goal of supporting clean, affordable energy growth across America.

The PACE Program will be administered by the Rural Utilities Service (RUS), a Rural Development (RD) Agency of the United States Department of Agriculture (USDA), that provides mortgage loans and loan guarantees to electric systems to provide and improve electric service in rural areas pursuant to the Rural Electrification Act of 1936, as amended (7 U.S.C. 901 *et seq.*, RE Act). Section 22001 of IRA provided the Agency with \$1,000,000,000 in Budget Authority (BA), to remain available until September 30, 2031. With this BA, the Agency through the PACE Program, will provide loans to eligible entities, with varying levels of loan forgiveness, for Projects that generate and/or store electricity from Renewable Energy Resource (RER) systems.

Need and Use of the Information: The Application process for the PACE Program will be conducted in two phases. Phase one will be a Letter of Interest (LOI) with sufficient information to determine a pool of prospective applicants which advance the goals of the statute, achieve policy objectives, meet minimum requirements, and are within the budget of the program. Those LOIs that meet the criteria will be issued an Invitation to Proceed to submit a full, complete Application (phase two).

Applicants wishing to apply for the PACE Program with a LOI and if successful, a completed Application must submit requested data, proposals, certifications, and agreements to the Agency thru an online application window. The information collected will be used to determine a borrower's ability to meet financial obligations, includes analyses and document review by RUS regarding the applicant's historical, current, and projected costs, revenues, cash flows, assets, and other factors that may be relevant on a case-by-case basis. RUS recognizes that Projects outlined by applicants may vary in size, financial complexity, and administration; so, the respondent's burden may vary as well. The RUS Administrator maintains discretion to forego requirements for parts of the following information as required by the conditions among applicants.

Description of Respondents: State, Local, and Tribal Governments.

Number of Respondents: 250.

Frequency of Responses: Reporting: On occasion; Annually.

Total Burden Hours: 23,333.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2022-0073]

Addition of the Federal Democratic Republic of Nepal to the List of Regions Affected by African Swine Fever

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that we have added the Federal Democratic Republic of Nepal to the Animal and Plant Health Inspection Service (APHIS) list maintained on the APHIS website of regions considered to be affected with African swine fever (ASF). We have taken this action because of the confirmation of ASF in the Federal Democratic Republic of Nepal.

DATES: The Federal Democratic Republic of Nepal was added to the APHIS list of regions considered affected with ASF effective May 23, 2022.

FOR FURTHER INFORMATION CONTACT: Dr. Amber Kerk, Staff Officer, Regionalization Evaluation Services, Strategy and Policy, Veterinary Services, APHIS, 920 Main Campus Drive, Venture II, 3rd Floor, Raleigh, NC 27606; phone: (608) 662-0625; email: AskRegionalization@usda.gov.

SUPPLEMENTARY INFORMATION: The regulations in 9 CFR part 94 (referred to below as the regulations) govern the importation of specified animals and animal products to prevent the introduction into the United States of various animal diseases, including African swine fever (ASF). ASF is a highly contagious disease of wild and domestic swine that can spread rapidly with extremely high rates of morbidity and mortality. A list of regions where ASF exists or is reasonably believed to exist is maintained on the Animal and Plant Health Inspection Service (APHIS) website at <https://www.aphis.usda.gov/aphis/ourfocus/animalhealth/animal-and-animal-product-import->
