

allow housing counseling agencies to use alternative communication methods, including virtual meeting tools, in lieu of providing in-person services. Participating agencies that do not provide in-person services would be required to refer clients to local providers that provide such services, when requested. The proposed rule would help reduce the costs of maintaining multiple physical locations, instead shifting emphasis to demonstrating knowledge of the local housing market and community resources and whether a housing counseling agency has established a sufficient community base to operate in the area covered by its work plan. These revisions impose no significant economic impact on a substantial number of small entities. Therefore, the undersigned certifies that this rule will not have a significant impact on a substantial number of small entities.

Notwithstanding HUD’s view that this rule will not have a significant effect on a substantial number of small entities, HUD specifically invites comments regarding any less burdensome alternatives to this rule that will meet HUD’s objectives as described in the preamble to this rule.

Environmental Impact

This rule does not direct, provide for assistance or loan and mortgage insurance for, or otherwise govern or regulate real property acquisition, disposition, leasing, rehabilitation, alteration, demolition, or new construction; or establish, revise, or provide for standards for construction or construction materials, manufactured housing, or occupancy. Accordingly, under 24 CFR 50.19(c)(1), this rule is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).

Executive Order 13132, Federalism

Executive Order 13132 (entitled “Federalism”) prohibits an agency from publishing any rule that has federalism implications if the rule either: (i) imposes substantial direct compliance costs on State and local governments and is not required by statute, or (ii) preempts State law, unless the agency meets the consultation and funding requirements of section 6 of the Executive order. This proposed rule does not have federalism implications and does not impose substantial direct compliance costs on State and local governments or preempt State law within the meaning of the Executive order.

Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) (UMRA) establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and Tribal governments, and on the private sector. This proposed rule will not impose any Federal mandates on any State, local, or Tribal Governments, or on the private sector, within the meaning of the UMRA.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless the collection displays a currently valid Office of Management and Budget (OMB) control number. The information collection requirements contained in this proposed rule have been approved by OMB under the Paperwork Reduction Act and assigned OMB control numbers 2502–0574 and 2502–0614.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, the Department of the Army is establishing a new system of records titled Army Safety Management Program Records (ASMPR), A0385–1 DAS. This system of records supports the prevention and management of injuries and illnesses due to work-related activities, and reduces its adverse impact on operational readiness. The system maintains records about individuals who suffer work-related injuries or illness caused by an accident, mishap, or hazard during work-related activities while on or off a DoD worksite, where there is a nexus to Army personnel, activities, or facilities/equipment, and/or individuals found to have contributed to the accident, mishap, or hazard.

II. Privacy Act Exemption

The Privacy Act permits Federal agencies to exempt eligible records in a system of records from certain provisions of the Act, including the provisions providing individuals with a right to request access to and amendment of their own records and accountings of disclosures of such records. If an agency intends to exempt a particular system of records, it must first go through the rulemaking process pursuant to 5 U.S.C. 553(b)(1)–(3), (c), and (e). This proposed rule explains why an exemption is being claimed for this system of records and invites public comment, which DoD will consider
