OFCCP will identify projects that receive an award under this notice and are required to participate in OFCCP's Mega Construction Project Program from a wide range of Federally-assisted projects over which OFCCP has jurisdiction and that have a project cost above \$35 million. DOT will require project sponsors with costs above \$35 million that receive awards under this funding opportunity to partner with OFCCP, if selected by OFCCP, as a condition of their DOT award.

Performance and Program Evaluation: As a condition of grant award, grant recipients may be required to participate in an evaluation undertaken by DOT, the FAA, or another agency or partner. The evaluation may take different forms, such as an implementation assessment across grant recipients, an impact and/or outcomes analysis of all or selected sites within or across grant recipients, or a benefit/cost analysis or assessment of return on investment. DOT may require applicants to collect data elements to aid the evaluation. As a part of the evaluation, as a condition of award, grant recipients must agree to: (1) make records available to the evaluation contractor or DOT staff; (2) provide access to program records and any other relevant documents to calculate costs and benefits; (3) in the case of an impact analysis, facilitate the access to relevant information as requested; and (4) follow evaluation procedures as specified by the evaluation contractor or DOT staff. Requested program records or information will be consistent with record requirements outlined in 2 CFR 200.334–338 and the grant agreement.

The grant recipient must acknowledge that it is under a continuing obligation to comply with the terms and conditions of the grant agreement issued for its project with the FAA. The grant recipient understands that federal laws, regulations, policies, and administrative practices might be modified from time to time and may affect the implementation of the project. The grant recipient must agree that the most recent Federal requirements will apply to the project unless the FAA issues a written determination otherwise.

The grant recipient must submit the Certifications at the time of grant application and Assurances must be accepted as part of the grant agreement at the time of accepting a grant offer.
