Agency Information Collection Activities; Submission for OMB Review; Comment Request; Federal Insurance Office Climate-Related Financial Risk Data Collection for U.S. Homeowners Multi-Peril Underwriting Data

AGENCY: Federal Insurance Office, Departmental Offices, Department of the Treasury.

ACTION: Notice of information collection; request for comment.

SUMMARY: Pursuant to the Federal Insurance Office Act of 2010 (FIO Act), the Federal Insurance Office (FIO) of the U.S. Department of the Treasury will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (PRA), on or after the date of publication of this notice. This data collection will assist FIO's assessment of the potential for any major disruptions of private insurance coverage in regions of the country particularly vulnerable to climate change impacts. The public is invited to submit comments on this request.

DATES: Comments must be received by December 4, 2023 to be assured of consideration.

ADDRESSES: Written comments and recommendations for the proposed information collection should be submitted at <https://www.reginfo.gov/public/do/PRAMain>. Find this information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION:

Title: Federal Insurance Office Climate-Related Financial Risk Data Collection for U.S. Homeowners Multi-Peril Underwriting Data.

OMB Control Number: 1505–NEW.
Type of Review: Request for a new OMB Control Number.

Description: On May 20, 2021, President Biden issued the Executive Order on Climate-Related Financial Risk, Exec. Order No. 14030 (E.O. 14030), which called on FIO to: (1) “assess climate-related issues or gaps in the supervision and regulation of insurers” and (2) “further assess, in consultation with States, the potential for major disruptions of private insurance coverage in regions of the country particularly vulnerable to climate change impacts.”¹ This information collection is necessary for FIO to advance its statutory mandates (including to monitor the extent to which traditionally underserved communities and consumers, minorities, and low- and moderate-income persons have access to affordable insurance products, and to monitor all aspects of the insurance industry) and to fulfill the second undertaking for FIO under E.O. 14030.²

Under FIO's data collection, FIO will obtain consistent, granular, and comparable homeowners insurance data that is not otherwise publicly available on a nationwide level. This nationwide view is critical to understanding how climate-related financial risks impact families and individuals across state markets and the United States, and how these effects could impact the broader financial system.

FIO Authorities

Under the FIO Act, FIO's authorities include monitoring all aspects of the insurance sector, including identifying issues or gaps in the regulation of insurers that could contribute to a systemic crisis in the insurance sector or the U.S. financial system; monitoring the extent to which traditionally underserved communities and consumers, minorities, and low- and moderate-income persons have access to affordable insurance products; collecting data and information on and from the insurance industry and insurers; analyzing and disseminating data and information; and issuing reports regarding all lines of insurance that FIO monitors.³ Each of these authorities is relevant to FIO's planned data collection.

¹ Executive Order on Climate-Related Financial Risk, Exec. Order No. 14030, 86 FR 27,967 (May 20, 2021) (E.O. 14030).

² 31 U.S.C. 313(c); E.O. 14030. FIO addressed the first undertaking for FIO under E.O. 14030 with the publication of its report *Insurance Supervision and Regulation of Climate-Related Risks* (June 2023), <https://home.treasury.gov/system/files/311/FIO-June-2023-Insurance-Supervision-and-Regulation-of-Climate-Related-Risks.pdf>.

³ 31 U.S.C. 313–314.

Efforts To Collect Data From Other Sources

Before FIO seeks to collect data directly from insurers, the FIO Act requires FIO to coordinate with relevant insurance regulators in the 50 states, the District of Columbia, and the five U.S. territories (collectively, the State Insurance Regulators), relevant federal agencies, and any publicly available sources in accordance with procedures set forth in the FIO Act before FIO collects the data directly from insurers.⁴ Prior to publishing FIO's October 2022 notice and request for comment related to the proposed data collection (October 2022 FRN), FIO coordinated with State Insurance Regulators to determine if they could provide in a timely manner the data that FIO proposed collecting.⁵ Following those efforts, as described in detail in the October 2022 FRN, FIO determined that the data that FIO was proposing to collect was not available or could not be obtained in a timely manner from any of the State Insurance Regulators, relevant federal agencies, or publicly available sources.⁶

After the end of the comment period for the October 2022 FRN, FIO had additional meetings with the NAIC and the State Insurance Regulators to offer increased coordination and collaboration between FIO's proposed data collection and any efforts of the NAIC and State Insurance Regulators. On August 15, 2023, the NAIC

⁴ 31 U.S.C. 313(e)(4) provides that “Before collecting any data or information under paragraph (2) from an insurer, or affiliate of an insurer, the Office shall coordinate with each relevant Federal agency and State insurance regulator (or other relevant Federal or State regulatory agency, if any, in the case of an affiliate of an insurer) and any publicly available sources to determine if the information to be collected is available from, and may be obtained in a timely manner by, such Federal agency or State insurance regulator, individually or collectively, other regulatory agency, or publicly available sources. If the Director determines that such data or information is available, and may be obtained in a timely manner, from such an agency, regulator, regulatory agency, or source, the Director shall obtain the data or information from such agency, regulator, regulatory agency, or source. If the Director determines that such data or information is not so available, the Director may collect such data or information from an insurer (or affiliate) only if the Director complies with the requirements of subchapter I of chapter 35 of title 44, United States Code (relating to Federal information policy; commonly known as the Paperwork Reduction Act), in collecting such data or information. Notwithstanding any other provision of law, each such relevant Federal agency and State insurance regulator or other Federal or State regulatory agency is authorized to provide to the Office such data or information.”
