We invite interested parties to comment on these preliminary results.

DATES: Applicable November 8, 2023.

FOR FURTHER INFORMATION CONTACT: Kyle Clahane, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5449.

SUPPLEMENTARY INFORMATION:

Background

On November 6, 2014, Commerce published in the **Federal Register** the antidumping duty order on rebar from Mexico.¹ On November 1, 2022, Commerce published in the **Federal Register** a notice of opportunity to request administrative reviews of the *Order*.² On January 3, 2023, based on timely requests for review, in accordance with section 751(a)(1) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i), Commerce initiated an administrative review of the *Order* covering 20 companies.³ On January 3, 2023, we selected Deacero Group⁴ and Grupo Acerero S.A. de C.V. (Acerero) for individual examination as the mandatory respondents in this administrative review.⁵ Pursuant to section 751(a)(3)(A) of the Act, Commerce extended the deadline for the preliminary results until November 3, 2023.⁶

For a complete description of the events that followed the initiation of the review, *see* the Preliminary Decision Memorandum.⁷ A list of topics included in the Preliminary Decision Memorandum is included in the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of

the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The merchandise subject to the *Order* is steel concrete reinforcing bar from Mexico. The rebar subject to the *Order* is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7213.10.0000, 7214.20.0000, 7228.30.8010, 7215.90.1000, 7215.90.5000, 7221.00.0017, 7221.00.0018, 7221.00.0030, 7221.00.0045, 7222.11.0001, 7222.11.0057, 7222.11.0059, 7222.30.0001, 7227.20.0080, 7227.90.6085, 7228.20.1000, and 7228.60.6000. While HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of the *Order* is dispositive. For a complete description of the scope of the *Order*, *see* the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. Constructed export price was calculated in accordance with section 772 of the Act. Normal value was calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our preliminary results, *see* the Preliminary Decision Memorandum.

Rate for Non-Selected Companies

For the rate for companies not selected for individual examination in an administrative review, generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value (LTFV) investigation. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}.” In this administrative review, we calculated weighted-average dumping margins for Deacero Group and Acerero that are not zero, *de minimis*, or based entirely on total facts available. For the respondents that were not selected for individual examination in this administrative review, we have assigned to them the weighted-average dumping margins calculated for Deacero Group and Acerero, consistent with the

Unless extended, we intend to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case and rebuttal briefs, within 120 days of publication of these preliminary results in the **Federal Register**.¹⁴

Assessment Rates

Upon issuance of the final results of this administrative review, pursuant to section 751(a)(2)(A) of the Act, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise.

For individually examined respondents whose weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent), we will calculate importer-specific *ad*

valorem antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). If the respondent has not reported entered values, we will calculate a per-unit assessment rate for each importer by dividing the total amount of dumping calculated for the examined sales made to that importer by the total quantity associated with those sales. To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also will calculate an importer-specific *ad valorem* ratio based on estimated entered values. Where either a respondent’s weighted average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we intend to instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁵

For entries of subject merchandise during the POR produced by each individually examined respondent for which the producer did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate (20.58 percent) if there is no rate for the intermediate company(ies) involved in the transaction.¹⁶

For those companies which were not individually examined, we will instruct CBP to assess antidumping duties at an

ad valorem rate equal to the weighted-average dumping margin determined for the non-examined companies in the final results of this review.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review where applicable. Commerce intends to issue assessment instructions to CBP no earlier than 41 days after the date of publication of the final results of this review in the **Federal Register**, in accordance with 19 CFR 356.8(a).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for each specific company listed above will be that established in the final results of this administrative review, except if the rate is less than 0.50 percent, and therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or in the investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 20.58 percent, the rate established in the investigation of this proceeding.¹⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that

reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, 19 CFR 351.213(h)(2), and 19 CFR 351.221(b)(4).

Dated: November 1, 2023.

Assistant Secretary for Enforcement and Compliance.
