

requiring application coding changes,³⁹ and (ii) not to exceed 120 days for items requiring changes to how a data object is stored and that may include changes impacting historical data in the object. These 60-day and 120-day periods shall be measured from the date on which the monthly compliance report is provided to Commission staff. For purposes of this condition:

- A significant, unanticipated, or rapid change in data volume shall be deemed to have occurred in the event of an average daily data volume increase of 30% in the applicable data object(s) from the lesser of: (i) the peak daily data volume observed in the prior month, or (ii) the peak daily data volume observed in the same month in the prior year.

- A significant, unanticipated, or rapid change in user behavior shall be deemed to have occurred in the event of an average daily OTQT query count increase of 30% from the lesser of: (i) the peak daily OTQT query count observed in the prior month, or (ii) the peak daily OTQT query count observed in the same month in the prior year.

Written notification of these determinations will be provided to and reviewed with Commission staff.
