POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records may be retrieved by search criteria that include names of individuals, names of businesses, identifying particulars, organizations, Social Security Number, EPA ID number, or driver's license number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records are retained and disposed of in accordance with EPA Records Retention Schedules approved by the National Archives and Records Administration (NARA).

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Security controls used to protect personal sensitive data in OIG Data Analytics Enterprise are commensurate with those required for an information system rated MODERATE for confidentiality, integrity, and availability, as prescribed in National Institute of Standards and Technology (NIST) Special Publication, 800-53, "Security and Privacy Controls for Information Systems and Organizations," Revision 5.

1. *Administrative Safeguards:* All users must take annual mandatory Security Awareness and Privacy training as provided by the Agency. Additionally, staff determined to have significant security responsibilities are also required to complete role-based training (RBT).

2. *Technical Safeguards:* Access to electronic records is restricted to the OIG staff and contractors individually authorized to access the electronic system. Access is restricted based on assigned roles and responsibilities. Authentication to the system occurs through the Agency's Active Directory Domain Controller. Passwords must meet complexity requirements and are changed periodically, in accordance with OIG policies. Also, all devices that connect to the system use a screen lock; both (screen lock and password) are enforced by Agency policy.

3. *Physical Safeguards:* Electronic records are stored on servers maintained in a locked facility that is secured at all times. All electronic media are kept in limited-access areas during duty hours and in locked offices during nonduty hours and are used only by authorized screened personnel.

RECORD ACCESS PROCEDURES:

Pursuant to 5 U.S.C. 552a(j)(2), (k)(2), and (k)(5), certain records maintained in the OIG Data Analytics Enterprise are

exempt from specific access and accounting provisions of the Privacy Act. See 40 CFR 16.11 and 16.12. However, EPA may, in its discretion, grant individual requests for access if it determines that the exercise of these rights will not interfere with an interest that the exemption is intended to protect. Requests for access must be made in accordance with the procedures described in EPA's Privacy Act regulations at 40 CFR part 16.

CONTESTING RECORD PROCEDURES:

Pursuant to 5 U.S.C. 552a(j)(2), (k)(2), and (k)(5), certain records maintained in the OIG Data Analytics Enterprise are exempt from specific access and accounting provisions of the Privacy Act. See 40 CFR 16.11 and 16.12. However, EPA may, in its discretion, grant individual requests for correction and amendment if it determines that the exercise of these rights will not interfere with an interest that the exemption is intended to protect. Requests for correction and amendment must identify the record to be changed and the correction sought, and must be made in accordance with the procedures described in EPA's Privacy Act regulations at 40 CFR part 16.

NOTIFICATION PROCEDURES:

Individuals who wish to be informed whether a Privacy Act system of records maintained by EPA contains any record pertaining to them, should make a written request to the EPA, Attn: Agency Privacy Officer, MC 2831T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, or by email at: privacy@epa.gov. A full description of EPA's Privacy Act procedures is included in EPA's Privacy Act regulations at 40 CFR part 16.
