

Consultation and Determination of Appropriateness

Consultations

EXIM identified the DOE CE that could apply to EXIM's proposed actions and consulted with DOE in September 2023. During this consultation, the agencies discussed whether the categories of EXIM proposed actions would be appropriately covered by the DOE CE; the extraordinary circumstances that EXIM should consider before applying the CE to EXIM's proposed actions; and the requirement to evaluate the conditions listed as integral elements in DOE's regulations (10 CFR 1021, subpart D, appendix B (1)–(5)). The agencies also discussed DOE's past use of the CE.

At the conclusion of that process, the agencies determined that EXIM's proposed use of the CE as described in this notice would be appropriate because the categories of actions for which EXIM plans to use the CE are consistent with the DOE CE.

Notice to the Public and Documentation of the Adoption

This notice serves to identify to the public and document EXIM's adoption of DOE's CE. The notice identifies the types of actions to which EXIM will apply the CE, as well as the considerations that EXIM will use in determining whether an action is within the scope of the CE.
