

(3) The process to submit a response to the RFP.

(b) Covered facilities will submit responses to the RFP to VA Central Office.

(c) Consistent with paragraph (a) of this section, VA Central Office will evaluate responses to the RFP and will determine those covered facilities where residents may be placed and costs under § 17.248 are paid or reimbursed.

Once VA determines in which covered facilities residents will be placed in accordance with §§ 17.246 through 17.247, payment or reimbursement is authorized for the following costs:

(a) *Resident stipends and benefits.* For residents placed in covered facilities, VA may pay only the proportionate cost of resident stipends and benefits that are associated with residents participating in educational activities directly related to the PPGMER, in accordance with any contract, agreement, or other arrangement VA has legal authority to form.

(b) *Costs associated with new residency programs.* (1) If a covered facility establishes a new residency program in which a resident is placed, VA will reimburse the following costs in accordance with any contract, agreement, or other arrangement VA has legal authority to form.

(i) Curriculum development costs, to include but not be limited to costs associated with needs analysis, didactic activities, materials, equipment, consultant fees, and instructional design.

(ii) Recruitment and retention of faculty costs, to include but not be limited to costs associated with advertising available faculty positions, and monetary incentives to fill such positions such as relocation costs and educational loan repayment.

(iii) Accreditation costs, to include but not be limited to the administrative fees incurred by a covered facility in association with applying for only initial accreditation of the program by the Accreditation Council for Graduate Medical Education (ACGME).

(iv) Faculty salary costs, to include only the proportionate cost of faculty performing duties directly related to the PPGMER.

(v) Resident education expense costs, to include but not be limited to costs associated with the required purchase of medical equipment and required training, national resident match program participation fees, and

residency program management software fees.

(2) VA considers new residency programs as only those residency programs that have initial ACGME accreditation or have continued ACGME accreditation without outcomes, and have not graduated an inaugural class, at the time VA has determined those covered facilities where residents will be placed under § 17.247(c).

RIN 2127–AM58

Federal Motor Vehicle Safety Standards; Bus Rollover Structural Integrity

AGENCY: National Highway Traffic Safety Administration (NHTSA), U.S. Department of Transportation (DOT).

ACTION: Final rule; partial grant of petitions for reconsideration.

SUMMARY: This document grants parts of petitions for reconsideration of a December 29, 2021, final rule that established Federal Motor Vehicle Safety Standard (FMVSS) No. 227, “Bus Rollover Structural Integrity.” The standard is intended to enhance rollover structural integrity and reduce the likelihood of ejection from over-the-road buses (motorcoaches), and other buses with a gross vehicle weight rating (GVWR) greater than 11,793 kilograms (kg) (26,000 pounds (lb)). This final rule adjusts the definition of “transit bus” and revises the maximum allowable weight of objects intruding into the survival space during the rollover test. This document denies other requests in the petitions, including petitions to expand the applicability of the standard to other bus types and extend the compliance date by 2 years.

DATES:

Effective date: This final rule is effective December 30, 2024.

Compliance date: The compliance date of this final rule is December 30, 2024. Optional early compliance is permitted.

Petitions for reconsideration: If you wish to petition for reconsideration of this rule, your petition must be received by December 28, 2023.

ADDRESSES: Correspondence related to this rule, should refer to the docket number in the heading of this document and be submitted to: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, West Building, Washington, DC 20590. The petition will be placed in the docket. I. Background

On December 29, 2021, NHTSA published a final rule that established FMVSS No. 227, “Bus Rollover Structural Integrity,” (86 FR 74270, Docket No. NHTSA–2021–0088). The purpose of this safety standard is to enhance the rollover structural integrity of over-the-road buses (motorcoaches) regardless of GVWR, and other buses with a GVWR greater than 11,793 kg (26,000 lb). Issued pursuant to the Moving Ahead for Progress in the 21st Century Act (MAP–21), this final rule requires covered buses to provide a “survival space” in a rollover test to protect the occupants from possible collapse of the bus structure around them. This final rule also prohibits emergency exits from opening in the rollover test to reduce the likelihood of ejection and requires no part of the vehicle originally outside the survival space pretest to enter the survival space during testing.
