

announce receipt of an application from Enterprise Leasing Company of Orlando, LLC (Enterprise Car Rental and Sales Clermont, applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take federally listed sand skink (*Neoseps reynoldsi*) (skink) incidental to the construction and operation of a commercial development in Lake County, Florida. We request public comment on the application, which includes the applicant's habitat conservation plan (HCP), and on the Service's preliminary determination that this proposed ITP qualifies as low-effect, and may qualify for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (40 CFR 1501.4), the Department of the Interior's (DOI) NEPA regulations (43 CFR 46), and the DOI's Departmental Manual (516 DM 8.5(C)(2)). To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review.

Proposed Project

The applicant requests a 5-year ITP to take skinks via the conversion of approximately 0.182 acres (ac) of occupied nesting, foraging, and sheltering skink habitat incidental to the construction and operation of a commercial development on 6.50-ac on Lake County Parcels 2922260602000001A0 and 2922260602000001C0 in Section 29, Township 22 South, Range 26 East, Lake County, Florida. The applicant proposes to mitigate for take of the skinks by purchasing credits equivalent to 0.38 ac of skink-occupied habitat within the Lake Livingston Conservation Bank or another Service-approved conservation bank. The Service would require the applicant to purchase the credits prior to engaging in any construction phase of the project.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant's proposed project, including the construction of the buildings and associated infrastructure (e.g., electric, water, and sewer lines), would individually and cumulatively have a minor effect on the sand skink and the human environment. Therefore, we have preliminarily determined that the proposed ESA section 10(a)(1)(B) permit would be a low-effect ITP that individually or cumulatively would have a minor effect on the sand skink

and may qualify for application of a categorical exclusion pursuant to the Council on Environmental Quality's NEPA regulations, DOI's NEPA regulations, and the DOI Departmental Manual. A low-effect incidental take permit is one that would result in (1) minor or nonsignificant effects on species covered in the HCP; (2) nonsignificant effects on the human environment; and (3) impacts that, when added together with the impacts of other past, present, and reasonably foreseeable actions, would not result in significant cumulative effects to the human environment.

Next Steps

The Service will evaluate the application and the comments to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding and other matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number PER 4062128 to Enterprise Leasing Company of Orlando, LLC (Enterprise Car Rental and Sales Clermont; applicant).

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment, including your personal identifying information, may be made available to the public. While you may request that we withhold your personal identifying information, we cannot guarantee that we will be able to do so.

Authority

The Service provides this notice under section 10(c) of the Endangered Species Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.32) and the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1500–1508 and 43 CFR 46).

Robert L. Carey,

Manager, Division of Environmental Review, Florida Ecological Services Field Office.
