

Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent reported reliable entered values, we calculated importer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer and dividing this amount by the total entered value of the merchandise sold to the importer.⁶ Where the respondent did not report reliable entered values, we calculated importer-specific per-unit assessment rates by dividing the total amount of dumping calculated for all reviewed U.S. sales to the importer by the total quantity of those sales. We also calculated an estimated *ad valorem* importer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis* (*i.e.*, 0.50 percent or less).⁷ Where an importer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. However, where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, or a respondent's weighted-average dumping margin is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁸

We will instruct CBP to apply an assessment rate to entries of subject merchandise from the non-individually examined company, Constellium, equal to the company's weighted-average dumping margin listed in the table in the "Final Results of Review" section above.

For entries that were not reported in the U.S. sales data submitted by Novelis, and Speira, but that were entered under their CBP 10-digit case numbers (*i.e.*, their cash deposit rates were applied at the time of entry), Commerce will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate

company(ies) involved in the transaction.⁹

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on, or after, the date of publication of this notice in the **Federal Register**, as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies identified in the table in the "Final Results of Review" section above will be equal to the weighted-average dumping margin listed for the company in that table; (2) the cash deposit rate for an exporter not covered by this administrative, will continue to be the company's currently existing cash deposit rate; (3) if the exporter was not covered by this review or a completed segment of this proceeding, but the producer of the subject merchandise was covered, the cash deposit rate will be the producers' most recently established cash deposit rate; and (4) the cash deposit rate for all other producers or exporters will continue to be 49.40 percent, the cash deposit rate established in the investigation of this proceeding.¹⁰

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the

regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing these final results of administrative review and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(2).
