

implement conflict of interest procedures that address such issues as the Commission determines to be appropriate. Section 4s(j)(5) also requires SDs and MSPs to ensure that any persons providing clearing activities or making determinations as to accepting clearing customers are separated by appropriate informational partitions from persons whose involvement in pricing, trading, or clearing activities might bias their judgment or contravene the core principle of open access. Section 4s(j)(6) of the CEA prohibits a SD or MSP from adopting any process or taking any action that results in any unreasonable restraint on trade or imposes any material anticompetitive burden on trading or clearing, unless necessary or appropriate to achieve the purposes of the Act. Section 2(h)(1)(B)(ii) of the CEA requires that derivatives clearing organization (“DCO”) rules provide for the nondiscriminatory clearing of swaps executed bilaterally or through an unaffiliated designated contract market or swap execution facility.

To address these provisions, the Commission promulgated regulations that prohibit arrangements involving FCMs, SDs, MSPs, and DCOs that would (a) disclose to an FCM, SD, or MSP the identity of a customer’s original executing counterparty (§§ 1.72(a), 23.608(a), and 39.12(a)(1)(vi)); (b) limit the number of counterparties with whom a customer may enter into a trade (§§ 1.72(b), 23.608(b), and 39.12(a)(1)(vi)); (c) restrict the size of the position a customer may take with any individual counterparty, apart from an overall credit limit for all positions held by the customer at the FCM (§§ 1.72(c), 23.608(c), and 39.12(a)(1)(vi)); (d) impair a customer’s access to execution of a trade on terms that have a reasonable relationship to the best terms available (§§ 1.72(d), 23.608(d), and 39.12(a)(1)(vi)); or (e) prevent compliance with specified time frames for acceptance of trades into clearing set forth in 1.74(b), 23.610(b), or 39.12(b)(7) (§§ 1.72(e), 23.608(e), and 39.12(a)(1)(vi)). Additionally, the Commission requires, through regulation 39.12(b)(7)(i)(B), DCOs to coordinate with clearing members to establish prompt processing of trades. Regulations 1.74(a) and 23.610(a) require reciprocal coordination by FCMs, SDs, and MSPs that are clearing members.

Under the above regulations, SDs, MSPs, FCMs, and DCOs are required to develop and maintain written customer clearing documentation and trade processing procedures. Maintenance of contracts, policies, and procedures is

prudent business practice. All SDs, MSPs, FCMs, and DCOs maintain documentation consistent with these regulations. The regulations are crucial both for effective risk management and for the efficient operation of trading venues among SDs, MSPs, FCMs, and DCOs. Each of these entities has a general recordkeeping obligation for these requirements under the Commission’s regulations (§ 39.20 for DCOs; § 23.606 for SDs and MSPs; and § 1.73 for FCMs).

The information collection burden arising from the regulations primarily is restricted to the costs associated with the affected registrants’ obligation to maintain records related to clearing documentation between the customer and the customer’s clearing member, and trade processing procedures between DCOs and FCMs, SDs, and MSPs. The information collection obligations are necessary to implement certain provisions of the CEA, including ensuring that registrants exercise effective risk management, and are also appropriate for the efficient operation of trading venues among SDs, MSPs, FCMs, and DCOs.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.² On August 25, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 58251 (“60-Day Notice”). The Commission did not receive any comments on the 60-Day Notice.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 180.

Estimated Average Burden Hours per Respondent: 40.

Estimated Total Annual Burden Hours: 7,200.

Frequency of Collection: As needed.

There are no capital costs or operating and maintenance costs associated with this collection.

SUPPLEMENTARY INFORMATION:

Title: Disclosure and Retention of Certain Information Relating to Cleared Swaps Customer Collateral (OMB Control No. 3038-0091). This is a request for extension of a currently approved information collection.

Abstract: Section 724(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111-023, 124 stat. 1376, amended the Commodity Exchange Act ("CEA"), 7 U.S.C. 1 *et seq.*, to add, as section 4d(f) thereof, provisions concerning the protection of collateral provided by a Cleared Swaps Customer to margin, guaranty, or secure a swap cleared by or through a derivatives clearing organization ("DCO"). Broadly speaking, in cleared swaps transactions customers provide collateral to futures commission merchants ("FCMs") through whom they clear their transactions. FCMs, in turn, may provide customer collateral to DCOs, through which FCMs clear transactions for their customers. 17 CFR part 22 is intended to implement CEA section 4d(f). Several of the sections of part 22 require collections of information.

Section 22.2(g) requires each FCM with Cleared Swaps Customer Accounts to compute daily the amount of Cleared

Swaps Customer Collateral on deposit in Cleared Swaps Customer Accounts, the amount of such collateral required to be on deposit in such accounts and the amount of the FCM's residual financial interest in such accounts. The purpose of this collection of information is to help ensure that FCMs' Cleared Swaps Customer Accounts are in compliance at all times with statutory and regulatory requirements for such accounts.

Section 22.5(a) requires an FCM or DCO to obtain, from each depository with which it deposits cleared swaps customer funds, a letter acknowledging that such funds belong to the Cleared Swaps Customers of the FCM, and not the FCM itself or any other person. The purpose of this collection of information is to confirm that the depository understands its responsibilities with respect to protection of cleared swaps customer funds.

Section 22.11 requires each FCM that intermediates cleared swaps for customers on or subject to the rules of a DCO, whether directly as a clearing member or indirectly through a Collecting FCM, to provide the DCO with information sufficient to identify each customer of the FCM whose swaps are cleared by the FCM. Section 22.11 also requires the FCM, at least once daily, to provide the DCO with information sufficient to identify each customer's portfolio of rights and obligations arising out of cleared swaps intermediated by the FCM. The purpose of this collection of information is to facilitate risk management by DCOs in the event of default by the FCM, to enable DCOs to perform their duty, pursuant to section 22.15, to treat the collateral attributed to each customer of the FCM on an individual basis.

Section 22.12 requires that each DCO and FCM, on a daily basis, calculate, based on information received pursuant to section 22.11 and on information generated and used in the ordinary course of business by the DCO or FCM, and record certain information about the amount of collateral required for each Cleared Swaps Customer and the sum of these amounts. As with section 22.11, the purpose of this collection of information is to facilitate risk management by DCOs and in the event of default by the FCM, to enable DCOs to perform their duty, pursuant to section 22.15, to treat the collateral attributed to each customer of the FCM on an individual basis.

Section 22.16 requires that each FCM who has Cleared Swaps Customers disclose to each of such customers the

governing provisions, as established by DCO rules or customer agreements between collecting and depositing FCMs, relating to use of customer collateral, transfer, neutralization of the risks, or liquidation of cleared swaps in the event of a default by a Depositing FCM relating to a Cleared Swaps Customer Account. The purpose of this collection of information is to ensure that Cleared Swaps Customers are informed of the procedures to which accounts containing their swaps collateral may be subject in the event of a default by their FCM.

Section 22.17 requires that each FCM produce a written notice of the reasons and the details concerning withdrawals from a Cleared Swaps Customers Account not for the benefit of Cleared Swap Customers if such withdrawal will exceed 25% of the FCMs residual interest in such account.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On August 29, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 59510 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection for 75 respondents (60 FCMs and 15 DCOs). The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 75.

Estimated Average Burden Hours per Respondent: 334.

Estimated Total Annual Burden Hours: 25,050.

Frequency of Collection: Section 22.2(g)—Daily. Section 22.5(a)—Once. Section 22.11—Daily. Section 22.12—Daily. Section 22.16—Once. Section 22.17—On occasion.

There is no capital cost associated with this collection.
