SUPPLEMENTARY INFORMATION: On August 28, 2023, the CPSC published a notice in the **Federal Register** to announce the agency’s intention to seek extension of approval of the collection of information. 88 FR 58565. The Commission received no comments. CPSC seeks to renew the following currently approved collection of information:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Number: 3041–0148.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Individuals and households, businesses and organizations, state local or tribal governments.

Estimated Annual Burden: CPSC will use a variety of instruments and platforms to collect information from respondents. CPSC estimates the burden of the collection of information as follows:

Type of collection	Number of respondents	Annual frequency per response	Hours per response	Total hours
Qualitative Surveys (3)	600	1	0.25	150
Focus Groups	200	1	4	800
Customer Satisfaction Surveys (3)	600	1	0.25	150
Usability Tests	200	1	0.5	100

Based on these estimates, the total estimated burden for the collection of information is estimated to be 1,200 hours annually. The annualized cost to respondents for the information collection is \$51,684 (1,200 hours × \$43.07/hr), as estimated from total compensation data available from the U.S. Bureau of Labor Statistics.¹

Description of Collection: Executive Order 12862 (Sept. 11, 1993) encourages independent Federal agencies such as

CPSC to provide service to the public that matches or exceeds the best service available in the private sector. To that end, CPSC seeks to renew OMB approval of a generic clearance to collect qualitative feedback on CPSC service delivery. Qualitative feedback means information that provides useful insights on perceptions and opinions but does not include statistical surveys that yield quantitative results that can be generalized to the population of study. This collection of information is necessary to enable CPSC to garner customer and stakeholder feedback in an efficient, timely manner, in

accordance with CPSC’s commitment to improving service delivery.

This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations; provide an early warning of issues with service; and help focus attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will also allow for ongoing, collaborative, and actionable
