ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

Privacy Act of 1974; System of Records

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Notice; proposed new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, the Architectural and Transportation Barriers Compliance Board (Access Board or Board) gives notice of the establishment of a new Privacy Act System of Records, entitled, "USAB.002—Complaint Tracking System". This system of records covers records related to the investigation and adjudication of complaints filed with the agency alleging violations of the Architectural Barriers Act.

DATES: This Notice is effective on publication, with the exception of the routine uses. The routine uses will be effective 30 days after publication, unless comments are received that dictate otherwise. Written comments should be submitted December 15, 2023.

ADDRESSES: You may submit comments on this notice by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Email:* privacy@access-board.gov.
- *Mail:* Office of General Counsel, U.S. Access Board, 1331 F Street NW, Suite 1000, Washington, DC 20004-1111.

Instructions: All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

FOR FURTHER INFORMATION CONTACT: Wendy Marshall, Attorney-Advisor and Privacy Officer, (202) 272-0043, marshall@access-board.gov.

SUPPLEMENTARY INFORMATION: The Access Board is publishing this notice to inform the public of the creation of a new system of records relating to the investigation and adjudication of complaints filed with the agency alleging violations of the Architectural

Barriers Act of 1968 (ABA). The ABA requires that buildings or facilities that were constructed or altered by or on behalf of the United States, or leased or financed in whole or in part by the United States, after August 12, 1968, be accessible to individuals with disabilities. The Access Board enforces the ABA through the investigation of complaints filed by members of the public or federal employees. See 29 U.S.C. 792(b)(1). Complaints may be submitted by any person and may be filed anonymously. Once a complaint is filed, it is electronically entered into the agency's complaint tracking system and the Board investigates the complaint according to the procedures in 36 CFR part 1150. Complainants who choose to provide their contact information (name, phone number, email address, and/or physical mailing address), will be kept up to date on the status of the investigation and any corrective action taken by the agency or department in question. In the past, this information was not considered to be kept in a system of records, because while the contact information was contained within the complaint system, individual complaints were not pulled by an identifier related to the complainant. The Board recently updated to a new platform for this system and now believes it necessary to establish this system as a system of records, so that on occasion the compliance specialist can pull specific complaints by complainant name or email address. This will not change the processing of the complaint and complaints can still be filed anonymously or complainants can choose which personally identifying information to provide, such as just their name and email.

SYSTEM NAME:

USAB.002—Complaint Tracking System.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

U.S. Access Board, 1331 F Street NW, Suite 1000, Washington, DC 20004.

SYSTEM MANAGER:

Senior Compliance Specialist, U.S. Access Board, 1331 F Street NW, Suite 1000, Washington, DC 20004.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

29 U.S.C. 792(b)(1); 42 U.S.C. 4151 *et seq.*; 36 CFR 1150; and 36 CFR 1191.

PURPOSE(S) OF THE SYSTEM:

This system of records supports the receipt and investigation of complaints alleging violations of the ABA, to
