

its insurer of choice. Travel and in-person activities are contingent upon the safety and health conditions in the United States and the mission countries. Should safety or health conditions not be appropriate for travel and/or in-person activities, the Department will consider postponing the event or offering a virtual program in lieu of an in-person agenda. In the event of a postponement, the Department will notify the public and applicants previously selected to participate in this mission will need to confirm their availability but need not reapply. Should the decision be made to organize a virtual program, the Department will adjust fees, accordingly, prepare an agenda for virtual activities, and notify the previously selected applicants with the option to opt-in to the new virtual program.

Definition of Small- and Medium-Sized Enterprise

For purposes of assessing participation fees, an applicant is a small or medium-sized enterprise (SME) if it qualifies as a “small business” under the Small Business Administration’s (SBA) size standards (<https://www.sba.gov/document/support—table-size-standards>), which vary by North American Industry Classification System (NAICS) Code. The SBA Size Standards Tool (<https://www.sba.gov/size-standards>) can help you determine the qualifications that apply to your company.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than January 31, 2024. The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a rolling basis. Applications received after January 31, 2024, will be considered only if space and scheduling constraints permit.

Forged Steel Fittings From Taiwan: Final Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Both-Well Steel Fittings Co., Ltd. (Bothwell), a producer/exporter of forged steel fittings from Taiwan, did not sell subject merchandise at prices below normal value during the period of review (POR) September 1, 2021 through August 31, 2022.

DATES: Applicable November 24, 2023.

FOR FURTHER INFORMATION CONTACT: Dennis McClure, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5973.

SUPPLEMENTARY INFORMATION:

Background

On September 29, 2023, Commerce published in the **Federal Register** the *Preliminary Results of the administrative review of the antidumping duty order on forged steel fittings from Taiwan*.¹ This review

¹ See *Forged Steel Fittings from Taiwan: Preliminary Results of Antidumping Duty Administrative Review; 2021–2022*, 88 FR 67238 (September 29, 2023) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

covers one producer/exporter of the subject merchandise, Bothwell. We invited parties to comment on the *Preliminary Results*.² No interested party submitted comments. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order³

The merchandise subject to the *Order* are carbon and alloy forged steel fittings, whether unfinished (commonly known as blanks or rough forgings) or finished. The subject merchandise is currently classifiable under subheadings 7307.99.1000, 7307.99.3000, 7307.99.5045, and 7307.99.5060 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this *Order* is dispositive. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.⁴

Final Results of Review

As a result of this review, Commerce determines the following weighted-average dumping margin exists for the period, September 1, 2021, through August 31, 2022.

Producer or exporter	Weighted-average dumping margin (percent)
Both-Well Steel Fittings Co., Ltd	0.00

Disclosure

Because Commerce received no comments on the *Preliminary Results*, we have not modified our analysis, and no decision memorandum accompanies this **Federal Register** notice. We are adopting the *Preliminary Results* as the final results of this review. Consequently, there are no new calculations to disclose in accordance with 19 CFR 351.224(b) for these final results of review.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review, pursuant to

² *Id.*

³ See *Forged Steel Fittings from Taiwan: Antidumping Duty Order*, 83 FR 48280 (September 24, 2018) (*Order*).

⁴ See *Preliminary Results PDM*.

section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Because we calculated a zero weighted-average dumping margin for Bothwell in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For entries of subject merchandise during the POR produced by Bothwell and for which Bothwell did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate established in the final determination of the less-than-fair-value investigation (*i.e.*, 116.17 percent),⁵ if there is no rate for the intermediate company(ies) involved in the transaction.⁶

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of forged steel fittings from Taiwan entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for Bothwell will be zero; (2) for merchandise exported by companies not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 116.17 percent, the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

⁵ See *Forged Steel Fittings from Taiwan: Final Determination of Sales at Less Than Fair Value*, 83 FR 36519 (July 30, 2018).

⁶ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We intend to issue and publish these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: November 17, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Polyethylene Terephthalate Film, Sheet, and Strip From India: Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission of Antidumping Duty Administrative Review; 2021-2022; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** on August 3, 2023, in which Commerce announced the preliminary results of the

antidumping duty (AD) administrative review and the partial rescission of the AD administrative reviews of the AD order on polyethylene terephthalate film, sheet, and strip from India. This notice incorrectly rescinded the review for Polyplex Corporation Ltd. (Polyplex).

FOR FURTHER INFORMATION CONTACT:

Jacqueline Arrowsmith, AD/CVD Operations, Office VII, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5255.

SUPPLEMENTARY INFORMATION:

Correction

On August 3, 2023, in the **Federal Register**, in FR Doc. 2023-16543, volume 88, page 52199, in the third column, we mistakenly did not assign Polyplex the 0.00 percent dumping margin that we assigned Jindal in the section titled "Company Not Selected for Individual Review," which should be "Companies Not Selected for Individual Review." With the publication of this notice, we will preliminarily assign both Jindal and Polyplex a dumping margin of 0.00 percent. The final dumping margins for both Jindal and Polyplex will be determined by the final results that we calculate for SRF Limited.

Partial Rescission

Commerce initiated a review of eight companies in this proceeding. We are rescinding this administrative review with respect to only five of these companies and not six as listed in the original *Preliminary Results*.¹ The five companies for which we are rescinding the administrative review are: (1) Ester Industries Ltd.; (2) Garware Polyester Ltd.; (3) MTZ Polyesters Ltd.; (4) Uflex Ltd.; and (5) Vacmet India, pursuant to 19 CFR 351.213(d)(1), because all review requests for these companies were timely withdrawn. Accordingly, the companies that remain subject to the instant review are Jindal, Polyplex, and SRF.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended and 19 CFR 351.221(b)(4).
