

**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Everardo Gil-Melgoza, 202–987–0431.

**SUPPLEMENTARY INFORMATION:** The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* American Indian Tribally Controlled Colleges and Universities Program (1894–0001).

*OMB Control Number:* 1840–0817.

*Type of Review:* An extension without change of a currently approved ICR.

*Respondents/Affected Public:* State, Local, and Tribal Governments.

*Total Estimated Number of Annual Responses:* 70.

*Total Estimated Number of Annual Burden Hours:* 840.

*Abstract:* The information is required of institutions of higher education that apply for grants under the Tribally Controlled Colleges and Universities Program authorized under Title III, Parts A and F, of the Higher Education Act of 1965, as amended. This information will be used in making funding recommendations.

This collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894–0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Dated: November 21, 2023.

**Kun Mullan,**

*PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.*

## DEPARTMENT OF ENERGY

### Notice of Request for Information (RFI) on Progression to Net-Zero Emission Propulsion Technologies for the Rail Sector

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Request for information.

**SUMMARY:** The U.S. Department of Energy (DOE) invites public comment on its Request for Information (RFI) number DE–FOA–0003186 regarding the state of technology on the progression to net-zero emission propulsion technologies for the rail industry. The purpose of this RFI is to aggregate knowledge from rail stakeholders to help direct actions regarding future propulsion technologies, infrastructure requirements, and coordination among key stakeholders to ensure that the rail sector is meeting or exceeding U.S. decarbonization milestones. DOE’s Office of Energy Efficiency and Renewable Energy (EERE) is specifically interested in information on the rail industry’s current alternative fuels trajectory, the driving forces behind it, and the key barriers to achieving this transition.

**DATES:** Responses to the RFI must be received by January 12th, 2024.

**ADDRESSES:** Interested parties are to submit comments electronically to [GreenRail@ee.doe.gov](mailto:GreenRail@ee.doe.gov). Include “State of the Rail Industry” in the subject line of the email. Only electronic responses will be accepted. The complete RFI document is located at <https://eere-exchange.energy.gov/>.

**FOR FURTHER INFORMATION CONTACT:** Questions may be addressed to Ben Simon at [GreenRail@ee.doe.gov](mailto:GreenRail@ee.doe.gov) or 240–562–1591. Further instruction can be found in the RFI document posted on EERE Exchange.

**SUPPLEMENTARY INFORMATION:** The U.S. National Blueprint for Transportation Decarbonization set the goal to achieve net-zero carbon emissions in the transportation sector—including rail—by 2050. This transformation to net-zero emission technologies requires coordination among all aspects of the rail supply chain, including feedstock supply, alternative fuel production, locomotive engine manufacturers, safety implementation, customer demand, and government regulation. To develop a national strategy to decarbonize the rail sector, two critical questions must be addressed:

1—Which alternative rail propulsion technologies are most promising?

2—What is the timeline for the rail sector to transition to net-zero emission technologies?

The purpose of this RFI is to understand what is driving the rail sector towards adopting alternative propulsion technologies, which technologies seem most promising, and what are the key barriers to achieving the transition to net-zero emissions by 2050.

The RFI is available at: <https://eere-exchange.energy.gov/Default.aspx#FoaIdf0ca0a9f-6e0e-4175-b20a-1bdbb682d705>.

**Confidential Business Information:** Pursuant to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email two well-marked copies: one copy of the document marked “confidential” including all the information believed to be confidential, and one copy of the document marked “non-confidential” with the information believed to be confidential deleted. Submit these documents via email. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

**Signing Authority:** This document of the Department of Energy was signed on November 20th, by Jeffrey Marootian, Principal Deputy Assistant Secretary for Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE **Federal Register Liaison Officer** has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on November 21, 2023.

**Treena V. Garrett,**

*Federal Register Liaison Officer, U.S. Department of Energy.*

## DEPARTMENT OF ENERGY

### Privacy Act of 1974; System of Records

**AGENCY:** Office of the Chief Information Officer, Department of Energy.

**ACTION:** Notice of a modified system of records.

**SUMMARY:** As required by the Privacy Act of 1974 and the Office of Management and Budget (OMB) Circulars A–108 and A–130, the Department of Energy (DOE or the Department) is publishing notice of a modification of the DOE systems of records notices for the DOE systems of records listed in the table. Pursuant to OMB M–17–12, “Preparing for and Responding to a Breach of Personally Identifiable Information” (January 3, 2017), this notice amends the DOE systems of records listed in the table by adding two new routine uses to ensure that the Department can assist another agency in responding to a confirmed or suspected breach, as appropriate.

**DATES:** This modified system of records notice will become applicable following the end of the public comment period on December 27, 2023.

**ADDRESSES:** Written comments should be sent to Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm

8H–085, Washington, DC 20585, or by facsimile at (202) 586–8151, or by email at [privacy@hq.doe.gov](mailto:privacy@hq.doe.gov).

**FOR FURTHER INFORMATION CONTACT:** Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm 8H–085, Washington, DC 20585, or by facsimile at (202) 586–8151, or by email at [privacy@hq.doe.gov](mailto:privacy@hq.doe.gov).

**SUPPLEMENTARY INFORMATION:** On January 3, 2017, OMB issued Memorandum M–17–12, “Preparing for and Responding to a Breach of Personally Identifiable Information,” to the heads of all executive departments and agencies. OMB Memorandum M–17–12 rescinds and replaces OMB Memorandum M–07–16 and updates agency routine use requirements for responding to a breach. Specifically, OMB Memorandum M–17–12 requires all Senior Agency Officials for Privacy to ensure that their agency’s system of records notices include a routine use for the disclosure of information necessary to respond to a breach of the agency’s personally identifiable information.

Additionally, OMB Memorandum M–17–12 requires agencies to add a routine use to ensure that agencies can disclose records in their systems of records that may reasonably be needed by another agency in responding to a breach. Therefore, pursuant to OMB Memorandum M–17–12, this notice (1) revises the breach response use for the DOE systems of records listed below; and (2) adds a new routine use to the DOE systems of records listed in the table, to ensure that the Department can assist another agency in responding to a confirmed or suspected breach, as appropriate.

**SYSTEM NAME AND NUMBER:**

First, the systems of records to be modified by including the two new routine uses described in this Notice are set forth in the table. As these two routine uses are additional new routine uses, please refer to the specific individual SORN for other routine uses unchanged by this notice. Second, please refer to the specific individual SORN for additional governing elements unchanged by this notice.

An asterisk (\*) designates the last full **Federal Register** notice that includes all the elements that are required to be in a System of Records Notice.

**SECURITY CLASSIFICATION:**

The applicable security classification is identified in each notice.

**SYSTEM LOCATION:**

The applicable Departmental Element is identified in each notice.

**SYSTEM MANAGER(S):**

The applicable system manager(s) is identified in each notice.

**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:**

1. A record from this system may be disclosed as a routine use to appropriate agencies, entities, and persons when (1) the Department suspects or has confirmed that there has been a breach of the system of records; (2) the Department has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, DOE (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Department's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

2. A record from this system may be disclosed as a routine use to another Federal agency or Federal entity, when the Department determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1)

responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

These routine uses will be added to each SORN as they are updated and republished.

**HISTORY:**

The SORNs listed previously were last published in the **Federal Register** (FR), 74 FR 998-1090, on January 9, 2009, 74 FR 41691-41693, on August 18, 2009, and 76 FR 66917-66920, on October 28, 2011.

**Signing Authority**

This document of the Department of Energy was signed on October 12, 2023, by Ann Dunkin, Senior Agency Official for Privacy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE **Federal Register** Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this

document upon publication in the **Federal Register**.

Signed in Washington, DC, on November 20, 2023.

**Treena V. Garrett,**

*Federal Register Liaison Officer, U.S. Department of Energy.*

**DEPARTMENT OF ENERGY**

**Privacy Act of 1974; System of Records**

**AGENCY:** U.S. Department of Energy.

**ACTION:** Notice of a new system of records.

**SUMMARY:** As required by the Privacy Act of 1974 and the Office of Management and Budget (OMB) Circulars A-108 and A-130, the Department of Energy (DOE or the Department) is publishing notice of a new Privacy Act System of Records. DOE proposes to establish System of Records DOE-78 Data Analytics Program Records. The Office of the Inspector General (OIG) proposes to establish this System of Records to undertake such analytics inquiries necessary to support OIG efforts to effectuate audits, inspections, evaluations, and investigations relating to Departmental programs and operations and to accommodate the requirements of the Digital
