

that is publicly available on <http://www.gsa.gov/forms>. This form will be used to collect information from witnesses reporting accidents and/or damage to Federal Fleet Vehicles. Standard Form (SF) 94 provides additional accounts of motor vehicle accidents that supplement statements made by a motor vehicle operator. Use of the SF 94 is prescribed in Federal Management Regulation, 41 CFR 102–34.290(b) and Federal Property Management Regulations, 41 CFR 101–39.401(b). The SF 94 is usually completed at the time of an accident involving a motor vehicle owned or leased by the Government.

The SF 94 is an essential part of the investigation of motor vehicle accidents, especially those involving the public with a potential for claims against the United States. It is a vital piece of information in lawsuits and provides the Assistant United States Attorneys with a written statement to refresh recollection of accidents, as necessary.

SUPPLEMENTARY INFORMATION:

A. Purpose

There are two purposes. The first (“889”) supports implementation of Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115–232) under lease acquisitions and commercial solution openings. This section prohibits agencies from procuring, obtaining, extending or renewing a contract with contractors that will provide or use covered telecommunication equipment or services as a substantial or essential component of any system, or as a critical technology as part of any system on or after August 13, 2020 unless an exception applies.

The second (“FASCSCA Orders”) supports implementation of supply chain risk information sharing and exclusion or removal orders consistent with the Federal Acquisition Supply Chain Security Act of 2018 and a final rule issued by the Federal Acquisition Security Council. The implementation of supply chain risk information sharing and exclusion or removal orders FAR interim rule requires complying with exclusion or removal orders (“FASCSCA Orders”) and sharing certain supply chain risk information with the Federal Acquisition Security Council (FASC) when applicable FASCSCA orders are issued from one or a combination of the following FASCSCA orders-issuing agencies: Department of Homeland Security (DHS), the Department of Defense (DoD), and/or the Office of the Director of National Intelligence (DNI). Only DHS may issue orders applicable to GSA (*i.e.*, civilian agencies).

For 889, the requirement is implemented in the Federal Acquisition Regulation (FAR) through the provision at FAR 52.204–24, Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment and the clause at FAR 52.204–25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

For FASCSCA Orders, the requirement is implemented in the FAR through the provision at FAR 52.204–29, Federal Acquisition Supply Chain Security Act Orders-Representation and Disclosures and the clause at FAR 52.204–30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

SUPPLEMENTARY INFORMATION:

A. Purpose

This information collection requires applicants and recipients of Federal financial assistance, unless the applicant is an individual or Federal awarding agency that is excepted from those requirements, to register in SAM and maintain an active SAM registration with current information at all times during which they have an active Federal award or an application or plan under consideration by an agency pursuant to 2 CFR Subtitle A, Chapter I, and Part 25 (75 FR 55673 as amended at 79 FR 75879). This facilitates prime awardee reporting of sub-award and executive compensation data pursuant to the Federal Funding Accountability and Transparency Act (Pub. L. 109–282, as amended by section 6202(a) of Pub. L. 110–252). This information collection

requires that all prime financial assistance awardees, subject to reporting under the Transparency Act, register and maintain their registration in SAM.gov.

This information collection was amended to meet a statutory requirement of the National Defense Authorization Act (NDAA) of FY 2013. The NDAA of 2013 requires that the Federal Awardee Performance and Integrity Information System (FAPIIS) (currently located at SAM.gov) include information on a non-Federal entity’s parent, subsidiary, or successor entities. Additionally, the information collection was amended to increase transparency regarding Federal spending and to support implementation of the Digital Accountability and Transparency Act of 2014 (DATA ACT).

OMB expanded the requirement to register in SAM beyond grants, cooperative agreements, and contracts, to entities that receive financial assistance such as loans, insurance, and direct appropriations. This information collection requirement (published in the **Federal Register** at 85 FR 49506 on August 13, 2020) is included in OMB’s revision to guidance in 2 CFR Subtitle A, Chapter I, and Parts 25, 170, and 200, effective June 12, 2023.
