

Disclosure

Because Commerce received no comments on the *Preliminary Results*, we have not modified our analysis, and no decision memorandum accompanies this **Federal Register** notice. We are adopting the *Preliminary Results* as the final results of this review. Consequently, there are no new calculations to disclose in accordance with 19 CFR 351.224(b) for these final results of review.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Because the respondent's weighted-average dumping margin or importer-specific assessment rates are zero or *de minimis* in the final results of review, we intend to instruct CBP to liquidate the entries without regard to antidumping duties.⁵ These final results of administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.⁶

For entries of subject merchandise during the POR produced by NEXTEEL Co., Ltd. for which it did not know that the merchandise it sold was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁷

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon

⁵ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101, 8102–03 (February 14, 2012); see also 19 CFR 351.106(c)(2).

⁶ See section 751(a)(2)(C) of the Act.

⁷ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

publication in the **Federal Register** of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the respondent will equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific cash deposit rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, or a previous segment, but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 3.24 percent, the all-others rate established in the less-than-fair-value investigation.⁸ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

⁸ See *Order*.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i) of the Act and 351.221(b)(5).

Dated: November 17, 2023.

Carbon and Alloy Steel Wire Rod From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that carbon and alloy steel wire rod (wire rod) from the Republic of Korea (Korea) were not sold in the United States at less than normal value during the period of review (POR), May 1, 2021, through April 30, 2022.

DATES: Applicable November 28, 2023.

FOR FURTHER INFORMATION CONTACT: Lingjun Wang, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2316.

SUPPLEMENTARY INFORMATION:

Background

On June 2, 2023, Commerce published the *Preliminary Results* of this administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act).¹ POSCO/POSCO International Corporation (PIC) is the sole producer and exporter that is subject to this administrative review. Between July and August 2023, we conducted sales verifications of the questionnaire responses in accordance with section 782(i) of the Act.² Following the

² See Memoranda, “CEP Sales Verification Report for POSCO International America Corporation” and

Continued

verifications, we invited interested parties to submit case and rebuttal briefs.³ We received no comments from interested parties. Accordingly, no decision memorandum accompanies this **Federal Register** notice.

POSCO filed a hearing request on July 3, 2023, and subsequently withdrew its request on November 9, 2023.⁴ On September 22, 2023, we extended the deadline for the final results to no later than November 29, 2023.⁵ Commerce conducted this review in accordance with section 751(a) of the Act.

Scope of the Order⁶

The scope of the *Order* includes certain hot-rolled products of carbon steel and alloy steel, in coils, of approximately round cross section, less than 19.00 mm in actual solid cross-sectional diameter. On April 8, 2019, Commerce excluded from the scope of the *Order* grade 1078 and higher tire cord quality wire rod used in the production of tire cord wire.⁷ On June 13, 2019, Commerce excluded from the scope of the *Order* valve spring quality steel products defined as wire rod.⁸ For a complete description of the scope of the *Order*, see *Preliminary Results PDM*.

Changes Since the Preliminary Results

In the *Preliminary Results*, we used the quarterly cost methodology.⁹ While preparing the verification outlines, we found that we did not deploy the methodology properly in the preliminarily margin calculation program. For these final results, we corrected the error in the final margin calculation program, and that correction

did not change the preliminarily weighted-average dumping margin.¹⁰

Final Results of the Review

We determine that the following estimated weighted-average dumping margin exists for the period May 1, 2021, through April 30, 2022:

Producer/exporter	Weighted-average dumping margin (percent)
POSCO/POSCO International Corporation	0.00

Disclosure

We intend to disclose to interested parties the corrected margin calculation program within five days of the publication date of this notice, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.¹¹ Because POSCO’s weighted-average dumping margin is zero percent, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

In accordance with Commerce’s practice, for entries of subject merchandise during the POR produced by POSCO for which it did not know its merchandise was destined for the United States, we intend to instruct CBP to liquidate such entries at the all-others rate if there is no company-specific rate for the intermediate company(ies) involved in the transaction.¹²

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a

statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for POSCO will be zero; (2) for previously-investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter was not covered in this review or the investigation, but the producer was covered, the cash deposit rate will be the rate established in the most recently completed segment of this proceeding for the producer of subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 41.10 percent, the all-others rate established in the original less-than-fair-value investigation.¹³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections

¹³ See *Order*.

751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: November 20, 2023.

National Oceanic and Atmospheric Administration

[RTID 0648-XD494]

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to the City of Oceanside's Harbor Fishing Pier and Non-Motorized Vessel Launch Improvement Project in Oceanside, California

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed incidental harassment authorization; request for comments on proposed authorization and possible renewal.

SUMMARY: NMFS has received a request from the City of Oceanside for authorization to take marine mammals incidental to pile driving activities associated with harbor fishing pier and non-motorized vessel launch improvement in Oceanside, California. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an incidental harassment authorization (IHA) to incidentally take marine mammals during the specified activities. NMFS is also requesting comments on a possible one-time, 1-year renewal that could be issued under certain circumstances and if all requirements are met, as described in Request for Public Comments at the end of this notice. NMFS will consider public comments prior to making any final decision on the issuance of the requested MMPA authorization and agency responses will be summarized in the final notice of our decision.

DATES: Comments and information must be received no later than December 28, 2023.

ADDRESSES: Comments should be addressed to Jolie Harrison, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service and should be submitted via email to ITP.clevenstine@noaa.gov. Electronic copies of the

application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: <https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities>. In case of problems accessing these documents, please call the contact listed above.

Instructions: NMFS is not responsible for comments sent by any other method, to any other address or individual, or received after the end of the comment period. Comments, including all attachments, must not exceed a 25-megabyte file size. All comments received are a part of the public record and will generally be posted online at <https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities> without change. All personal identifying information (e.g., name, address) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Alyssa Clevenstine, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

The MMPA prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are proposed or, if the taking is limited to harassment, a notice of a proposed IHA is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least practicable adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of the species or stocks for

taking for certain subsistence uses (referred to in shorthand as “mitigation”); and requirements pertaining to the mitigation, monitoring and reporting of the takings are set forth. The definitions of all applicable MMPA statutory terms cited above are included in the relevant sections below.

National Environmental Policy Act

To comply with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) and NOAA Administrative Order (NAO) 216-6A, NMFS must review our proposed action (*i.e.*, the issuance of an IHA) with respect to potential impacts on the human environment.

This action is consistent with categories of activities identified in Categorical Exclusion B4 (IHAs with no anticipated serious injury or mortality) of the Companion Manual for NAO 216-6A, which do not individually or cumulatively have the potential for significant impacts on the quality of the human environment and for which we have not identified any extraordinary circumstances that would preclude this categorical exclusion. Accordingly, NMFS has preliminarily determined that the issuance of the proposed IHA qualifies to be categorically excluded from further NEPA review.

We will review all comments submitted in response to this notice prior to concluding our NEPA process or making a final decision on the IHA request.

Summary of Request

On May 16, 2023, NMFS received a request from the City of Oceanside for an IHA to take marine mammals incidental to construction activities associated with fishing pier and non-motorized vessel improvement in Oceanside Harbor, Oceanside, CA. Following NMFS' review of the application, the City of Oceanside submitted revised versions on July 18 and October 17, 2023. The application was deemed adequate and complete on November 2, 2023. The City of Oceanside's request is for take of seven species of marine mammals by Level B harassment only. Neither the City of Oceanside nor NMFS expect serious injury or mortality to result from this activity and, therefore, an IHA is appropriate.

Description of Proposed Activity

Overview

The City of Oceanside proposes to remove and replace the existing public fishing pier and non-motorized vessel launch in Oceanside Harbor, Oceanside,
