DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On November 20, 2023, the Department of Justice lodged a proposed Consent Decree (“Decree”) with the United States District Court for the Western District of Washington in the lawsuit entitled *United States v. Electron Hydro, LLC, and Thom A. Fischer*, Civil Action No. 2:20-CV-1746-JCC.

The proposed Decree will resolve alleged violations of the Clean Water Act arising from Electron Hydro, LLC’s, and Thom A. Fischer’s (“Defendants”) construction activity at a hydroelectric facility on the Puyallup River in Pierce County, Washington, including illegal discharges into waters of the United States and violations of U.S. Army Corps of Engineers and State of Washington permits. Under the terms of the Decree, Defendants will pay a civil penalty of \$1.025 million, conduct surveys of stretches of the Puyallup River to recover discharged materials, implement best management practices at their construction site, hire a separate firm to review upcoming permit application materials, and place a 72-acre parcel of Electron’s land into conservation in perpetuity.

The publication of this notice opens a period for public comment on the Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Electron Hydro et al.*, D.J. Ref. No. 90-5-1-1-12395. All comments must be submitted no later than forty-five (45) days after the publication date of this notice. Comments may be submitted either by email or by mail:

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On November 21, 2023, the Department of Justice, along with the Office of the Attorney General of the State of Indiana, lodged a proposed Consent Decree with the United States District Court for the Southern District of Indiana in the lawsuit entitled *United States et al. v. Ingredion Inc.*, Case No. 23-2111.

The proposed Consent Decree settles claims brought under the Clean Air Act by the United States and the State of Indiana, as well as claims brought under state law by the State of Indiana, against Ingredion Incorporated (“Ingredion”) for violating emissions limits and operation and monitoring requirements of Ingredion’s air permits (“Title V Permits”) for its wet corn mill facility in Indianapolis, Indiana.

Under the proposed Consent Decree, Ingredion will pay a civil penalty of \$1,139,600. The settlement requires Ingredion to install and operate new equipment to meet PM limits that are lower than the plant’s current permitted limits. The company completed installation and testing of the new system in advance of this notice. The settlement also requires Ingredion to implement a modernized compliance

management system to address repeated operation and monitoring failures at the facility, and hire an independent auditor to verify the effectiveness of the system. Ingredion also committed to mitigating the harm associated with past excess PM emissions by paving onsite unpaved and partially paved roads and parking areas to reduce PM emissions generated by vehicle traffic, which Ingredion completed in advance of this notice. The company will also replace aging railway locomotives at the facility with two modern locomotives that meet emissions standards. As a state supplemental environmental project, the settlement requires Ingredion to contribute \$560,400 to the State of Indiana to support Brownfields redevelopment in and around Marion County, Indiana.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States et al. v. Ingredion Inc.*, 90-5-2-1-12360. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
