**SYSTEM NAME:**

Astronaut Candidate Selection Records, NASA 10ACSR.

**SECURITY CLASSIFICATION:**

Unclassified.

**SYSTEM LOCATION:**

Lyndon B. Johnson Space Center, National Aeronautics and Space Administration (NASA), Houston, TX 77058–3696.

**SYSTEM MANAGER(S):**

Astronaut Candidate Program Manager, Lyndon B. Johnson Space Center, National Aeronautics and Space Administration (NASA), Houston, TX 77058–3696.

**AUTHORITY FOR MAINTENANCE OF THE SYSTEM:**

51 U.S.C. 20113(a); 44 U.S.C. 3101; 5 U.S.C. 3301 *et seq.*

**PURPOSE(S) OF THE SYSTEM:**

Records in this system are used by NASA to facilitate processes and procedures associated with the recruitment, evaluation, and selection of United States astronaut candidates, as defined in 14 CFR part 1214, subpart 1214.11 (NASA Astronaut Candidate Recruitment and Selection Program).

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

This system maintains information on persons who have applied to the agency for consideration as candidates for and recipients of training associated with NASA Astronaut and Human Space Flight Programs.

**CATEGORIES OF RECORDS IN THE SYSTEM:**

Records in this system include identifying information for the individuals in employment applications and resumes and records of specialized training, honors and awards. The system also contains relevant human resource correspondence, records an individual’s qualifications for participation in a specialized program, evaluations of candidates, and final NASA determinations of candidates’ qualification for the program.

**RECORD SOURCE CATEGORIES:**

Civil servant application information is received by the NASA Astronaut Candidate Selection System from applicants themselves via an electronic interface with OPM USA Staffing that receives all applicant records from the [USAJobs.gov](https://USAJobs.gov) website, operated by the United States Office of Personnel Management (OPM), and into which applicants enter their own application data. Candidate Qualification input is received directly from individuals used as references who have direct knowledge of applicant capabilities. In certain circumstances, updates to this information may be submitted by the individual on whom the record is maintained and/or the NASA Personnel Office(s).

**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:**

Any disclosures of information will be compatible with the purpose for which the Agency collected the information. Under the following routine use that is unique to this system of records, information in this system may be disclosed to the news media and the public, with the approval of the Senior Agency Official for Privacy in

consultation with counsel, when there exists a legitimate public interest in the disclosure of the information or when disclosure is necessary to preserve confidence in the integrity of NASA or is necessary to demonstrate the accountability of NASA's officers, employees, or individuals covered by the system, except to the extent it is determined that release of the specific information in the context of a particular case would constitute an unwarranted invasion of personal privacy, or that disclosure would violate any federal statute or regulation.

In addition, information may be disclosed under the following NASA Standard Routine Uses:

1. *Law Enforcement*—When a record on its face, or in conjunction with other information, indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule, or order, disclosure may be made to the appropriate agency, whether Federal, foreign, State, local, or tribal, or other public authority responsible for enforcing, investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order, if NASA determines by careful review that the records or information are both relevant and necessary to any enforcement, regulatory, investigative or prosecutive responsibility of the receiving entity.

2. *Certain Disclosures to Other Agencies*—A record from this SOR may be disclosed to a Federal, State, or local agency maintaining civil, criminal, or other relevant enforcement information or other pertinent information, such as current licenses, if necessary, to obtain information relevant to an NASA decision concerning the hiring or retention of an employee, the issuance of a security clearance, the letting of a contract, or the issuance of a license, grant, or other benefit.

3. *Certain Disclosures to Other Federal Agencies*—A record from this SOR may be disclosed to a Federal agency, in response to its request, for a matter concerning the hiring or retention of an employee, the issuance of a security clearance, the reporting of an investigation of an employee, the letting of a contract, or the issuance of a license, grant, or other benefit by the requesting agency, to the extent that the information is relevant and necessary to the requesting agency's decision on the matter.

4. *Department of Justice*—A record from this SOR may be disclosed to the Department of Justice when (a) NASA,

or any component thereof; or (b) any employee of NASA in his or her official capacity; or (c) any employee of NASA in his or her individual capacity where the Department of Justice has agreed to represent the employee; or (d) the United States, where NASA determines that litigation is likely to affect NASA or any of its components, is a party to litigation or has an interest in such litigation, and by careful review, the use of such records by the Department of Justice is deemed by NASA to be relevant and necessary to the litigation.

5. *Courts*—A record from this SOR may be disclosed in an appropriate proceeding before a court, grand jury, or administrative or adjudicative body, when NASA determines that the records are relevant and necessary to the proceeding; or in an appropriate proceeding before an administrative or adjudicative body when the adjudicator determines the records to be relevant and necessary to the proceeding.

6. *Response to an Actual or Suspected Compromise or Breach of Personally Identifiable Information*—A record from this SOR may be disclosed to appropriate agencies, entities, and persons when (1) NASA suspects or has confirmed that there has been a breach of the system of records; (2) NASA has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, NASA (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with NASA's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

7. *Contractors*—A record from this SOR may be disclosed to contractors, grantees, experts, consultants, students, volunteers, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for the Federal Government, when necessary to accomplish a NASA function related to this SOR. Individuals provided information under this routine use are subject to the same Privacy Act requirements and limitations on disclosure as are applicable to NASA employees.

8. *Members of Congress*—A record from this SOR may be disclosed to a Member of Congress or to a Congressional staff member in response to an inquiry of the Congressional office made at the written request of the constituent about whom the record is maintained.

9. *Disclosures to Other Federal Agencies in Response to an Actual or Suspected Compromise or Breach of Personally Identifiable Information*—A record from this SOR may be disclosed to another Federal agency or Federal entity, when NASA determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

10. *National Archives and Records Administration*—A record from this SOR may be disclosed as a routine use to the officers and employees of the National Archives and Records Administration (NARA) pursuant to records management inspections being conducted under the authority of 44 U.S.C. 2904 and 2906.

11. *Audit*—A record from this SOR may be disclosed to another agency, or organization for purpose of performing audit or oversight operations as authorized by law, but only such information as is necessary and relevant to such audit or oversight function.
