Type of Review: A new ICR.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 570.

Total Estimated Number of Annual Burden Hours: 855.

Abstract: The American Rescue Plan (ARP) provides funding for implementing comprehensive, evidence-based programs to ensure resources respond to students’ academic, social, and emotional needs and address the disproportionate impact of COVID–19 on student populations. Using resources provided by the ARP, States, districts, and their partners can use out-of-school time (OST) to address the disproportionate impact of COVID–19 on students, families, and their communities. Out-of-school time programs, which occur before or after the regular school day or outside of the regular school year, can include a wide range of activities, including comprehensive afterschool or summer-learning and enrichment programs, vacation academies, work-based learning programs, youth development

programs, and experiential or service-learning programs.

On July 14th, 2022, the U.S. Department of Education, along with the Afterschool Alliance, AASA—the School Superintendents Association, the National Comprehensive Center at Westat, the National League of Cities and the National Summer Learning Association, launched the Engage Every Student Initiative designed to ensure that every student who wants a spot in a high-quality out-of-school time program has one. In the Fall of 2023, the U.S. Department of Education and the five partnering organizations designed the Engage Every Student Recognition Program, which aims to recognize (1) non-profit organizations working in collaboration with school district/local education agencies (LEAs) or (2) municipalities or local government entities working in collaboration with school district/local education agencies (LEAs) that engage K–12 students in high-quality afterschool or summer learning programming, with high-quality being defined as meeting students’ social, emotional, mental, and physical health, and academic needs and addressing the impact of COVID–19 on students’ opportunity to learn.
