SUPPLEMENTARY INFORMATION:

Title: Milk and Milk Products Surveys.

OMB Control Number: 0535-0020.

Expiration Date of Approval: June 30, 2024.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare and issue

State and national estimates of crop and livestock production, prices and disposition as well as economic statistics, farm numbers, land values, on-farm pesticide usage, pest crop management practices, as well as the Census of Agriculture. The Milk and Milk Products Surveys obtain basic agricultural statistics on milk production and manufactured dairy products from farmers and processing plants throughout the nation. Data are gathered for milk production, dairy products, evaporated and condensed milk, manufactured dry milk, and manufactured whey products. Milk production and manufactured dairy products statistics are used by the U.S. Department of Agriculture (USDA) to help administer federal programs and by the dairy industry in planning, pricing, and projecting supplies of milk and milk products. Only minor changes are planned for the questionnaires and sample sizes. The Milk Production Survey will continue to be conducted quarterly (January, April, July, and October) and monthly estimates for the non-quarterly months will still be published for the total number of dairy cows, the number of cows milked, and the total milk produced. Estimates for the non-survey months will be generated by using a combination of administrative data, regression modeling, and historic data. In April 2012 NASS discontinued the collection of Dairy Product Prices. This data is now collected by the Agricultural Marketing Service (AMS) in compliance with the Mandatory Price Reporting Act of 2010, and the amended section 273(d) of the Agricultural Marketing Act of 1946.

Authority: Voluntary dairy information reporting is conducted under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985 (7 U.S.C. 2276), which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents.

Mandatory dairy product information reporting is based on the Agricultural Marketing Act of 1946, as amended by the Dairy Market Enhancement Act of 2000 and the Farm Security and Rural Development Act of 2002 (U.S.C. 1637-1637b). This program requires each manufacturer to report to USDA the price, quantity, and moisture content of dairy products sold and each entity storing dairy products to report information on the quantity of dairy products stored. Any manufacturer that processes, markets, or stores less than 1,000,000 pounds of dairy products per

year is exempt. USDA is required to maintain information, statistics, or documents obtained under these Acts in a manner that ensures that confidentiality is preserved regarding the identity of persons and proprietary business information, subject to verification by the Agricultural Marketing Service (AMS) under Public Law 106-532. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320. All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, title III of Public Law 115-435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA. NASS uses the information only for statistical purposes and publishes only tabulated total data.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average approximately 13 minutes per response. This average is based on the 7 different surveys in the information collection: 2 monthly, 4 quarterly, and 1 annual. The estimated total number of responses is 65,500 annually, with an average annual frequency of 4.30 responses per respondent. NASS will continue to use cover letters to explain the importance and uses of this data series along with how the respondent can access and report their data using the secure internet connection that NASS is using.

Respondents: Farms and businesses.

Estimated Number of Respondents: 14,950.

Estimated Total Annual Burden on Respondents: 11,435 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or

other forms of information technology collection methods. All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, November 15, 2023.

Joseph L. Parsons,

Associate Administrator.

Foreign-Trade Zones Board

[B-61-2023]

Foreign-Trade Zone (FTZ) 26, Notification of Proposed Production Activity; Mohawk Carpet Distribution, LLC; (Machine-Made Woven and Tufted Rugs of Polypropylene); Calhoun and Sugar Valley, Georgia

Georgia Foreign-Trade Zone, Inc., grantee of FTZ 26, submitted a notification of proposed production activity to the FTZ Board (the Board) on behalf of Mohawk Carpet Distribution, LLC (Mohawk), located in Calhoun and Sugar Valley, Georgia, within FTZ 26. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on November 28, 2023.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include machine-made rugs of polypropylene (woven with pile, woven without pile, and tufted) (duty rate ranges from duty-free to 6%).

The proposed foreign-status material/ component is continuous filament polypropylene (CFPP) yarn (single-ply and multi-ply (twisted or cabled)) (duty rate is 8.8% and 8%, respectively). The request indicates that the material/ component is subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41). As requested, FTZ authority would be

subject to the following restrictions: (1) the annual volume of CFPP yarn that Mohawk may admit into the proposed subzone under NPF status be limited to 2.9 million kilograms, and (2) any approval be limited to five years.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is January 16, 2024.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Diane Finver at Diane.Finver@trade.gov.

Dated: November 29, 2023.

Foreign-Trade Zones Board

[B-62-2023]

Foreign-Trade Zone (FTZ) 183, Notification of Proposed Production Activity; Flextronics America, LLC; (Automated Data Processing Machines); Austin, Texas

Flextronics America, LLC submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Austin, Texas within Subzone 183C. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on November 28, 2023.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz. The proposed material(s)/ component(s) would be added to the production authority that the Board previously approved for the operation, as reflected on the Board's website.

The proposed foreign-status materials and components include: plastic packaging bags, bubble wrap, cushions, and end caps; printed paper labels; and, paper and paperboard cardboard packaging cushions and dividers (duty rate ranges from duty-free to 3.0%). The request indicates that certain materials/

components are subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is January 16, 2024.
