Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 30, 2023.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies were provided to producers and exporters of certain aluminum foil (aluminum foil) from the Republic of Turkey (Turkey) during the period of review (POR), March 5, 2021, through December 31, 2021. Interested parties are invited to comment on these preliminary results.

DATES: Applicable December 7, 2023.

SUPPLEMENTARY INFORMATION:

Background

On November 12, 2021, Commerce published in the **Federal Register** a countervailing duty order on aluminum foil from Turkey.¹ On November 1, 2022, Commerce published the notice of the opportunity to request a review of the Order.² On January 3, 2023, Commerce published the notice of the initiation of this administrative review in the **Federal Register**.³ For a complete description of the events that followed the initiation of this review, see the

Preliminary Decision Memorandum.⁴ A list of topics included in the Preliminary Decision Memorandum is provided as the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The product covered by the *Order* is aluminum foil from Turkey. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this administrative review in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.⁵

Companies Not Selected for Individual Examination

The Act and Commerce's regulations do not directly address the subsidy rate to be applied to companies not selected for individual examination where Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected companies in reviews in a manner that is consistent with section 705(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation. Section 777A(e)(2) of the Act provides that "the individual countervailable subsidy rates determined under subparagraph (A) shall be used to determine the all-others rate under section 705(c)(5) {of the Act}." Section 705(c)(5)(A) of the Act states that for companies not investigated, in general,

⁵ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁷ See *Order*.

we will determine an all-others rate by weight averaging the countervailable subsidy rates established for each of the companies individually investigated, excluding zero and *de minimis* rates or any rates based solely on the facts available.

Accordingly, to determine the rate for companies not selected for individual examination, Commerce's practice is to weight average the net subsidy rates for the selected mandatory respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available.⁶ We selected ASAS Aluminium Sanayi ve Ticaret A.S. for review as a mandatory respondent and preliminarily determine that it received countervailable subsidies at a *de minimis* rate. Therefore, we preliminarily determine that the other selected mandatory respondent, Assan Aluminium Sanayi ve Ticaret A.S. (Assan), is the sole mandatory respondent which received countervailable subsidies that are above *de minimis* and are not based entirely on facts available. Therefore, we are preliminarily applying the net subsidy rate calculated for Assan to the non-selected companies.

Preliminary Results of Review

Commerce preliminarily determines the following net countervailable subsidy rates for the POR:

Company	Subsidy rate (percent <i>ad valorem</i>)
ASAS Aluminium Sanayi ve Ticaret A.S	0.32
Assan Aluminium Sanayi ve Ticaret A.S. ⁷	1.15
Ilda Pack Ambalaj	1.15
John Good Denizcilik Tas.Ve	1.15
Panda Aluminium	1.15
Seherli Danismanlik A.S	1.15

Assessment Rates

Consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), upon issuance of the final results, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(2)(C) of the Act, Commerce also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for each of the companies listed above with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, CBP will continue to collect cash deposits of estimated countervailing duties at the all-others rate or the most recent company-specific rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Verification

On April 13, 2023, the Aluminum Association Trade Enforcement Working Group and its individual members requested that Commerce conduct verification of the factual information submitted by the respondents in this administrative review. Accordingly, as provided in section 782(i)(3) of the Act, Commerce intends to verify certain of the information relied upon for its final results.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: November 30, 2023.

Refillable Stainless Steel Kegs From the People’s Republic of China: Preliminary Results of the Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain producers and/or exporters made sales of refillable stainless steel kegs (kegs) at less than normal value during the period of review (POR) April 1, 2021, through March 31, 2022. Interested parties are invited to comment on the preliminary results of this review.

DATES: Applicable December 7, 2023.

SUPPLEMENTARY INFORMATION:

Background

On December 16, 2019, Commerce published in the *Federal Register* the AD order on kegs from China.¹ On December 1, 2022, Commerce published a notice of opportunity to request an administrative review of the *Order*, covering the POR, pursuant to section

¹ See *Refillable Stainless Steel Kegs from the Federal Republic of Germany and the People’s Republic of China: Antidumping Duty Orders*, 84 FR 68405 (December 16, 2019) (*Order*).

751(a)(1) of the Tariff Act of 1930, as amended (the Act).² On February 2, 2023, based on timely requests for review, Commerce initiated an administrative review of the *Order* covering the POR.³ On March 6, 2023, Guangzhou Ulix Industrial & Trading Co., Ltd., (Ulix) and Guangzhou Jingye Machinery Co., Ltd., (Jingye) each timely filed a no-shipment certification (NSC) and a separate rate certification.⁴ This administrative review covers 41 companies.⁵

Scope of the Order

The merchandise covered by this *Order* are kegs, vessels, or containers with bodies that are approximately cylindrical in shape, made from stainless steel (*i.e.*, steel containing at least 10.5 percent chromium by weight and less than 1.2 percent carbon by weight, with or without other elements), and that are compatible with a “D Sankey” extractor (refillable stainless steel kegs) with a nominal liquid volume capacity of 10 liters or more, regardless of the type of finish, gauge, thickness, or grade of stainless steel, and whether or not covered by or encased in other materials. The merchandise covered by the orders are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7310.10.0010, 7310.10.0050, 7310.29.0025, and 7310.29.0050. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of the orders is dispositive. A full description of the scope of the *Order* is provided in the Preliminary Decision Memorandum.⁶

Preliminary Results and Referral to U.S. Customs and Border Protection

Based on record information, Commerce preliminarily determine that all 41 companies subject to this administrative review are a part of the

China-wide entity.⁷ Regarding Jingye and Ulix’s NSCs, we preliminarily determine these responses to be unreliable and that use of facts otherwise available with an adverse inference is warranted, pursuant to sections 776(a)–(b) of the Act, to determine that Jingye and Ulix have not substantiated their NSCs. Moreover, for reasons discussed in the Preliminary Decision Memorandum, Commerce is preliminarily treating Jingye and Ulix as part of the China-wide entity and Commerce is referring its preliminary findings to U.S. Customs and Border Protection (CBP) to investigate evasion of the *Order*.

China-Wide Entity

Under Commerce’s policy regarding the conditional review of the China-wide entity,⁸ the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not under review, and the entity’s rate (*i.e.*, 77.13 percent) is not subject to change.⁹ Commerce considers the 41 companies for which a review was requested (which did not file a separate rate application or did not demonstrate separate rate eligibility) listed in Appendix II to this notice, to be part of the China-wide entity.¹⁰

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice.
