

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

The Agency received no comments in response to the 60-day notice published

in the **Federal Register** of September 19, 2023 (85 FR 64402).

Farm Service Agency—0560–0286

Current Actions: Extension of currently approved collection.

Type of Review: Extension.

Affected Public: Individuals and households; businesses; organizations; and State and local government.

Average Expected Annual Number of Activities: 8.

Respondents: 210,500.

Annual Responses: 210,500.

Frequency of Response: Once per request.

Average Minutes per Response: 30.

Burden Hours: 37,333.

Ruth Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 10, 2024 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information

unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Institute of Food and Agriculture

Title: Children, Youth, and Families at Risk (CYFAR) Year End Report.

OMB Control Number: 0524–0043.

Summary of Collection: The National Institute of Food and Agriculture (NIFA) administers grants that support the Children, Youth, and Families at Risk (CYFAR) Sustainable Communities Project (SCP). Funding for this program is authorized under section 3(d) of the Smith-Lever Act (7 U.S.C. 341 *et seq.*), CYFAR funding supports community-based programs (also known as “extension programs”) which serve children, youth, and families in at-risk environments. CYFAR funds are intended to support the development of high quality, effective programs based on research.

The purpose of CYFAR SCP funding is to improve the quality and quantity of comprehensive community-based programs for at-risk children, youth, and families supported by the Cooperative Extension System. Collaboration across disciplines, program areas, and geographic lines, as well as a holistic approach that views the individual in the context of the family and community, are central to Sustainable Community Projects. CYFAR grants are awarded only to 1862, 1890, and 1994 Land Grant institutions through a competitive application process. Awards are made annually, for five year terms. There are up to 50 grantees at any given time.

Need and Use of the Information: The purpose of the CYFAR Year End Report is to collect the demographic and impact data from each community site in order to evaluate the impact of the programs on intended audiences. CYFAR grants represent a Federal financial investment and the data collected allows NIFA to gauge the benefits achieved from these investments. The CYFAR Year End Report tells the story of each of the CYFAR SCP grantees and is part of the information used to determine whether grantees have performed adequately in the past year to receive a continuation of funding. Without the information NIFA would not be able to verify if CYFAR programs are reaching at risk,

low-income audiences specified in the authorizing legislation.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 50.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 1,320.

DEPARTMENT OF AGRICULTURE

Forest Service

Proposed New Recreation Fee Sites

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice.

SUMMARY: The Tahoe National Forest is proposing to establish a new recreation fee site and a new annual recreation pass. Recreation fee revenues collected at the new recreation fee site would be used for operation, maintenance, and improvement of the new site. Recreation fee revenues collected from the new annual pass would be used for operation, maintenance, and improvement of the standard amenity recreation fee sites listed in the **SUPPLEMENTARY INFORMATION** section of this notice. An analysis of nearby recreation fee sites with similar amenities shows the recreation fees that would be charged at the new recreation fee site and the fees collected from the annual pass are reasonable and typical of similar recreation fee sites in the area.

DATES: If approved, the new recreation fee and new annual recreation pass would be implemented no earlier than six months following the publication of this notice in the **Federal Register**.

ADDRESSES: Tahoe National Forest, 631 Coyote Street, Nevada City, CA 95959.

FOR FURTHER INFORMATION CONTACT: Mary Sullivan, Forest Recreation Program Manager, 530–478–6298 or mary.sullivan2@usda.gov.

SUPPLEMENTARY INFORMATION: The Federal Lands Recreation Enhancement Act (16 U.S.C. 6803(b)) requires the Forest Service to publish a six-month advance notice in the **Federal Register** of establishment of new recreation fee sites. In accordance with Forest Service Handbook 2309.13, chapter 30, the Forest Service will publish the proposed new recreation fee site, as well as the proposed new annual recreation pass, in local newspapers and other local

publications for public comment. Most of the new recreation fee revenues would be spent where they are collected to enhance the visitor experience at the new recreation fee site and existing recreation fee sites that will honor the new annual recreation pass.

A new expanded amenity recreation fee of \$75 per night would be charged for rental of Grouse Ridge and Sardine Peak Lookouts. A new Tahoe National Forest annual pass of \$40 per vehicle per year would be honored for the existing standard amenity recreation fees charged at the French Meadows, McGuire, and Sugar Pine boating sites and at the Manzanita Picnic Area. The America the Beautiful—the National Parks and Federal Recreational Lands Pass would continue to be honored at these standard amenity recreation fee sites.

Expenditures from recreation fee revenues collected at the new recreation fee site as well as from the annual recreation pass would enhance recreation opportunities, improve customer service, and address maintenance needs. Once public involvement is complete, the new recreation fee and new annual recreation pass will be reviewed by a Resource Advisory Committee prior to a final decision and implementation. Reservations for Grouse Ridge and Sardine Peak Lookouts could be made online at www.recreation.gov or by calling 877–444–6777. Reservations would cost \$8.00 per reservation.

Dated: December 5, 2023.

Jacqueline Emanuel,

Associate Deputy Chief, National Forest System.

—Join by Phone (Audio Only) 1–833–435–1820 USA Toll Free: Meeting ID: 160 502 8868

FOR FURTHER INFORMATION CONTACT: Ana Fortes, Designated Federal Officer, at afortes@usccr.gov or (202) 681–0857.

SUPPLEMENTARY INFORMATION: This committee meeting is available to the public through the registration link above. Any interested member of the public may listen to the meeting. An open comment period will be provided to allow members of the public to make a statement as time allows. Per the Federal Advisory Committee Act, public minutes of the meeting will include a list of persons who are present at the meeting. If joining via phone, callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Closed captioning will be available for individuals who are deaf, hard of hearing, or who have certain cognitive or learning impairments. To request additional accommodations, please email Corrine Sanders, Support Specialist, at csanders@usccr.gov at least 10 business days prior to the meeting.

Members of the public are entitled to submit written comments; the comments must be received in the regional office within 30 days following the meeting. Written comments may be emailed to Ana Fortes at afortes@usccr.gov. Persons who desire additional information may contact the Regional Programs Coordination Unit at (312) 353–8311.
