#### Antidumping Duty Order on Hydrofluorocarbon Blends From the People's Republic of China: Preliminary Affirmative Determination of Circumvention With Respect to R-410A and R-407C From Malaysia

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that imports of R-410A and R-407C, completed in Malaysia using the People's Republic of China (China)-origin components, and exported from Malaysia, as specified below, are circumventing the antidumping duty (AD) order on hydrofluorocarbon blends (HFC blends) from China.

**DATES:** Applicable December 11, 2023.

**FOR FURTHER INFORMATION CONTACT:** Jerry Xiao, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2273.

#### SUPPLEMENTARY INFORMATION:

##### Background

On August 19, 2016, Commerce published in the **Federal Register** the AD order on HFC blends from China.<sup>1</sup> On July 7, 2023, Commerce initiated a country-wide circumvention inquiry to determine whether imports of R-410A and R-407C, completed in Malaysia using HFC components, R-32 (difluoromethane), R-125 (pentafluoroethane), and R-134a (1,1,1,2 tetrafluoroethane) (collectively, China-origin components) manufactured in China, are circumventing the *Order* and, accordingly, should be covered by the scope of the *Order*.<sup>2</sup> The sole respondent in this circumvention inquiry is Juara Teguh Resources PLT (Juara)<sup>3</sup> For a complete description of the events that followed the initiation of this circumvention inquiry, see the Preliminary Decision Memorandum.<sup>4</sup>

##### Scope of the Order

The merchandise covered by the *Order* is certain HFC blends. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.<sup>5</sup>

##### Merchandise Subject to the Circumvention Inquiries

This circumvention inquiry covers R-410A and R-407C, completed in Malaysia using China-origin HFC components and subsequently exported from Malaysia to the United States.

##### Methodology

Commerce is conducting this circumvention inquiry in accordance with section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.226. For a complete description of the methodology underlying this circumvention inquiry, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is

included in the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

##### Preliminary Circumvention Determination

As detailed in the Preliminary Decision Memorandum, and based on the "Use of Adverse Facts Available (AFA)" section, Commerce preliminarily determines that R-410A and R-407C completed in Malaysia using HFC components from China, that are subsequently exported from Malaysia to the United States, are circumventing the *Order* on a country-wide basis. As a result, in accordance with section 781(b) of the Act, we preliminarily determine that the inquiry merchandise should be included within the scope of the *Order*. See the "Suspension of Liquidation and Cash Deposit Requirements" section below for details regarding suspension of liquidation and cash deposit requirements. See the "Certified Entries" section below for details regarding Commerce's preliminary decision concerning certifications for inquiry merchandise exported from Malaysia.

##### Use of AFA

Pursuant to section 776(a) of the Act, if the necessary information is not available on the record, or an interested party withholds requested information, fails to provide requested information by the deadline or in the form and manner requested, or significantly impedes a proceeding, Commerce shall use the facts otherwise available in reaching the applicable determination. Moreover, pursuant to section 776(b) of the Act, Commerce may use inferences adverse to the interests of an interested party in selecting from among the facts otherwise available if the party fails to cooperate by not acting to the best of its ability to provide requested information.

We requested information from Juara. In the Initial Questionnaire, Commerce explained that, if the company to which Commerce issued the questionnaire fails to respond to the questionnaire, or fails to provide the requested information, Commerce may find that the company failed to cooperate by not acting to the best of its ability to comply with the

request for information, and may use an inference that is adverse to the company's interests in selecting from the facts otherwise available.<sup>6</sup> Juara received, but failed to respond to, Commerce's questionnaire.<sup>7</sup>

Therefore, we preliminarily find that Juara failed to provide requested information by the deadline or in the form and manner requested, and significantly impeded this inquiry. Moreover, we find that Juara failed to cooperate to the best of its ability to provide the requested information because it did not provide a response to Commerce's initial questionnaire. Consequently, we used adverse inferences with respect to Juara in selecting from among the facts otherwise available on the record, pursuant to sections 776(a) and (b) of the Act. For details regarding the AFA used in this preliminary determination, see the Preliminary Decision Memorandum.

As detailed in the Preliminary Decision Memorandum, based on AFA, we preliminarily determine that Juara exported inquiry merchandise and that U.S. entries of that merchandise are circumventing the *Order*.

### Suspension of Liquidation and Cash Deposit Requirements

Based on the preliminary affirmative country-wide determination of circumvention for Malaysia in accordance with 19 CFR 351.226(l)(2), we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation and require a cash deposit of estimated duties on unliquidated entries of R-410A and R0407C, completed in Malaysia using China-origin components, that were entered, or withdrawn from warehouse, for consumption on or after July 7, 2023, the date of publication of the initiation of this circumvention inquiry in the **Federal Register**.<sup>8</sup> CBP shall require cash deposits in accordance with the rate established for the China-wide entity, *i.e.*, 216.37 percent,<sup>9</sup> for entries of such merchandise produced in Malaysia.

Commerce has established the following third-country case number for Malaysia in the Automated Commercial Environment (ACE) for such entries: A-557-300-000. For Juara, Commerce will direct CBP, for all entries of R-410A or R-407C from Malaysia produced or exported by Juara, to suspend

liquidation and require a cash deposit at the rate established for the China-wide entity, *i.e.*, 216.37 percent, under this third country case number.

R-410A and R-407C produced in Malaysia that is not from China-origin HFC blends is not subject to this inquiry. Therefore, cash deposits are not required for such merchandise under the *Order*. These suspension of liquidation instructions will remain in effect until further notice.

### Certified Entries

At this time, Commerce has not included a certification requirement. We invite interested parties to comment on this matter.

### Public Comment

Interested parties may submit case briefs to Commerce no later than 14 days after the date of publication of this notice.<sup>10</sup> Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.<sup>11</sup> Interested parties who submit case briefs or rebuttal briefs in these proceedings must submit: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.<sup>12</sup>

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In these circumvention inquiries, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.<sup>13</sup> Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this circumvention inquiry. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its

If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date of the hearing.

### U.S. International Trade Commission Notification

Consistent with section 781(e) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of this preliminary determination to include the merchandise subject to this circumvention inquiry within the *Order*. Pursuant to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the inquiry merchandise. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days from the date of notification by Commerce to provide written advice.

### Notification to Interested Parties

Commerce is issuing and publishing this determination in accordance with section 781(b) of the Act and 19 CFR 351.226(g)(1).

**Certain Steel Nails From the Sultanate of Oman: Final Results of Antidumping Duty Administrative Review; 2021–2022**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines Oman Fasteners, LLC (Oman Fasteners), the sole producer and exporter subject to this administrative review, made sales of certain steel nails (steel nails) from the Sultanate of Oman (Oman) in the United States at prices below normal value (NV) during the period of review (POR), July 1, 2021, through June 30, 2022.

**DATES:** Applicable December 11, 2023.

**FOR FURTHER INFORMATION CONTACT:** Dakota Potts, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0223.

**SUPPLEMENTARY INFORMATION:**

**Background**

On August 7, 2023, Commerce published the *Preliminary Results* of this administrative review and we invited interested parties to comment.<sup>1</sup> A summary of the events that occurred since Commerce published the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, are discussed in the Issues and Decision Memorandum.<sup>2</sup>

**Scope of the Order**<sup>3</sup>

The product covered by this *Order* is steel nails from Oman. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

**Analysis of Comments Received**

All issues raised in the parties’ case and rebuttal briefs are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on-file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

**Changes Since the Preliminary Results**

Based on comments received from interested parties regarding our

*Preliminary Results* and our review of the record, we made changes to the preliminary weighted-average dumping margin calculations for Oman Fasteners, as detailed in the Issues and Decision Memorandum.<sup>4</sup>

**Rate for Non-Examined Companies**

The Tariff Act of 1930, as amended (the Act), and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, when calculating margins for non-selected respondents, Commerce looks to section 735(c)(5) of the Act for guidance, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for companies which we did not examine in an administrative review. When the rates for individually examined companies are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use “any reasonable method” to establish the all-others rate. We calculated a dumping margin of 0.00 percent for the sole mandatory respondent, Oman Fasteners, LLC. Therefore, we assigned the companies not selected for examination a margin of 0.00 percent, the sole margin calculated in this proceeding.<sup>5</sup>

**Final Results of Review**

As a result of this review, we determine the following estimated weighted-average dumping margins exist for the POR:
