BILLING CODE 9111-23-P

DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: ReadySetCyber Initiative Questionnaire

AGENCY: Cybersecurity and Infrastructure Security Agency (CISA), Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments; request for a new OMB control number, 1670-NEW.

SUMMARY: The Cyber Security Division's Vulnerability Management Sub-Division within Cybersecurity and Infrastructure Security Agency (CISA) will submit the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance. CISA previously published this information collection request in the **Federal Register** on August 10, 2023 for a 60-day public comment period. 0 comments were received by CISA. The purpose of this notice is to allow additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until January 11, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this

notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

FOR FURTHER INFORMATION CONTACT:

Mark Robinson, 202-740-6114, mark.robinson@hq.dhs.gov.

SUPPLEMENTARY INFORMATION: Consistent with CISA's authorities to "carry out comprehensive assessments of the vulnerabilities of the key resources and critical infrastructure of the United States" at 6 U.S.C. 652(e)(1)(B) and provide Federal and non-Federal entities with "operational and timely technical assistance" at 6 U.S.C. 659(c)(6) and "recommendation on security and resilience measures" at 6 U.S.C. 659(c)(7), CSD VM's ReadySetCyber initiative will collect information in order to provide tailored technical assistance, services and resources to critical infrastructure organizations from all 16 critical infrastructure sectors based on the maturity of their respective cybersecurity programs.

CISA seeks to collect this information from US critical infrastructure organizations on a strictly voluntary and fully electronic basis so that each organization can be best supported in meeting the CISA Cybersecurity Performance Goals. The CISA Cybersecurity Performance Goals are a set of 38 voluntary controls which aim to reduce the risk of cybersecurity threats to critical infrastructure.

CISA offers a number of services and resources to aid critical infrastructure

organizations in adopting the Cybersecurity Performance Goals and seeks to make discovery of the appropriate services and resources as easy as possible, especially for organizations that many have cybersecurity programs at low levels of capability. For example, an organization that is unsure of its ability to enumerate all its assets with Internet Protocol addresses can leverage CISA's highly scalable vulnerability scanning service to discover additional assets within its network range that may have been previously unknown. Organizations with more mature cybersecurity programs who wish to evaluate their network segmentation controls will be better positioned to take advantage of CISA's more resource-intensive architecture assessments.

To measure adoption of the Cybersecurity Performance Goals and assist organizations in finding the best possible services and resources for their cybersecurity programs, CISA is seeking to establish a voluntary information collection that uses respondents' answers to tailor a package of services and resources most applicable for their level of program maturity.

Without collecting this information, CSD VM will be unable to tailor an appropriate suite of services, recommendations, and resources to assist that organization in protecting itself against cybersecurity threats, thereby creating burdens of inefficiency for service requesters and CSD VM alike. In addition, this information is critical to CSD VM's ability to measure the adoption of CISA's Cybersecurity Performance Goals by critical infrastructure organizations and assess the maturity of critical infrastructure organizations' cybersecurity programs.

The information to be collected includes: Identity and access management, device configuration and security, data security, governance and training, vulnerability management, supply chain risk management, and incident response.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Public Meetings for the John Day–Snake Resource Advisory Council, Oregon

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meetings.

SUMMARY: In accordance with the Federal Land Policy and Management Act of 1976 and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management's (BLM's) John Day–Snake Resource Advisory Council (RAC) will meet as follows.

DATES: The John Day–Snake RAC Planning Subcommittee will meet from 6 p.m. to 8 p.m. Pacific time (PT) on Wednesday, January 31, 2024, via the Zoom for Government platform. The full John Day–Snake RAC will meet Wednesday and Thursday, February 28–29, 2024, at the Hotel Condon in Condon, Oregon. The February 28 meeting will be from 9 a.m. to 4:30 p.m. PT and the February 29 meeting will be from 9 a.m. to noon PT in person in Condon, Oregon, with a virtual participation option available.

Thirty-minute public comment periods will be offered at 7:15 p.m. PT on Wednesday, January 31; at 4 p.m. PT on Thursday, February 28; and at 11:30 a.m. PT on Friday, February 29.

ADDRESSES: Final agendas for each meeting and contact information regarding Zoom participation details will be published on the RAC's web page at least 10 days in advance at <https://www.blm.gov/get-involved/resource-advisory-council/near-you/oregon-washington/john-day-rac>.

Comments to the RAC can be mailed to: BLM Vale District; Attn. Shane DeForest, 100 Oregon St., Vale, OR 97918 or emailed to sdefores@blm.gov.

FOR FURTHER INFORMATION CONTACT:

Larisa Bogardus, Public Affairs Specialist, 3100 H. St., Baker City, OR 97814; telephone: 541-523-1407; email: lbogardus@blm.gov. Individuals in the United States who are deaf, blind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their countries to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The 15-member John Day–Snake RAC was

chartered and appointed by the Secretary of the Interior. Diverse perspectives in the RAC are represented by commodity, conservation, and local interests. The RAC provides advice to BLM and U.S. Forest Service resource managers regarding management plans and proposed resource actions on public lands in the John Day–Snake area. All meetings are open to the public in their entirety. Information to be distributed to the RAC must be provided to its members prior to the start of each meeting.

The January 31 Subcommittee meeting will focus on compiling information and drafting recommendations for consideration and presentation to the full RAC regarding a proposed business plan and fee proposal for the BLM's Prineville District Barr North Campground. Agenda items for the February meeting will include recommendations on the Barr North Campground business plan and related recreation fees. Standing agenda items include management of energy and minerals, timber, rangeland and grazing, commercial and dispersed recreation, wildland fire and fuels, and wild horses and burro management by the Vale or Prineville BLM Districts and the Wallowa-Whitman, Umatilla, Malheur, Ochoco, and Deschutes National Forests; and any other business that may reasonably come before the RAC. The Designated Federal Officer will attend the meeting, take minutes, and publish the minutes on the RAC web page at <https://www.blm.gov/get-involved/resource-advisory-council/near-you/oregon-washington/john-day-rac>.

The public may send written comments to the subcommittee and RAC in response to material presented (see **ADDRESSES**).

Please make requests in advance for sign language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven (7) business days prior to the meeting to allow for sufficient time to process the request. All reasonable accommodation requests are managed on a case-by-case basis.

Before including your address, phone number, email address, or other personal identifying information in your comments, please be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we
